

Supplementary Information

Genome-Wide Identification and Expression Analysis of
Calmodulin-like Gene Family in *Paspalum vaginatum* Revealed their Role
in Response to Salt and Cold Stress

Meizhen Yang *et al.*

Contents:

Supplementary Figures (Figure S1 – S4)

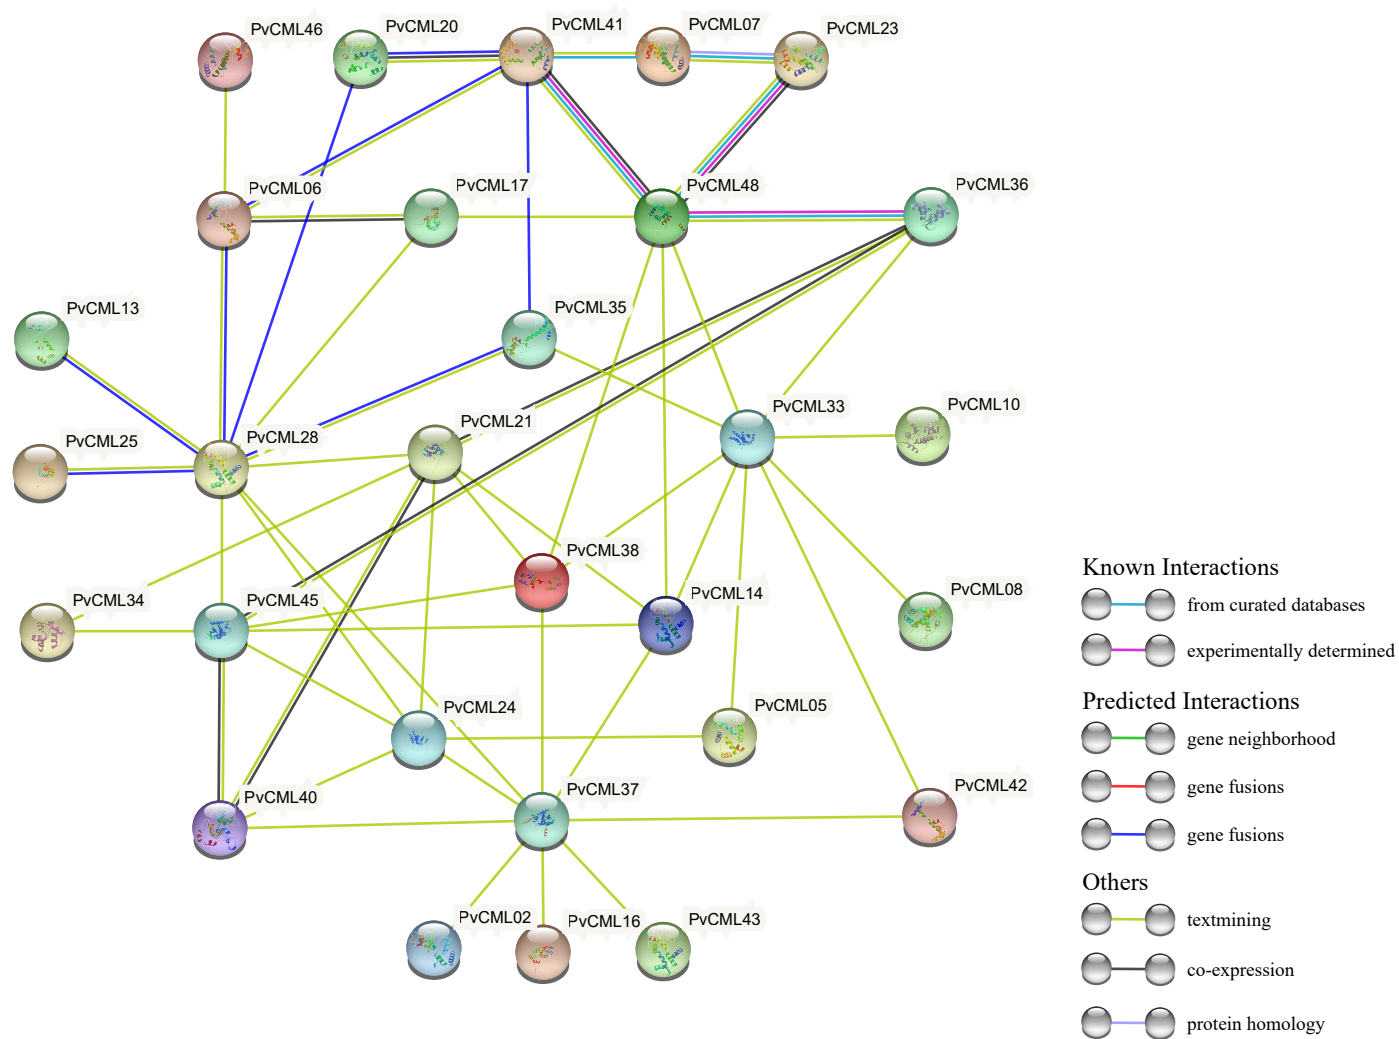

Figure S1. Predicted protein-protein