

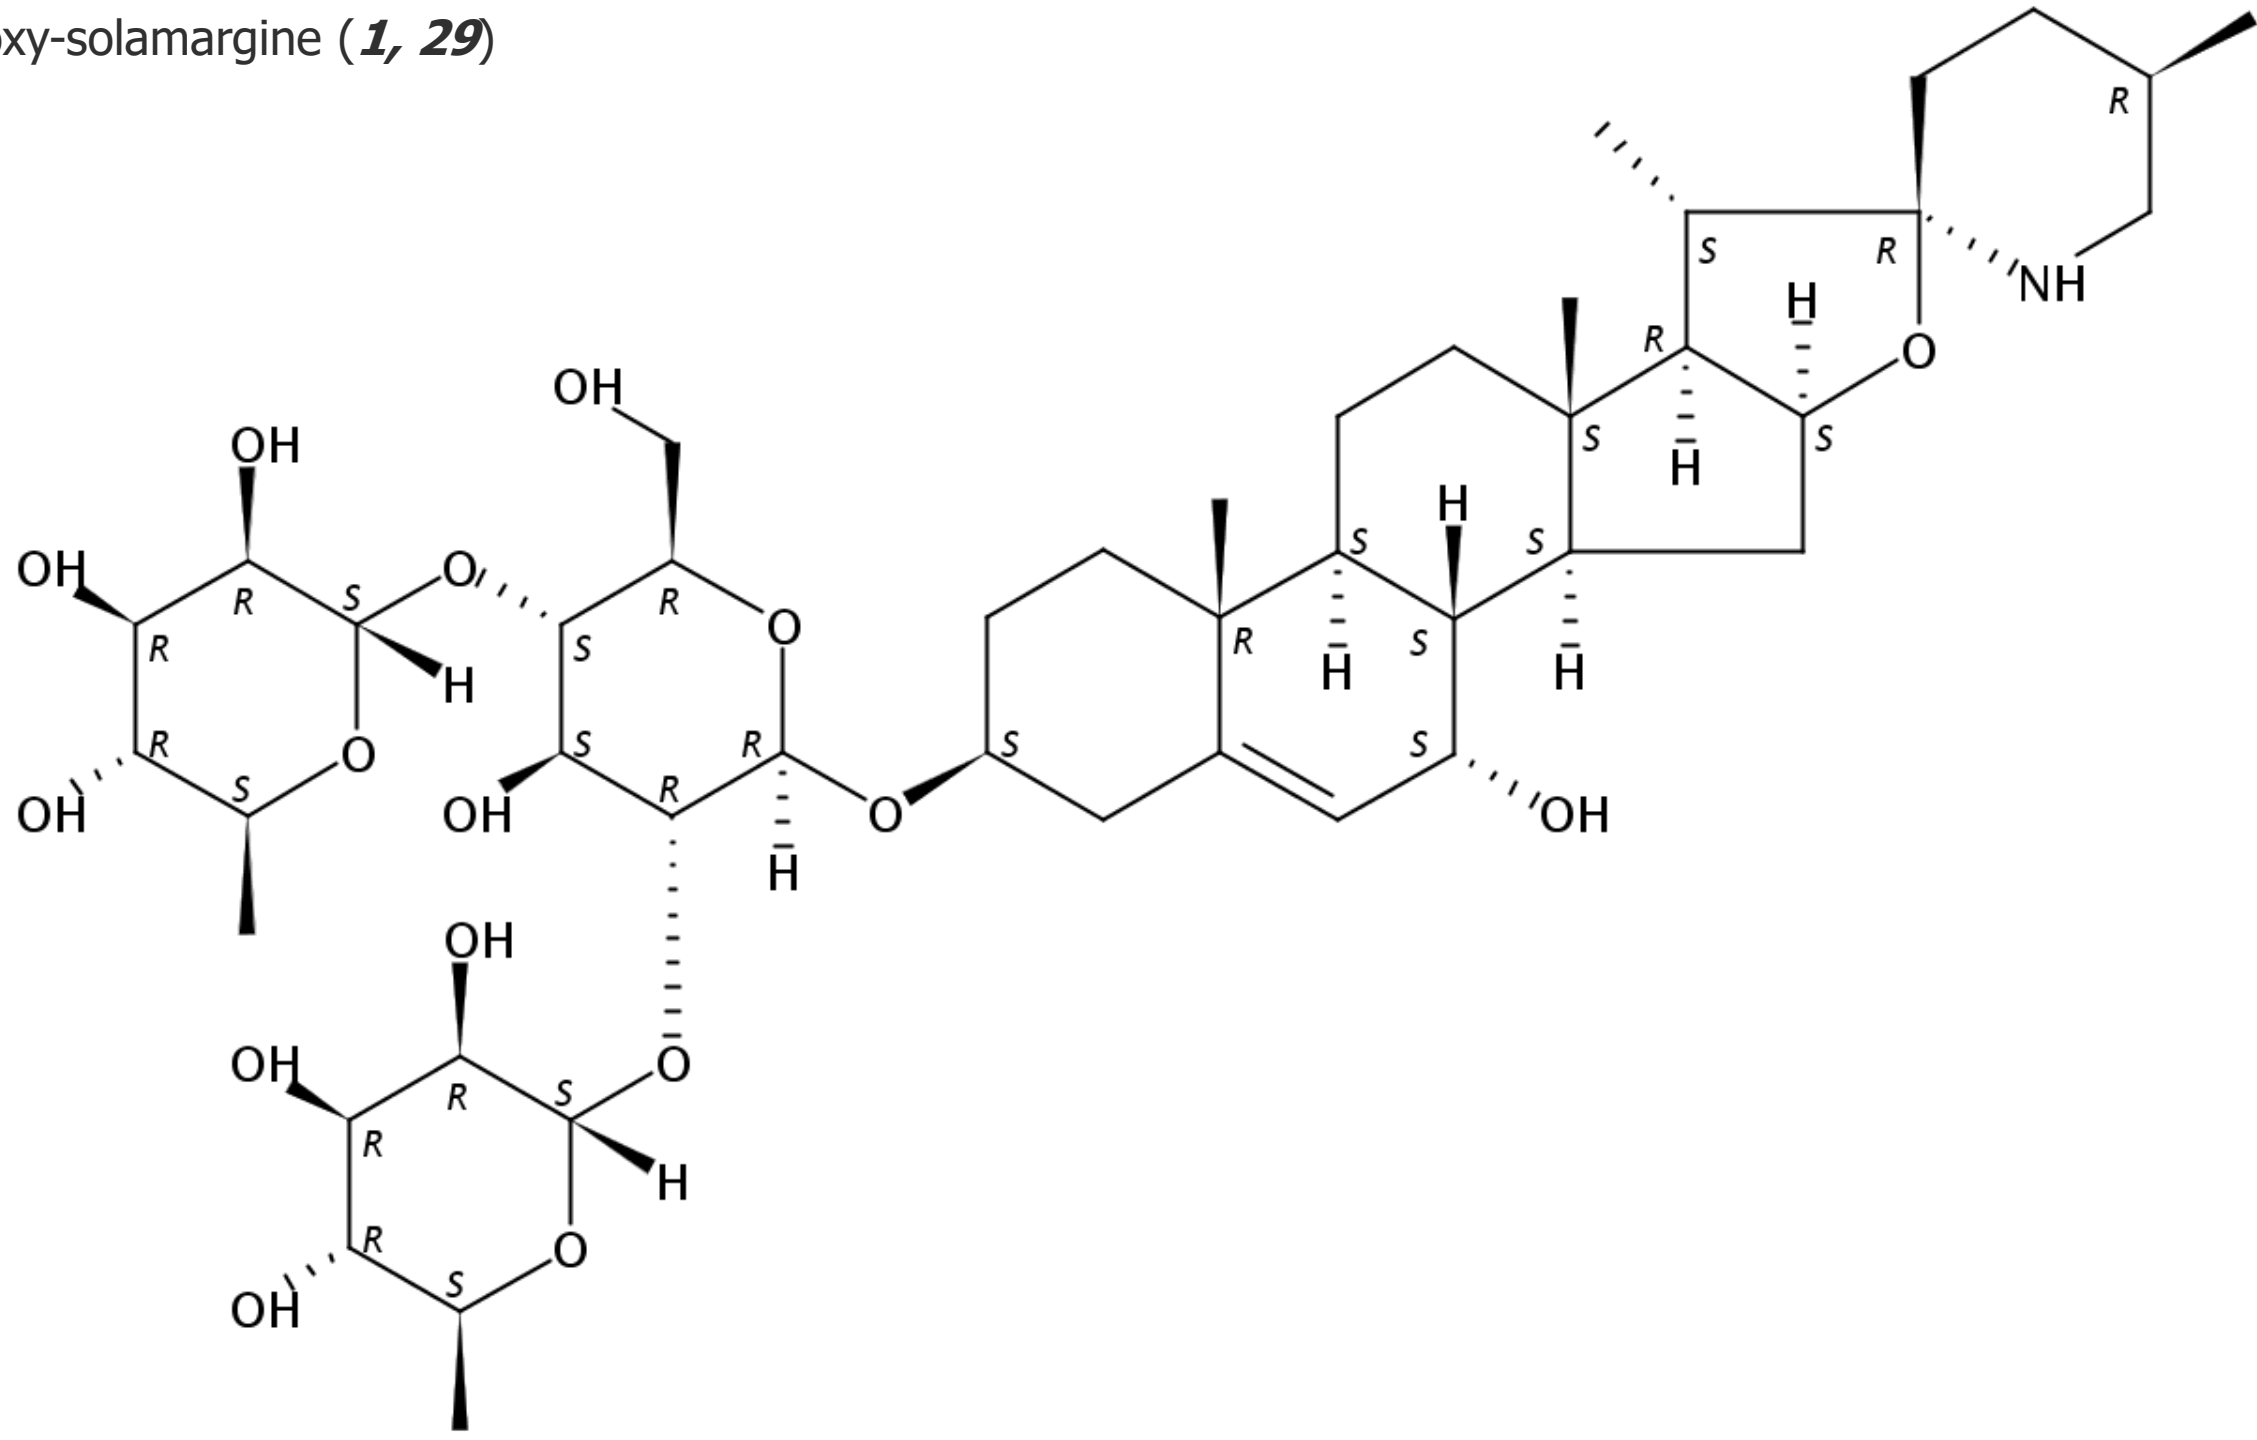

