Figure S1. Calibration curve of AMB in DMSO.

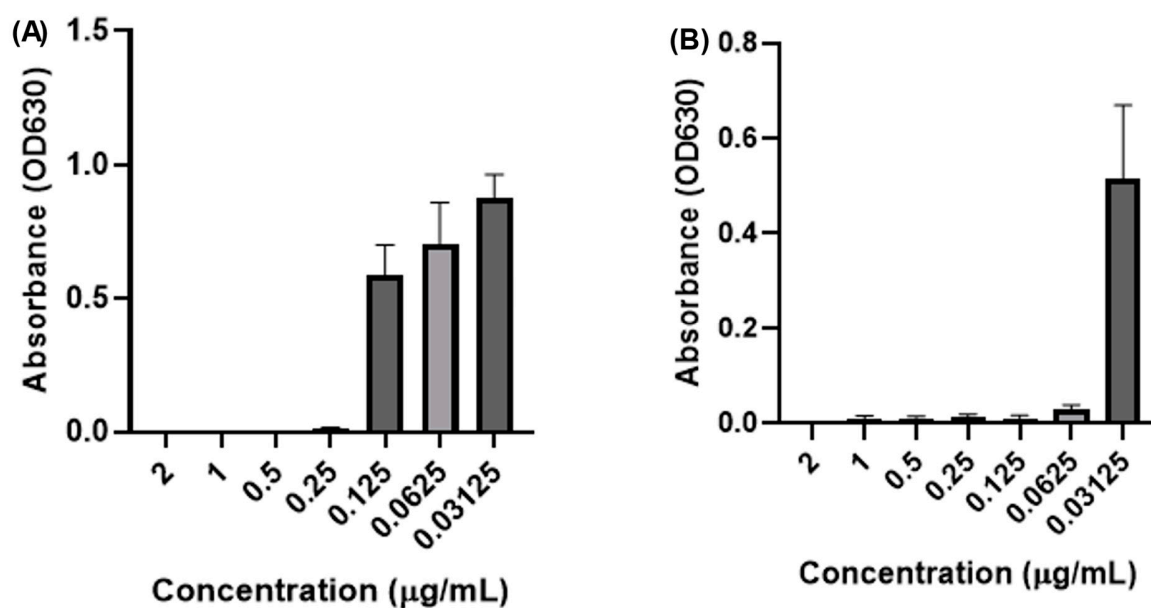

Figure S2. MIC of AMB (A) and PCL-AMB NPs (B).

Table S1: Summary of results for the disk diffusion assay.

Sample	Zone of Inhibition (mm)
PCL NPs	0
0.25% DMSO in MQ water	0
AMB in 0.25% DMSO	18.7 ± 0.3
PCL-AMB NPs	21.0 ± 1.0