interaction network (PPI) of PvCMLs

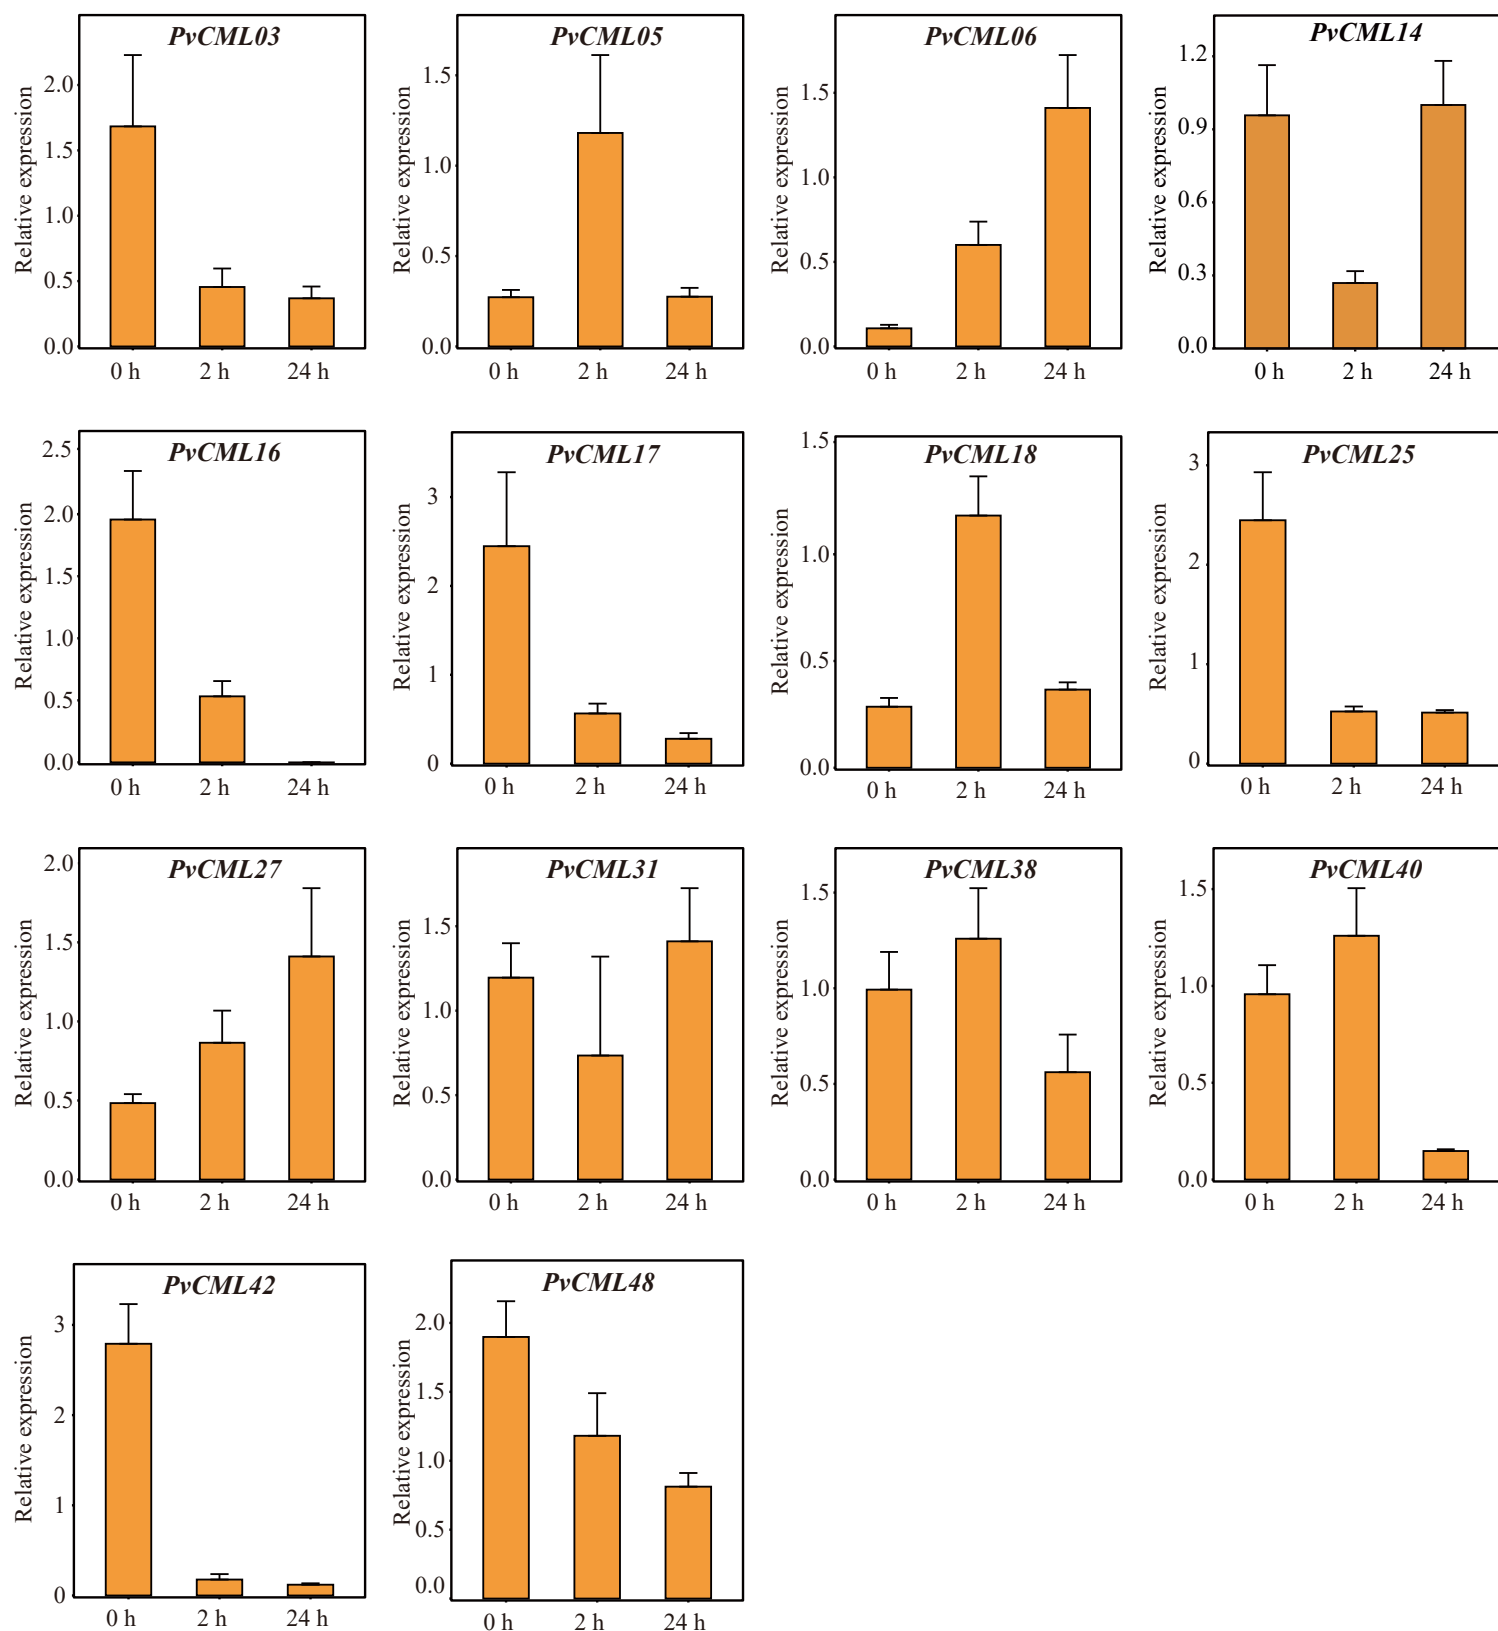

Figure S2. qRT-PCR results of 14 PvCMLs