

Figure S1. Mean number of psyllids (*B. trigonica* + *B. nigricornis*) collected per sweep net in 2016 (Gray bars) or 2017 (Black bars). Samples were collected in carrot fields, (a) Gómezserracín, (b) Íscar, (c) Villena or in potato fields, (d) Aldearrubia and (e) Gómezserracín. Blue line represents average temperature in 2016 and orange line represent average temperature in 2017.
