Supplementary Figure S1. The Pearson correlation analysis of m⁶A-seq and RNA-seq data. (a) m⁶A data of three biological replicates in *M. prunifolia* under control condition. **(b)** m⁶A data of three biological replicates in *M.prunifolia* under drought condition. (c) RNA-seq data in *M.prunifolia* under ccontrol condition. **(d)** RNA-seq data in *M. prunifolia* under drought condition. CKMp, *M. prunifolia* seedlings under control condition; DroMp, *M. prunifolia* under drought condition.
