

Supplementary figure S1. The flow cytometry quadrant diagrams of ROS levels in liver.

A: CG group, B: LAG group, C: MAG group, D: HAG group.

Supplementary figure S2. The flow cytometry quadrant diagrams of apoptosis in liver.

A: CG group, B: LAG group, C: MAG group, D: HAG group.

Supplementary figure S3. The flow cytometry quadrant diagrams of mitochondrial depolarization ratio in liver. A: CG group, B: LAG group, C: MAG group, D: HAG group.