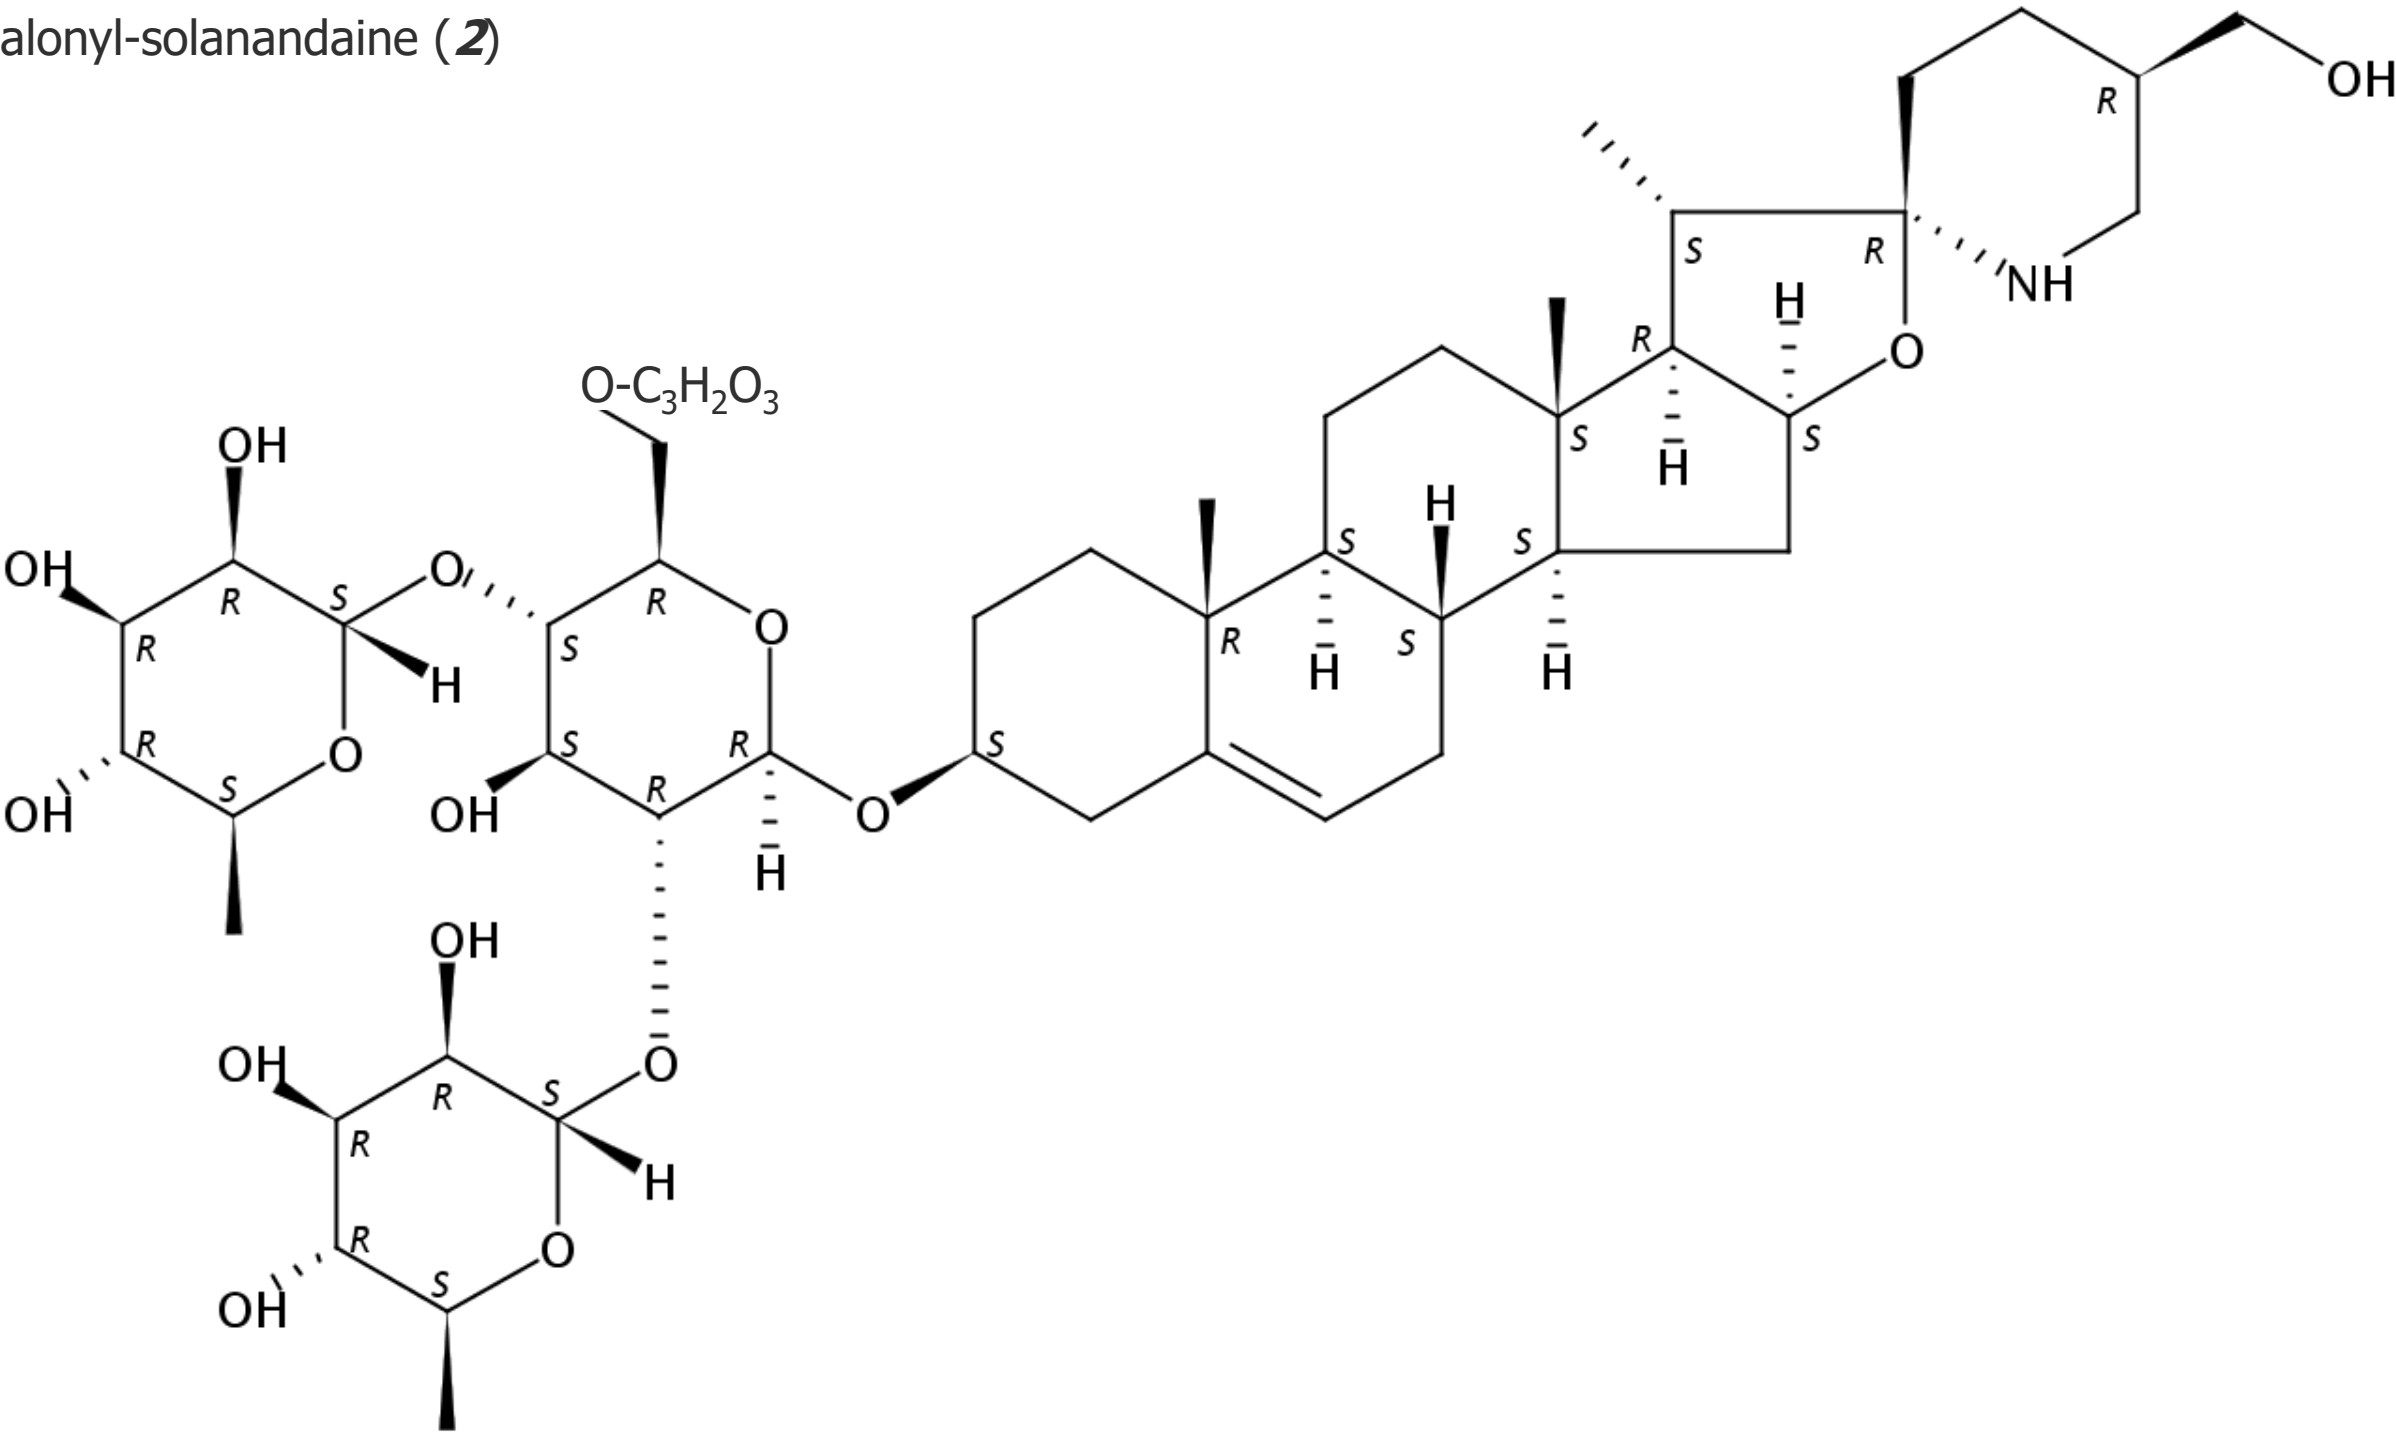

Figure S2. Reported structures of glycoalkaloids referenced in the manuscript and identified in Table 1.