under salt stress

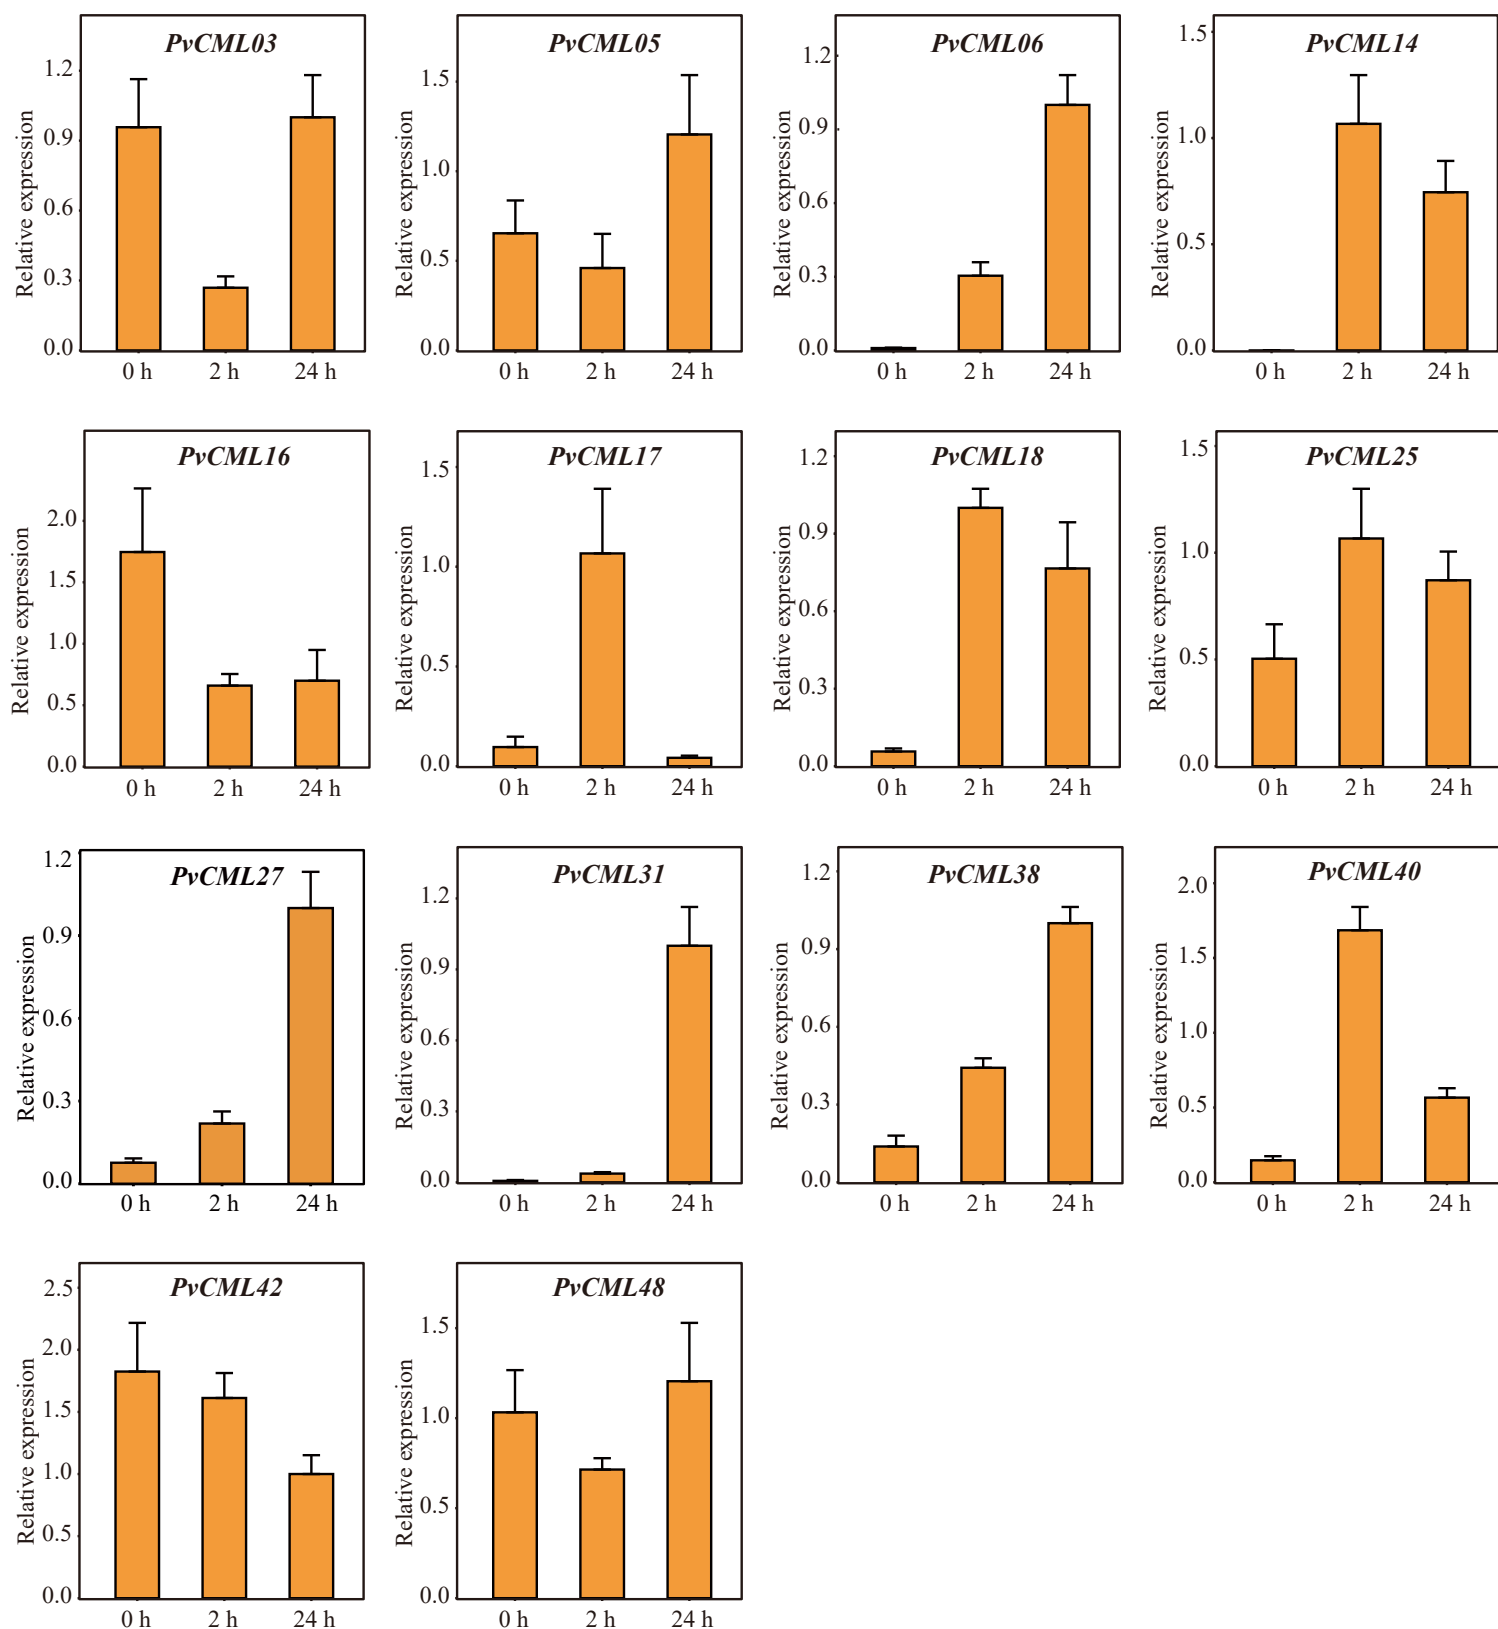

Figure S3. qRT-PCR results of 14 PvCMLs under cold stress

