

Figure S1. HSQC spectrum of *Ficus carica* chloroform fraction where ^1H - ^{13}C correlations of bergapten (blue) and psoralen (green) are highlighted.

Figure S2. HMBC spectrum of *Ficus carica* chloroform fraction where ^1H - ^{13}C correlations of bergapten are highlighted.

Figure S3. HMBC spectrum of *Ficus carica* chloroform fraction where ^1H - ^{13}C correlations of psoralen are highlighted.

Figure S4. COSY spectrum of *Ficus carica* chloroform fraction where ^1H - ^1H correlations of bergapten (blue) and psoralen (green) are highlighted.
