

Chong Li, Sifan Jia, Shahid Ali Rajput, Desheng Qi and Shuai Wang

Figure S2. DEGs in alpha-Linolenic acid metabolism pathway in *A. flavus* between 5/10 h. Square represents different proteins, green represents down-regulated DEGs.

Figure S3. DEGs in aflatoxin biosynthesis pathway in *A. flavus* between 5/10 h. Square represents different proteins, red represents up-regulated DEGs and green represents down-regulated DEGs.
