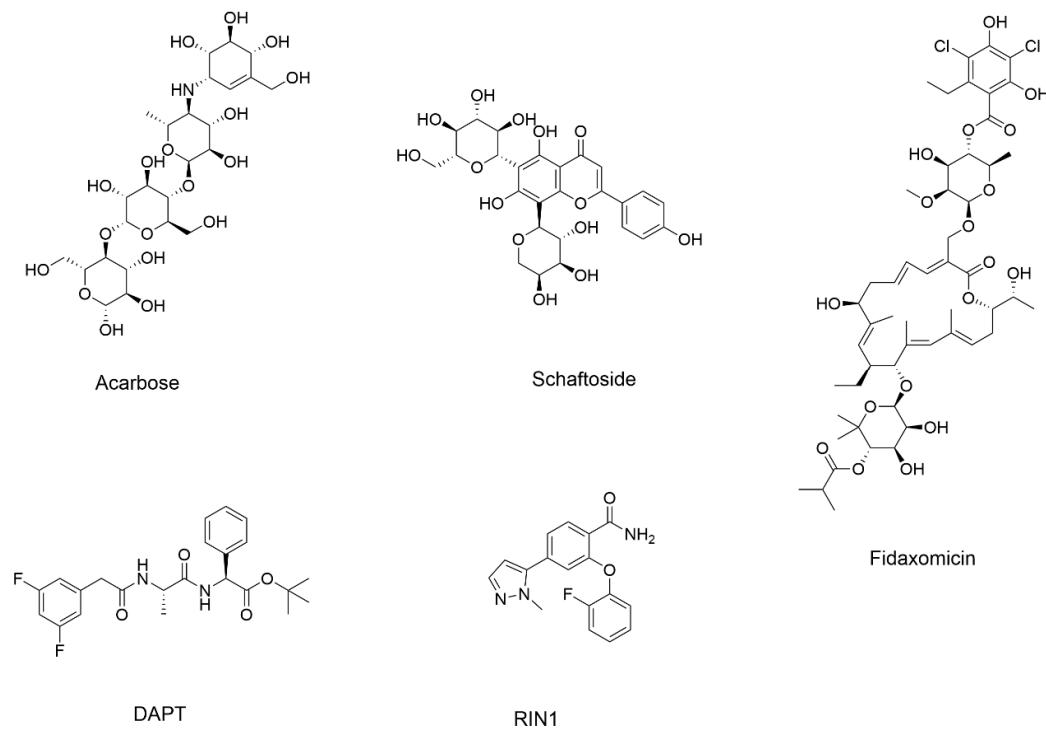

Figure S1. The chemical structures of compounds used in this study.

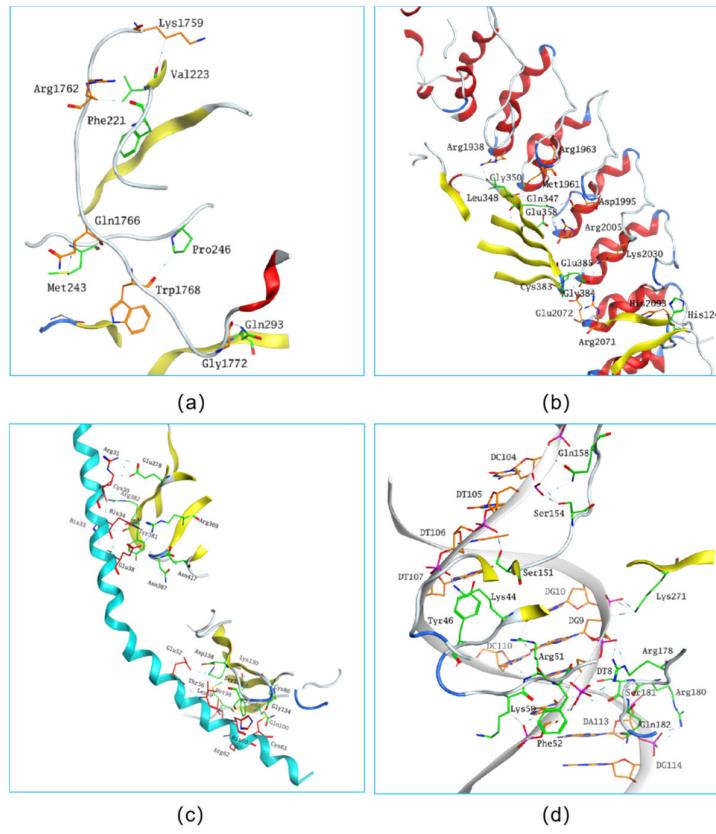

Figure S2. Schematic diagram of the interaction between Notch, MAML, DNA and RBPJ. (a)

shows the schematic diagram of the interaction between RAM domain and RBPJ in Notch

receptor. (b) shows the schematic diagram of the interaction between the ANK domain and RBPJ

in the Notch receptor. (c) shows the schematic diagram of the interaction between DNA and RBPJ.

(d) represents the schematic diagram of the interaction between MAML and RBPJ.