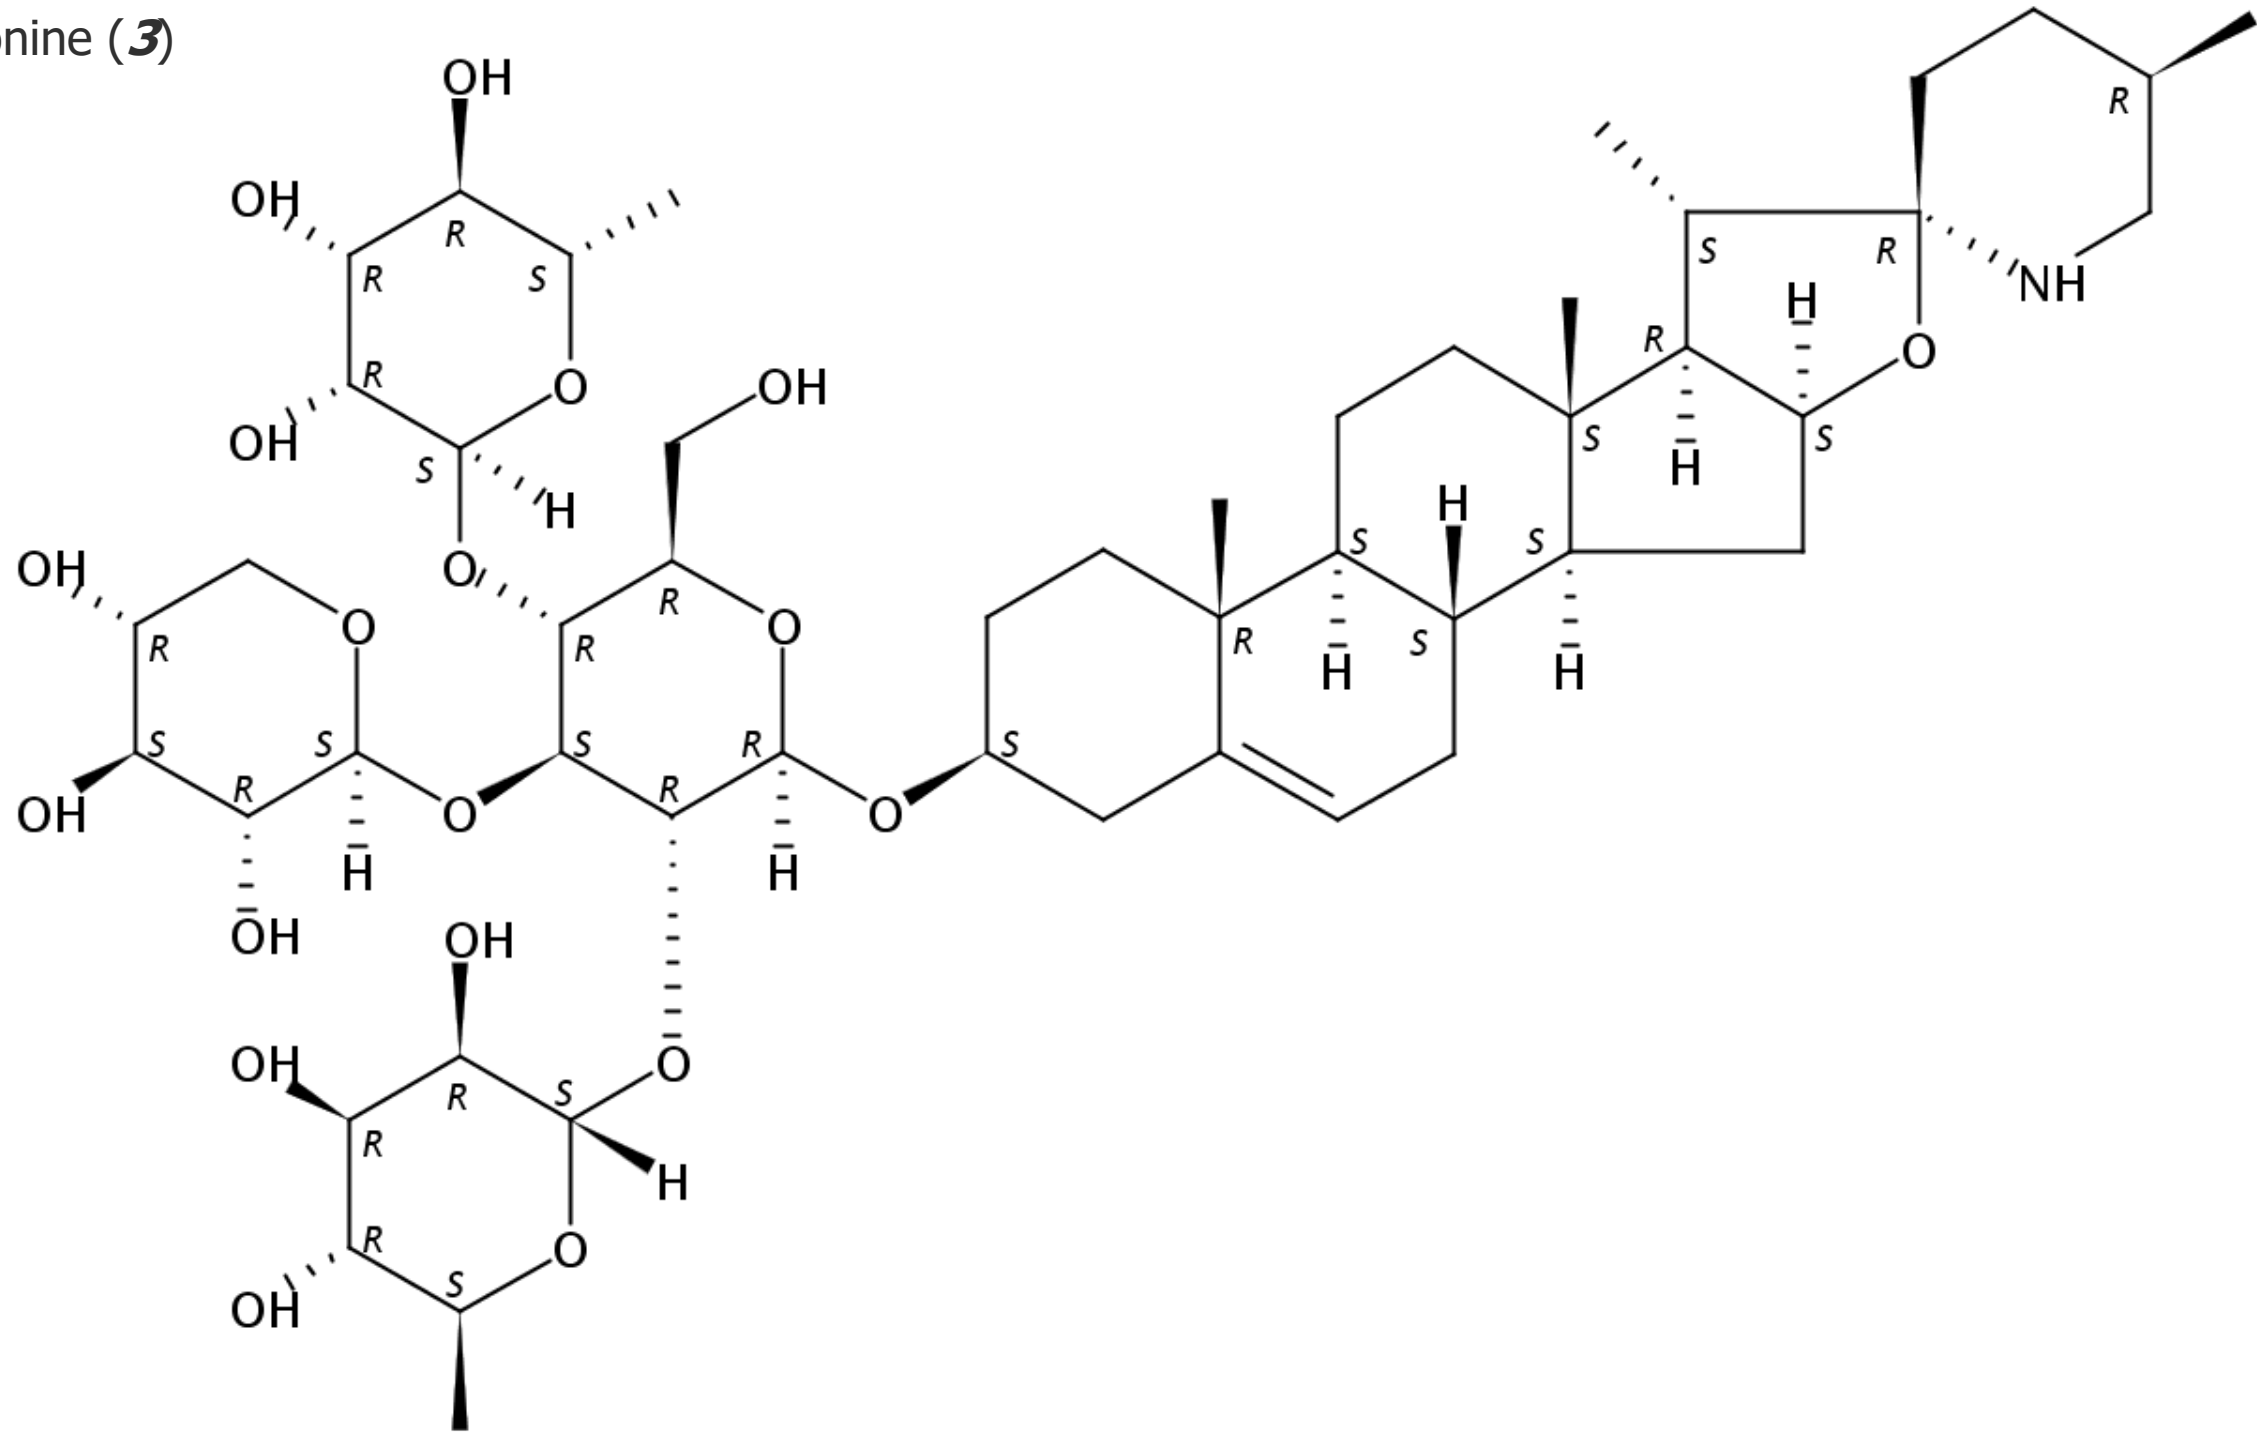

