Supplemental Figure S1

a) Beads

b) *E. coli*

c) Urine

**Figure S1.** Visualization of a) beads, b) *E. coli*, and c) urine particles using the LVM setup.

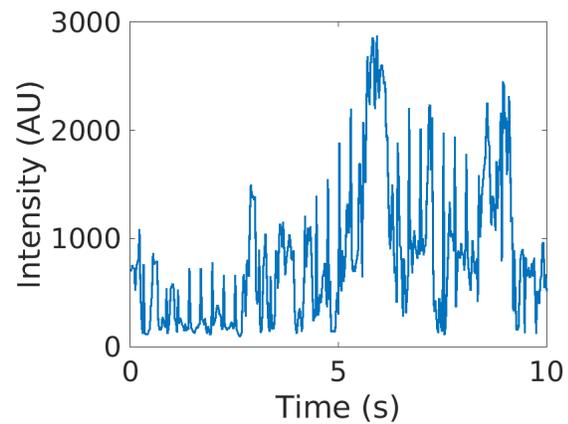

Supplemental Figure S2

Figure S2. Intensity plot of a bead particle revealing its blinking nature.

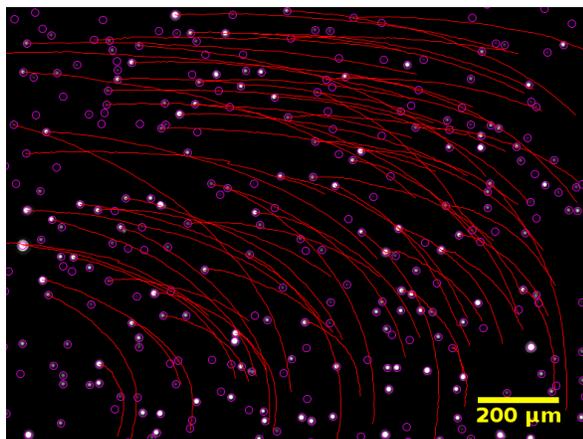

Supplemental Figure S3

Figure S3. Bead tracks revealing the drift.

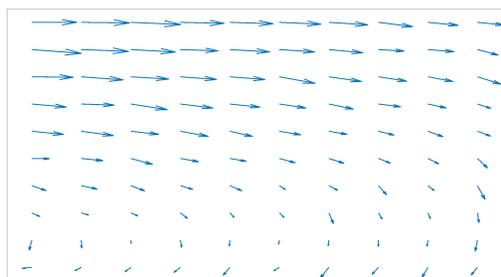

Supplemental Figure S4

Figure S4. Example of drift velocity vectors.

Supplemental Figure S5

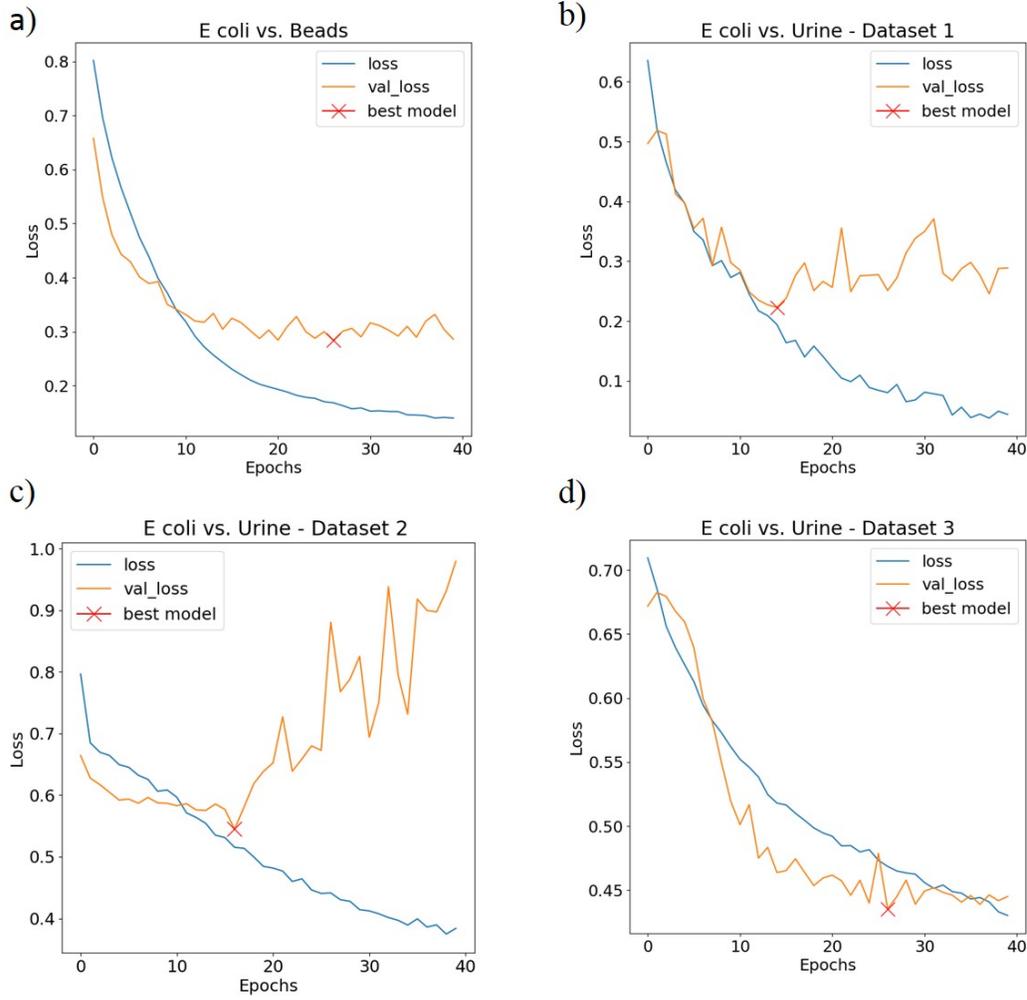

Figure S5. Learning curves showing the progression of the cross-entropy loss for the tested datasets.

Supplemental Table S1
