

MCF-7 Small Spheroids, Area Difference

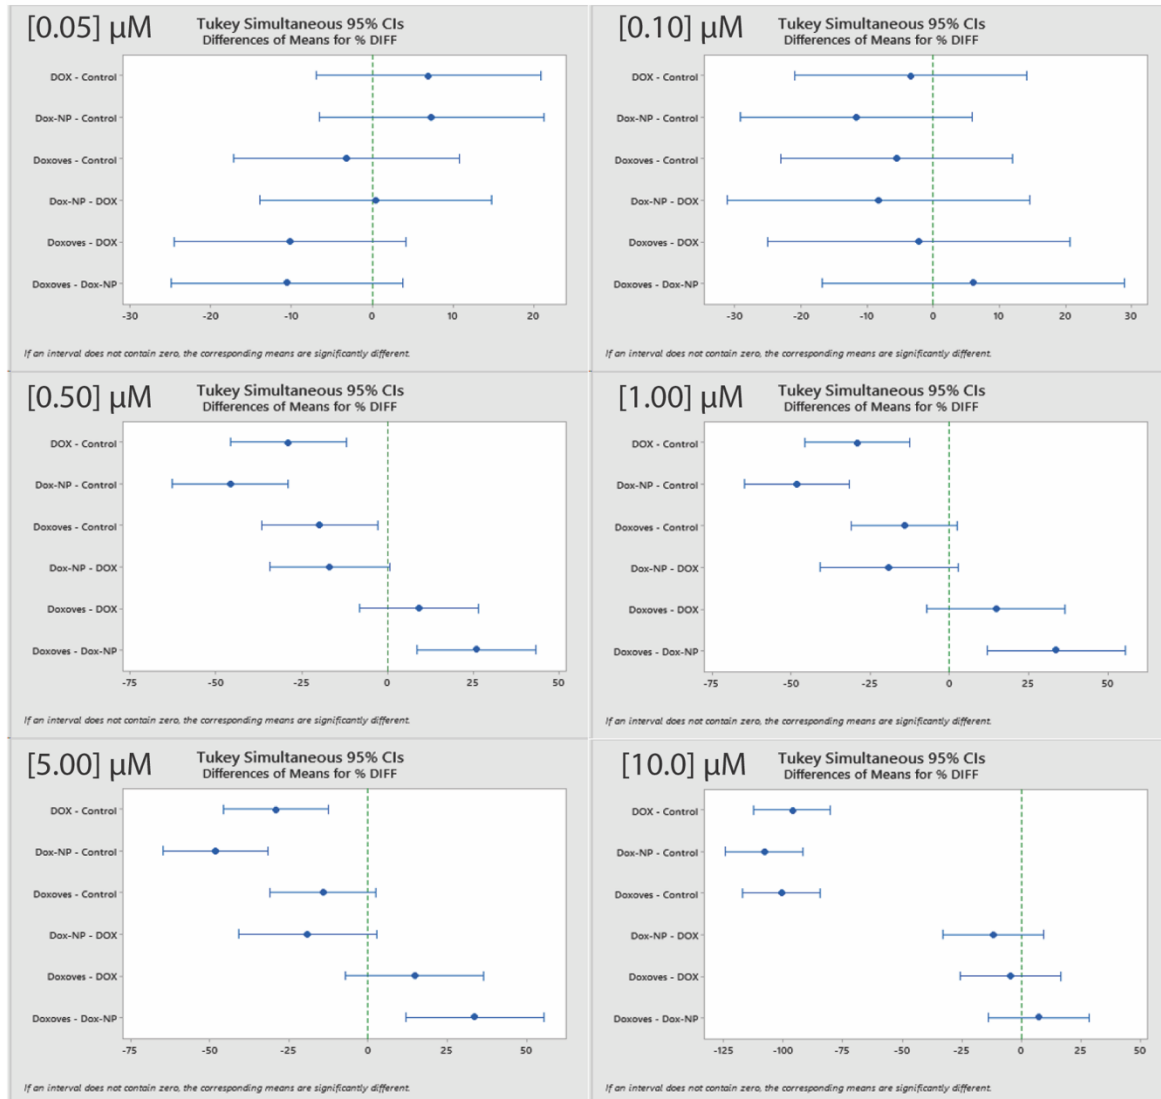

Figure S1. Tukey statistical analysis of change in area of MCF-7 small spheroids at varied treatment concentrations.

