

Supplementary material 2: Results graphs for selected blue-green and grey infrastructure combinations

Figure S1: NCPT scores for AP1- Gradual implementation of Bioretention cells

Figure S2: NCPT scores for AP2- Pond + Gradual implementation of Bioretention cells

Figure S3: NCPT scores for AP3- Pipe system + Gradual implementation of Bioretention cells

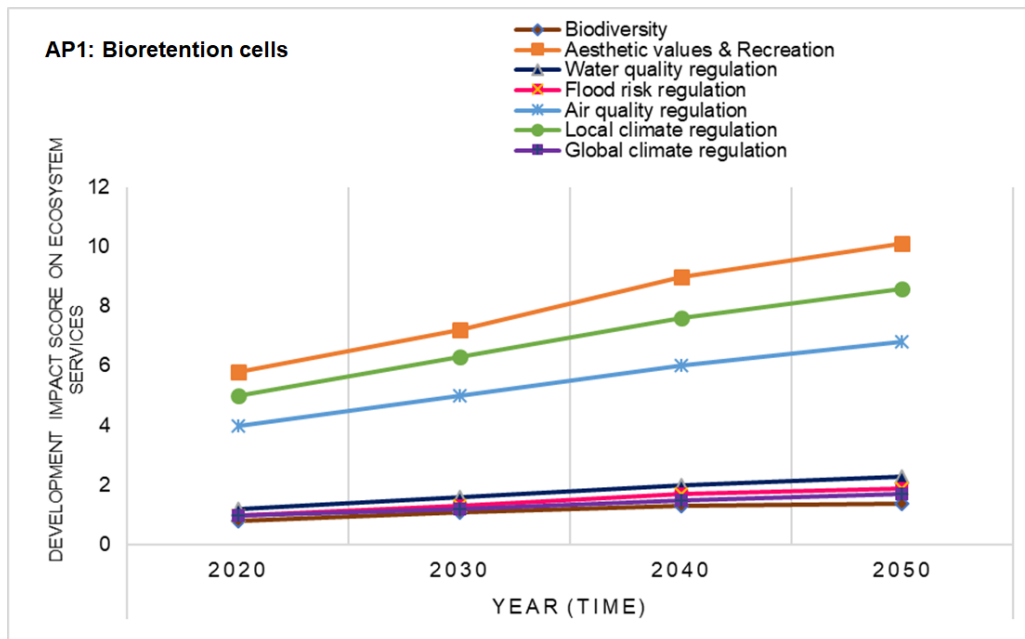

Figure S4: Development impact of bioretention cells on ecosystem services

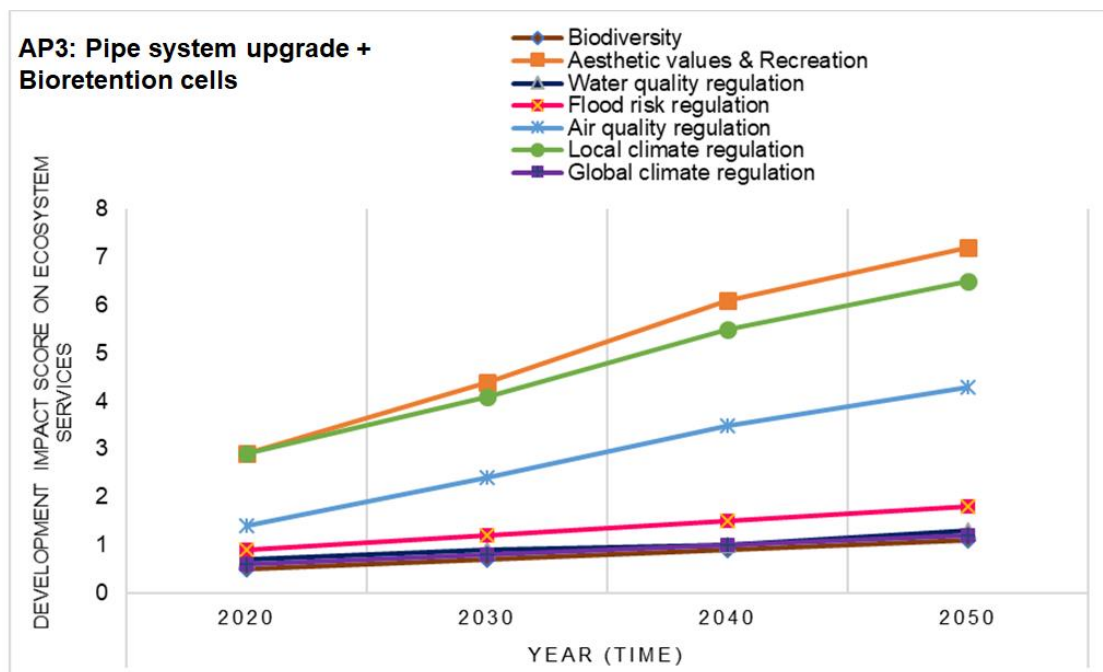

Figure S5 Development impact of a pipe system upgrade and bioretention cells green-grey combination on ecosystem services