## Hydroxy-solamargine (**1**, **29**)

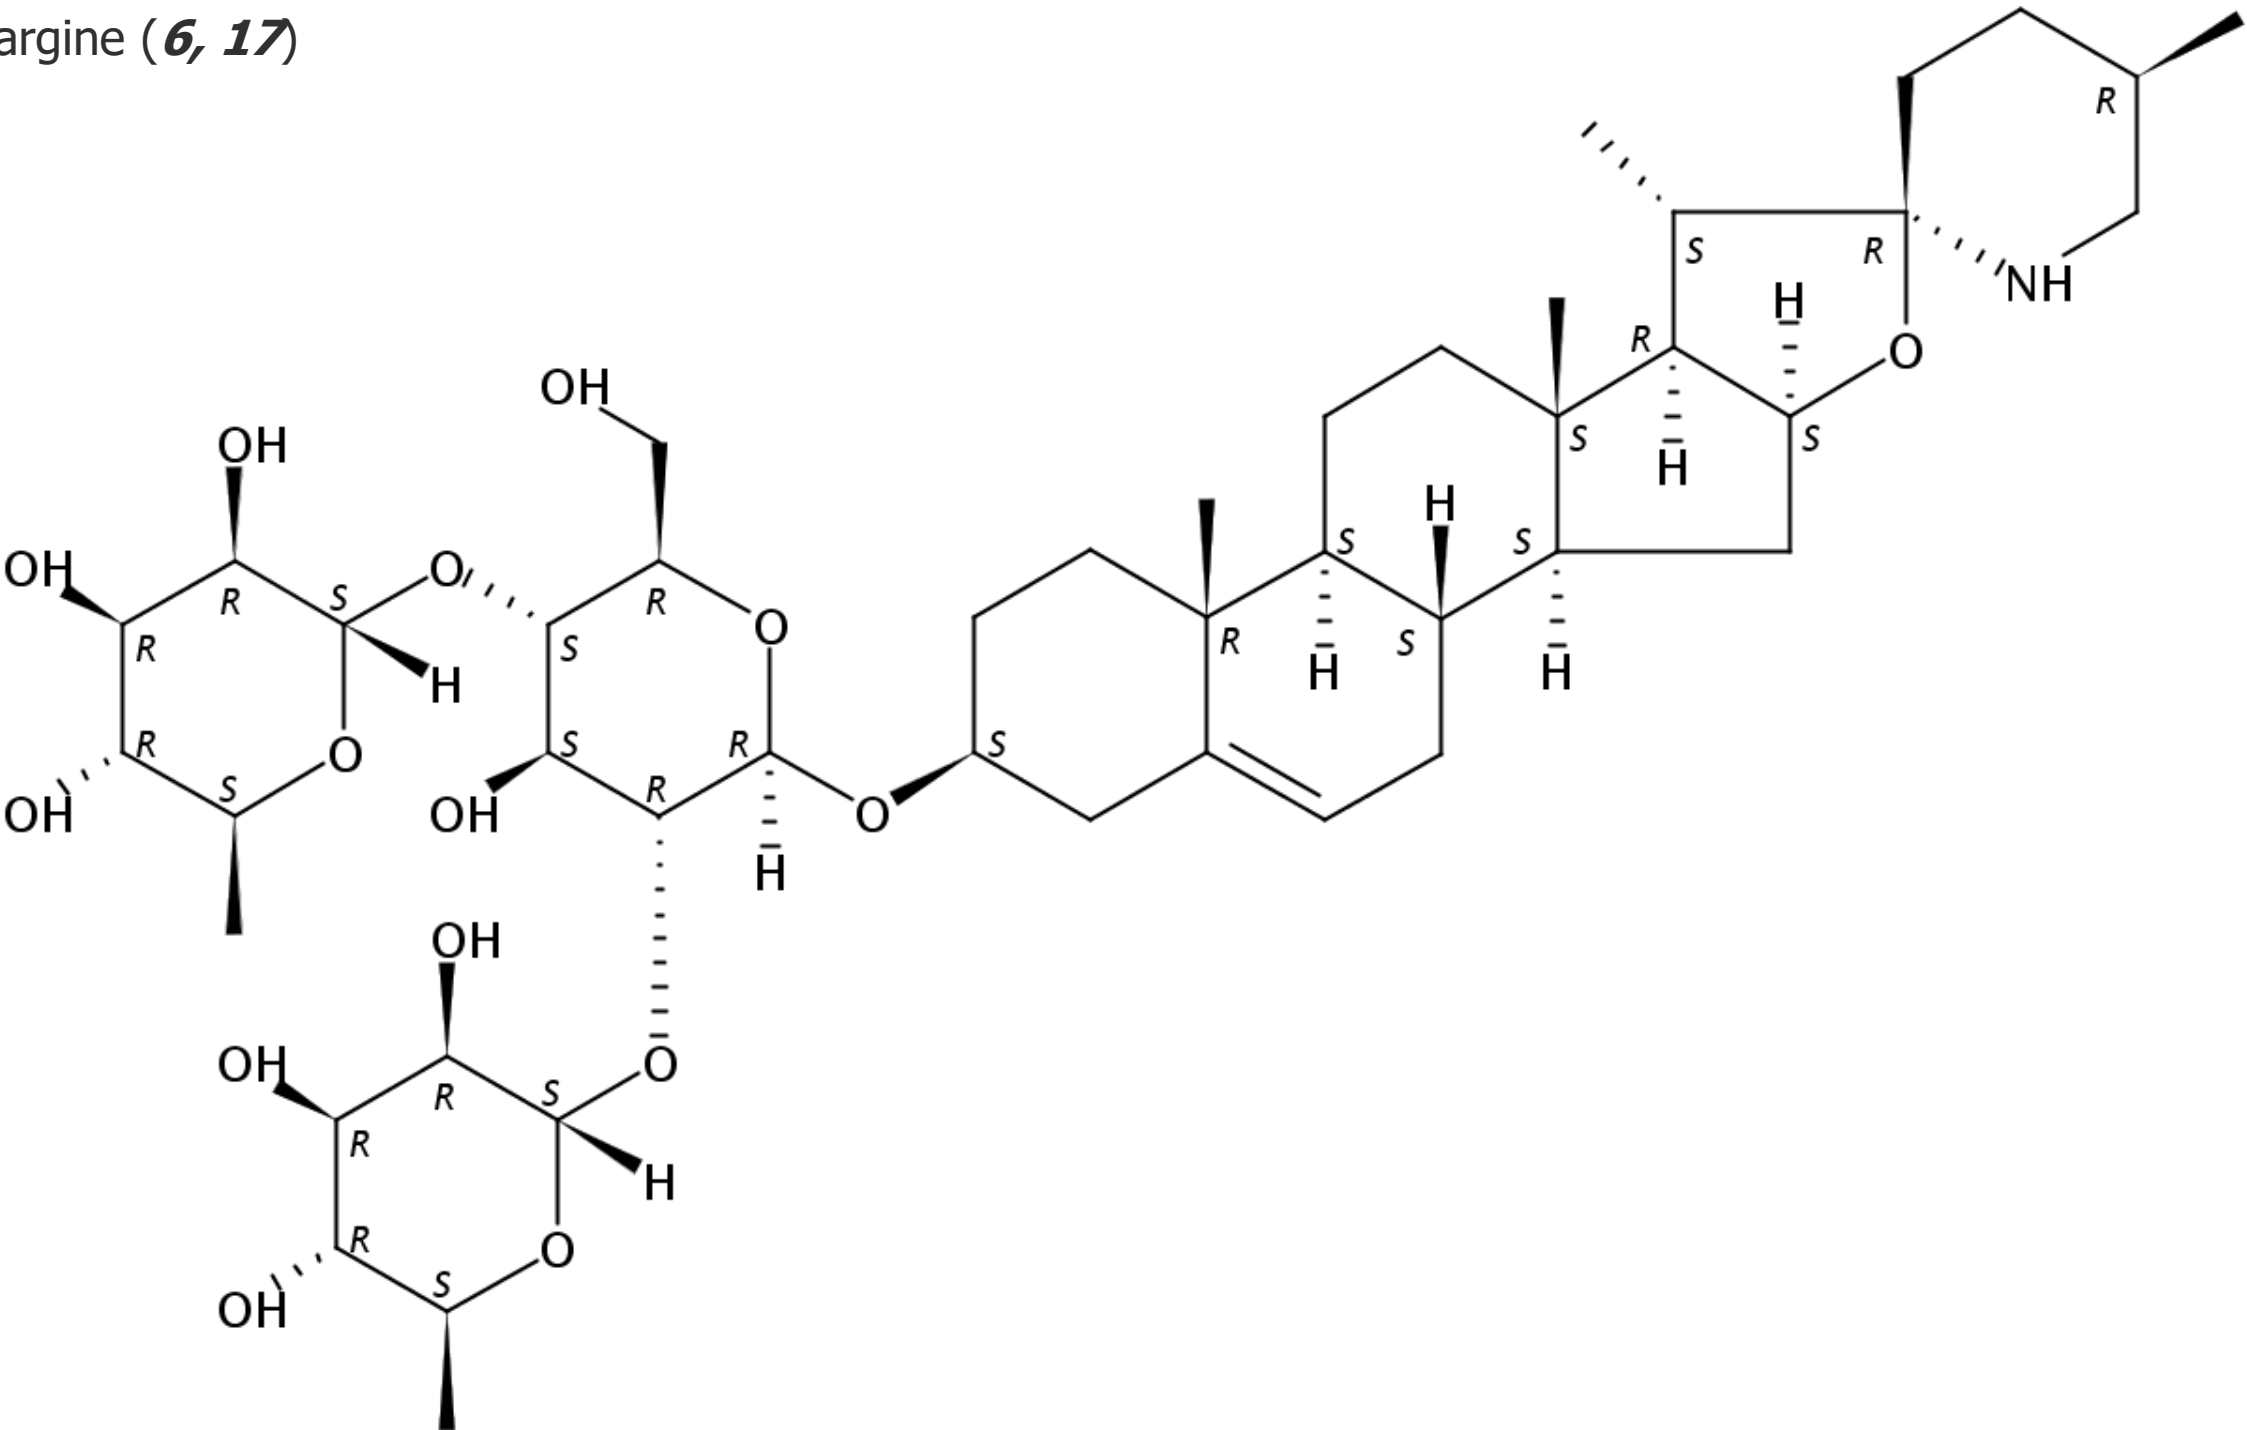

