

Figure S1. Relationships between individual rainfall amount and rainfall partitioning components for *R. pseudoacacia* (a, b, c) and *P. tabuliformis* (d, e, f) during the dormant season in 2015 and 2016.

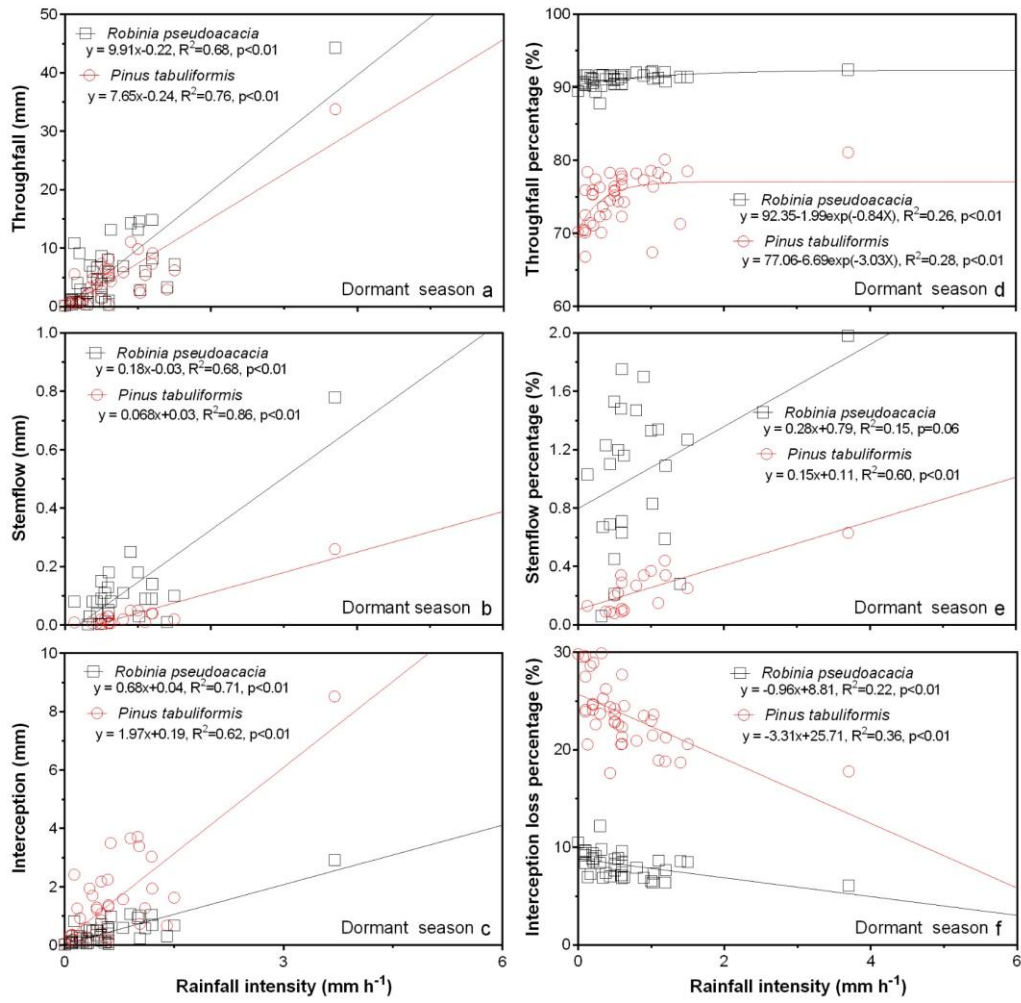

Figure S2. Relationships between individual rainfall intensity and rainfall partitioning components for *R. pseudoacacia* (a, b, c) and *P. tabuliformis* (d, e, f) during the dormant season in 2015 and 2016.

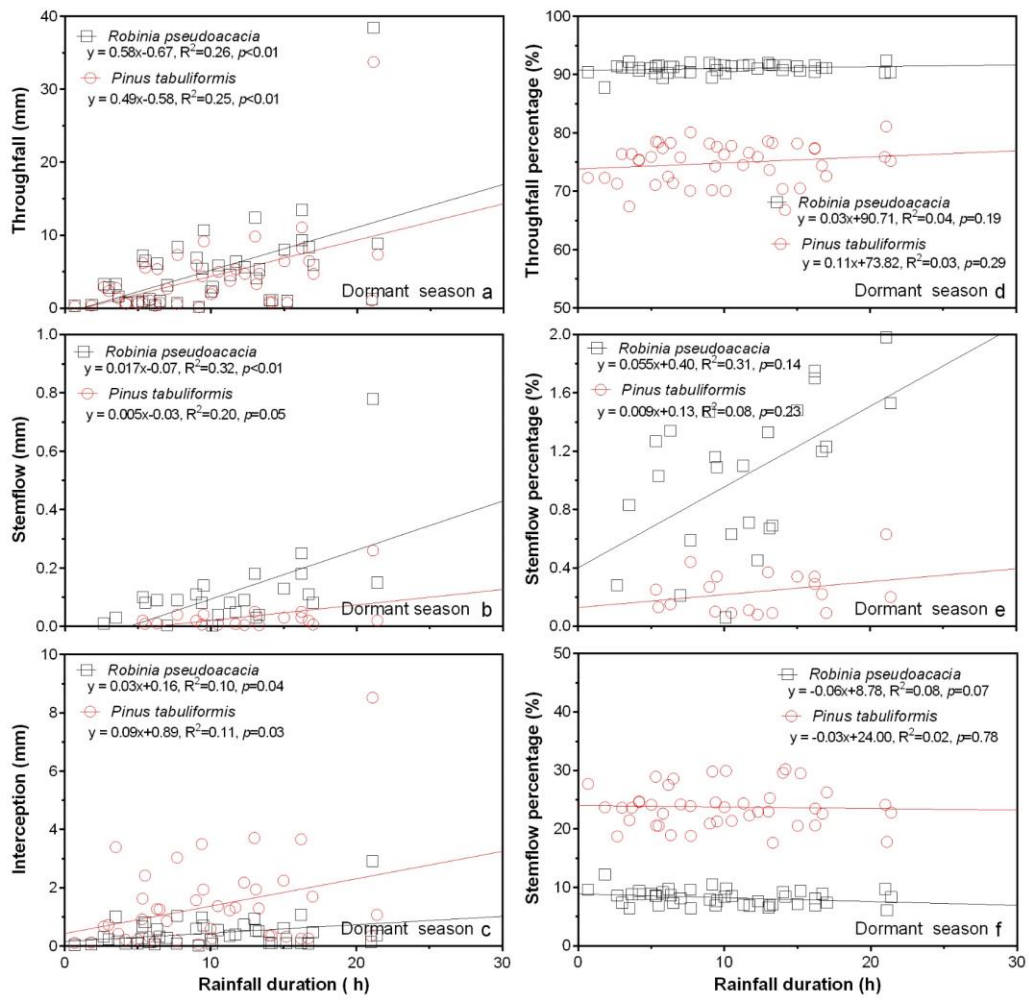

Figure S3. Relationships between individual rainfall duration and rainfall partitioning components for *R. pseudoacacia* (a, b, c) and *P. tabuliformis* (d, e, f) during the dormant season in 2015 and 2016.
