We are pleased to announce the *Energies* Best Papers awards for 2015. *Energies* is an open access journal of energy-related scientific research, technology development, and policy and management studies. It publishes reviews, regular research articles, and communications in a number of fields related to the procurement, conversion and final uses of energy.

Papers published in 2011 listed as “review” or “article” were eligible for this year’s award. There are three awards for articles and two for reviews. The corresponding author of the top two review papers each receive a free publication in *Energies*. Awards of 600, 400, and 200 CHF will be distributed to the corresponding authors of the top three papers in the article category. The first prize also includes a free publication in *Energies*.

The prize committee comprised the Editor-in-Chief along with several Editorial Board members of *Energies*—see below for full details.

We would like to thank all the winners of the journal for their significant and excellent contributions to *Energies*, congratulations! We also wish to acknowledge the efforts of the reviewers and the voting committee.