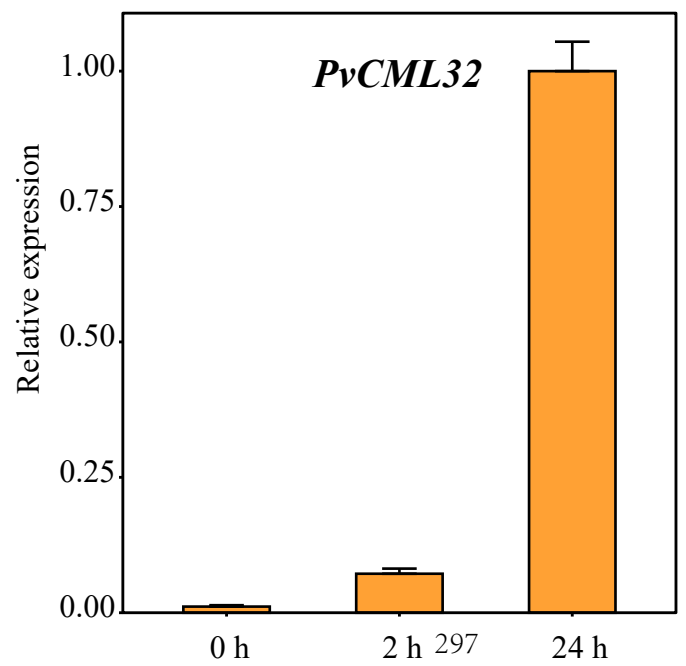

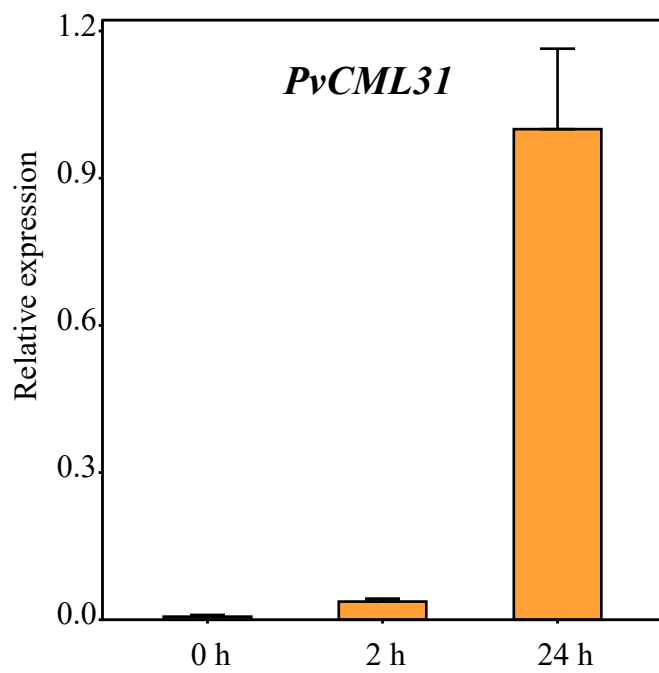

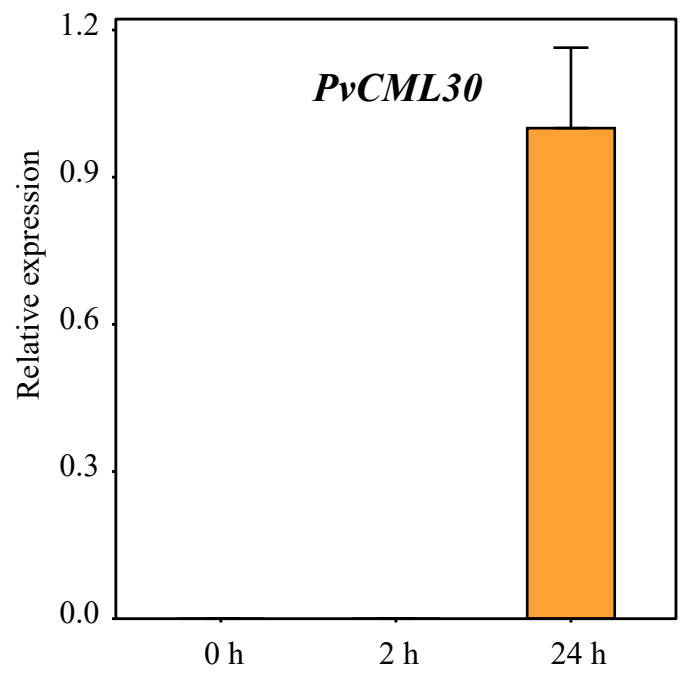