MCF-7 Small Spheroids, Cell Viability

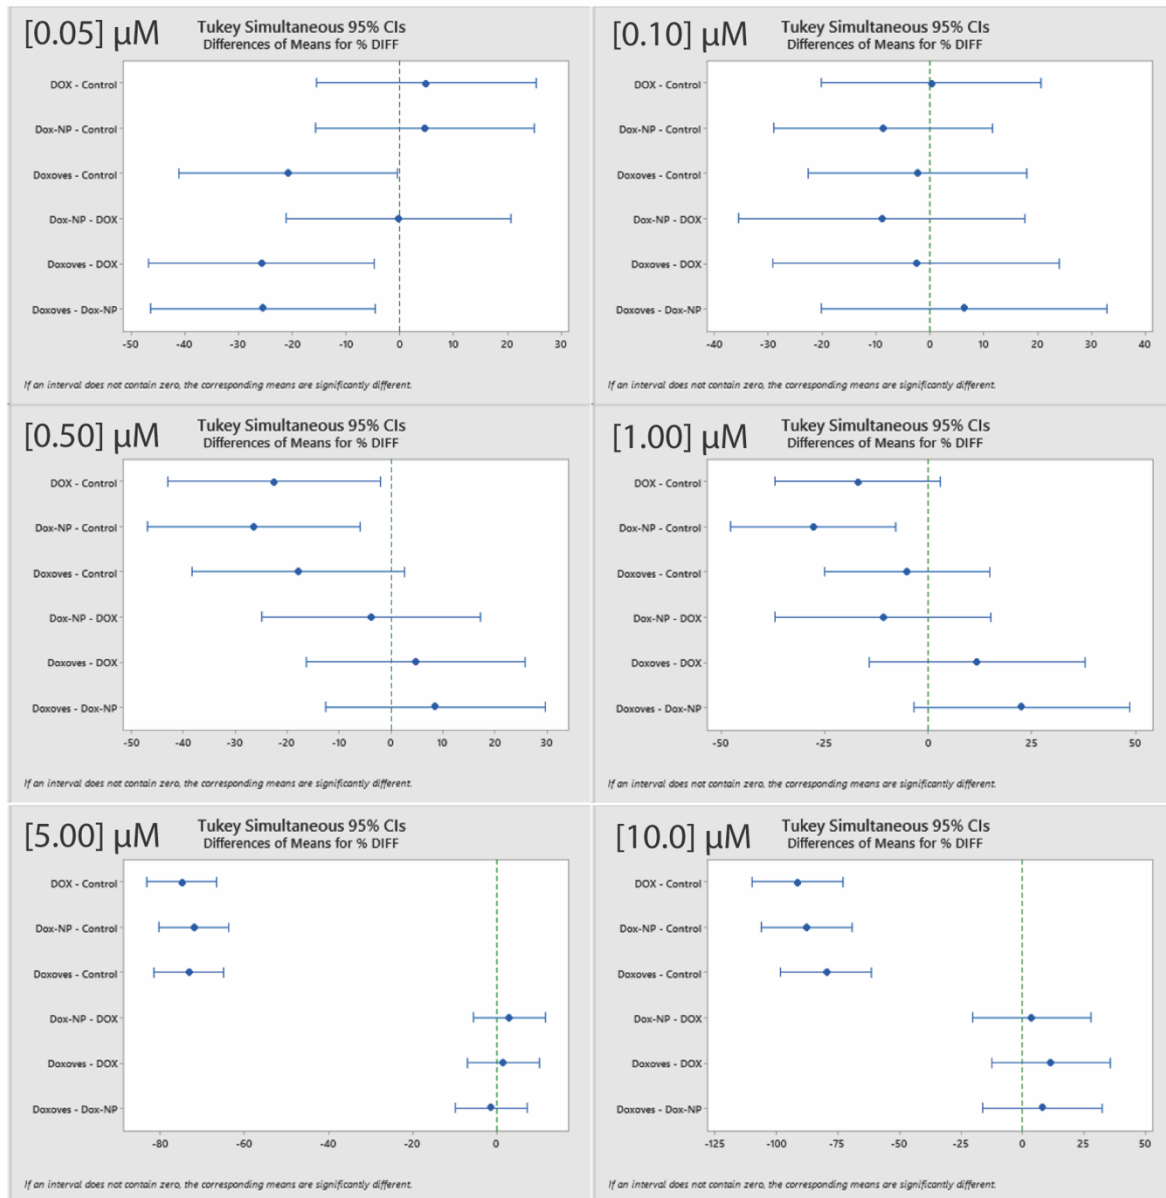

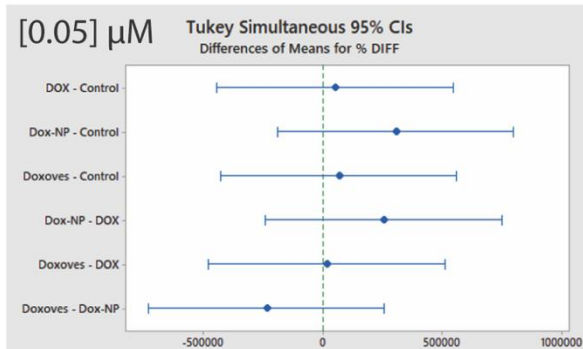

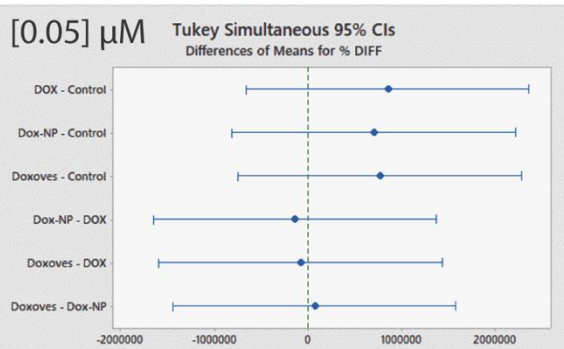

Figure S2. Tukey statistical analysis of cell viability of MCF-7 small spheroids at varied treatment concentrations.

MCF-7 Ultra-large Spheroids Cell Viability

If an interval does not contain zero, the corresponding means are significantly different.

MDA-MB-231 Ultra-large Spheroids Cell Viability

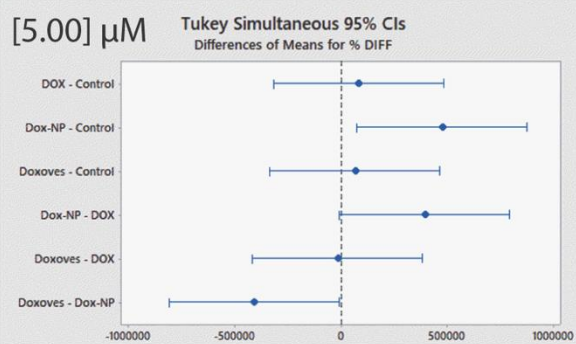

If an interval does not contain zero, the corresponding means are significantly different.

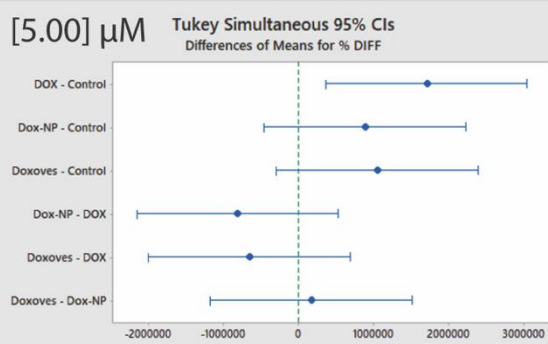

If an interval does not contain zero, the corresponding means are significantly different.

If an interval does not contain zero, the corresponding means are significantly different.

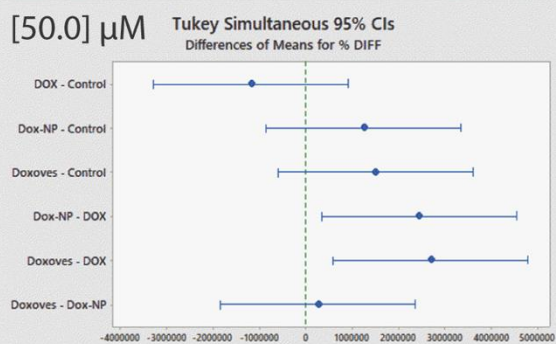

If an interval does not contain zero, the corresponding means are significantly different.

If an interval does not contain zero, the corresponding means are significantly different.

If an interval does not contain zero, the corresponding means are significantly different.

If an interval does not contain zero, the corresponding means are significantly different.

Figure S3. Tukey statistical analysis of cell viability of MCF-7 and MDA-MB-231 ultra-large spheroids.
