

Supplementary Table S2. Crude Odds Ratio and 95% Confidence Interval of Univariate Logistic Regressions

Variable	Knowledge 1: Have you heard of the term ‘clinical trial’?	Knowledge 3. Does taking part in a clinical trial mean you might not receive the treatment being tested?	Knowledge 4. In a clinical trial, the sponsor pays for the new drug being tested while all other costs are billed to your insurance company	Attitude 13. Do you think you would receive good quality treatment from a clinical trial offered in Guam?	Attitude 14. Do you think that people who take part in cancer clinical trials are treated like 'guinea pigs'?	Attitude 17. Do you think you would have to pay more out-of-pocket expenses if you took part in a clinical trial in Guam?	Attitude 20. If you had cancer, would the doctor’s ethnicity be important in you decision to take part in a cancer clinical trial?	Attitude 22. If your doctor gave you advice that goes against your cultural beliefs, would you listen to them?	Attitude 25. How important is the support of your religious community if you decided to take part in a cancer clinical trial?	Attitude 26. If you had cancer, would you seek traditional healing practices?	Attitude 27. Have you ever gone to a <i>suruhano</i> for health care?	Attitude 29. If you had cancer, would you seek treatment by a <i>suruhano</i> ?