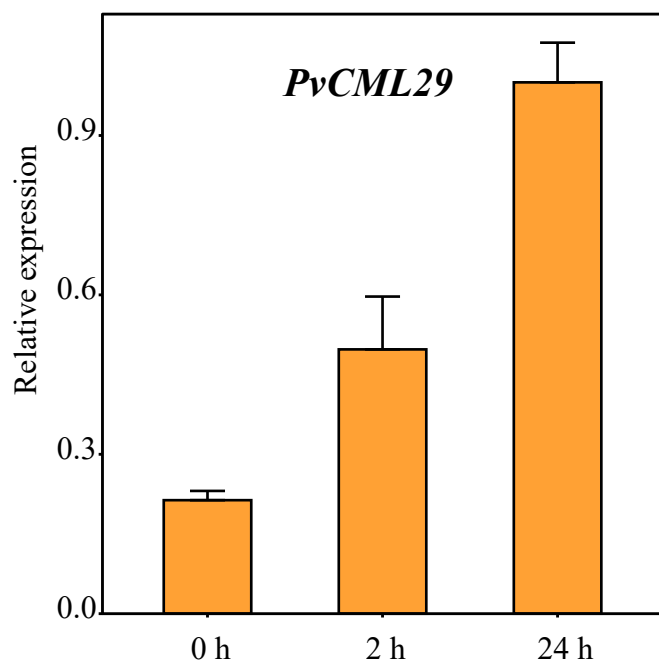

Figure S4. RT-qPCR results of *PvCML29-32* under cold stress
