

Supplementary Figure S3

A

B

Supplementary Figure S3.

- A. Confocal image showing perivascular infiltration by tumor cells (*green*). Activated pericytes are stained in *red*.
- B. Confocal image showing a brain vessel with thickened wall due to multilayered tumor cells (*green*) invading along the perivascular space. Activated pericytes (*red*) contribute to the vessel wall with a thin layer. Scale bars, 20 μm