Malonyl-solanandaine (**2**)

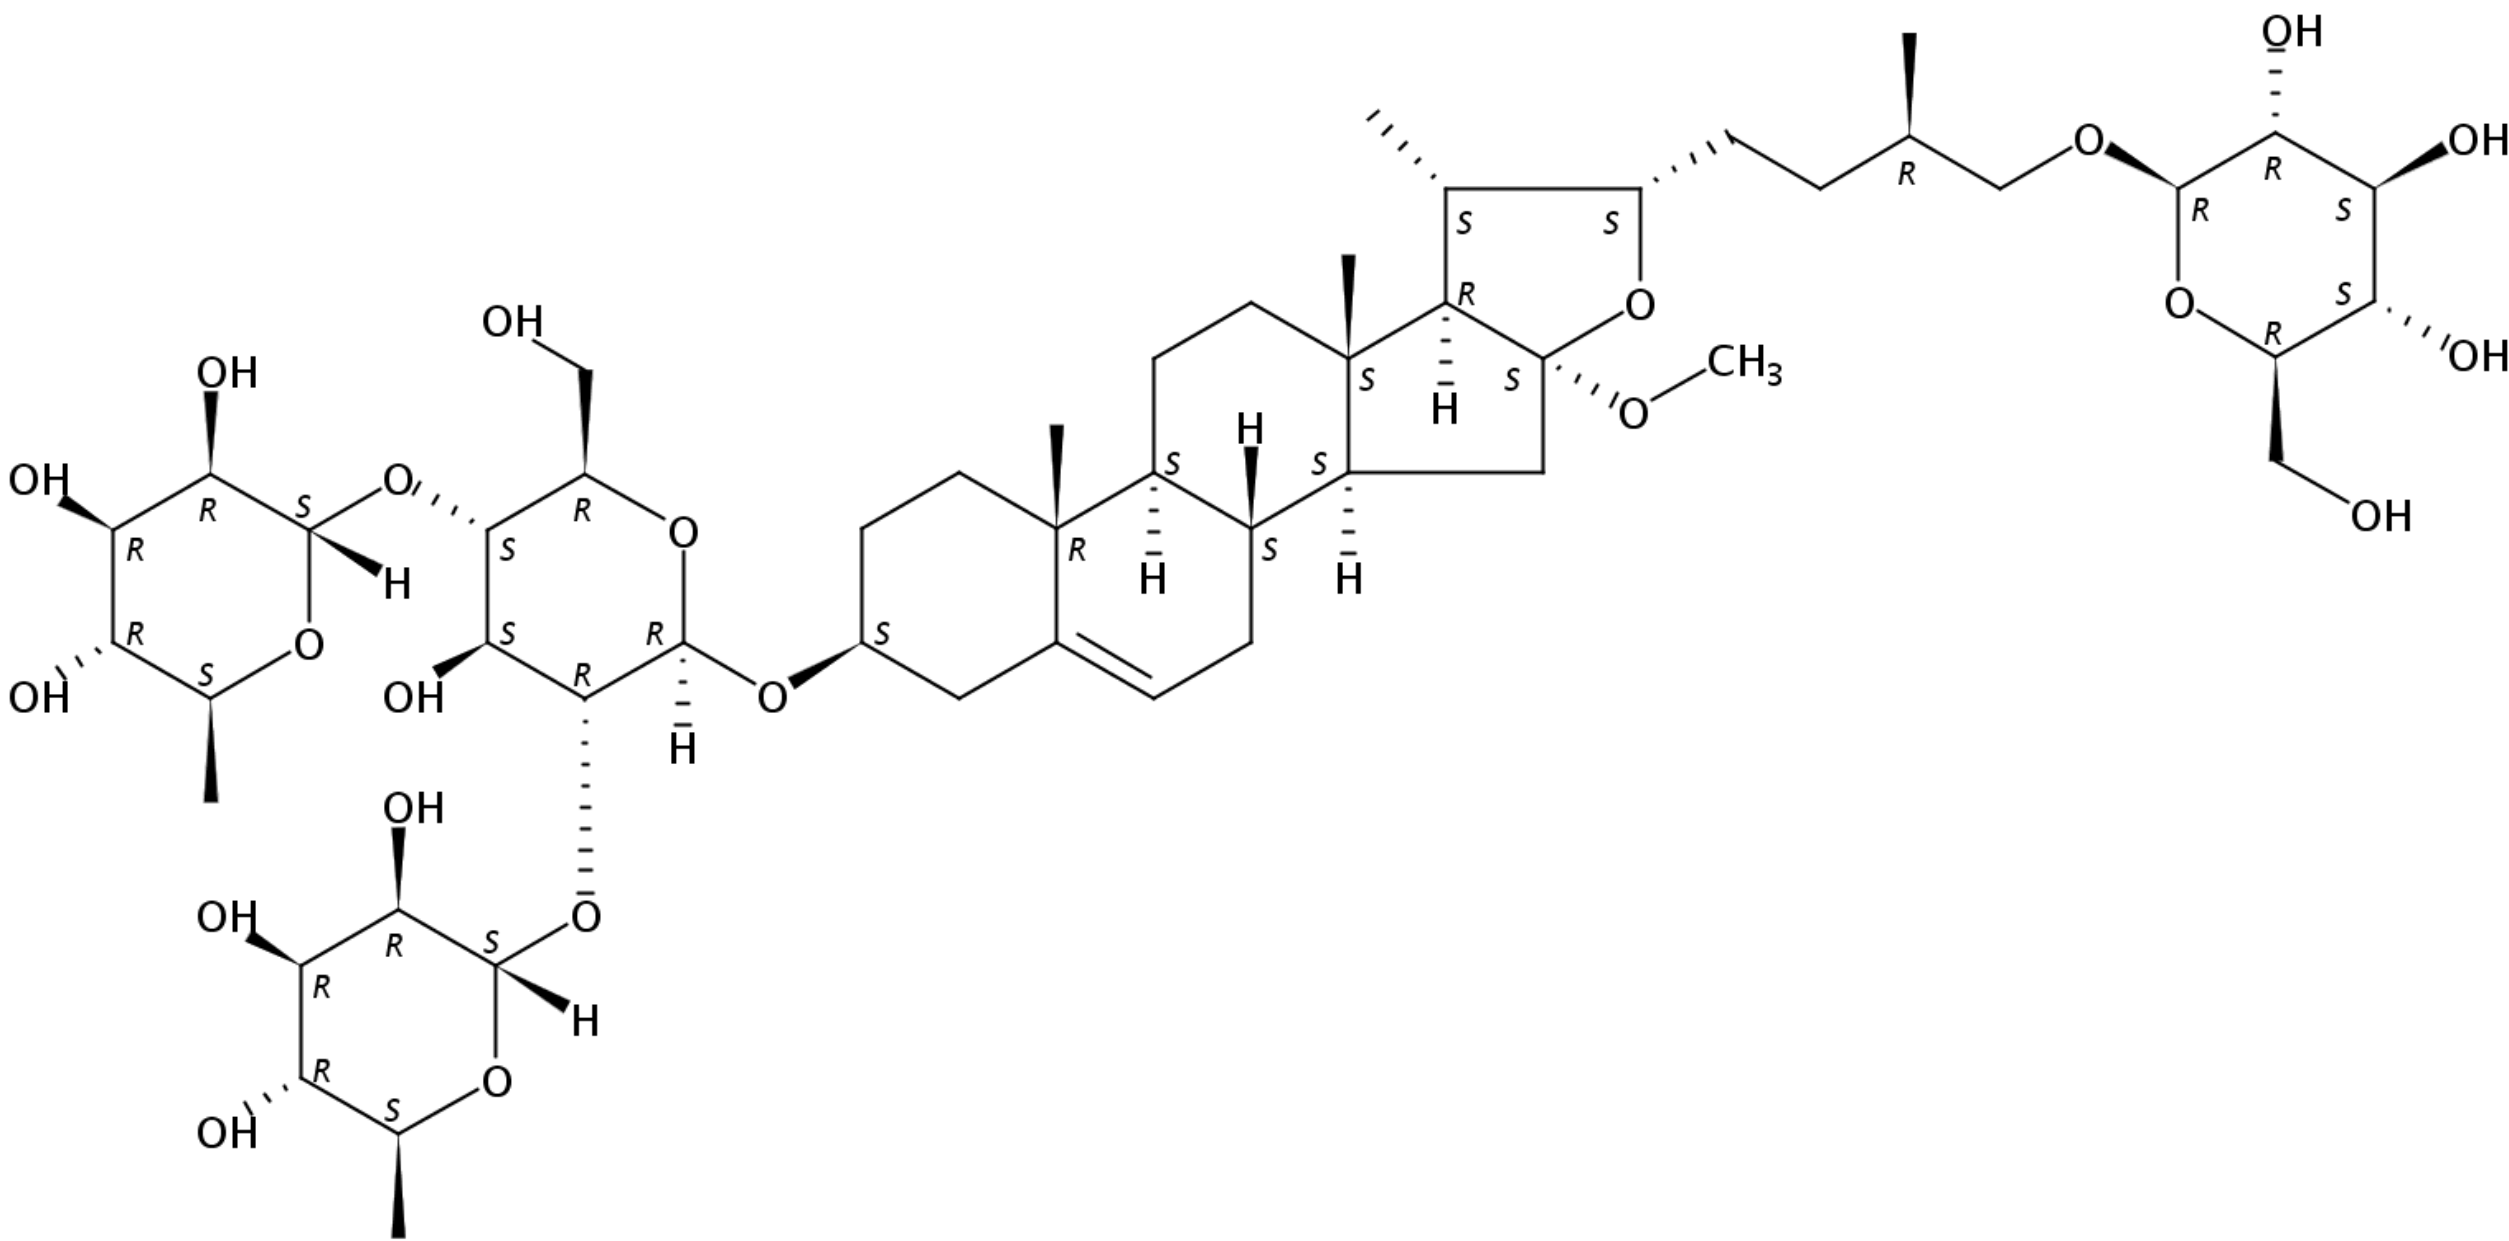

Arudonine (**3**)

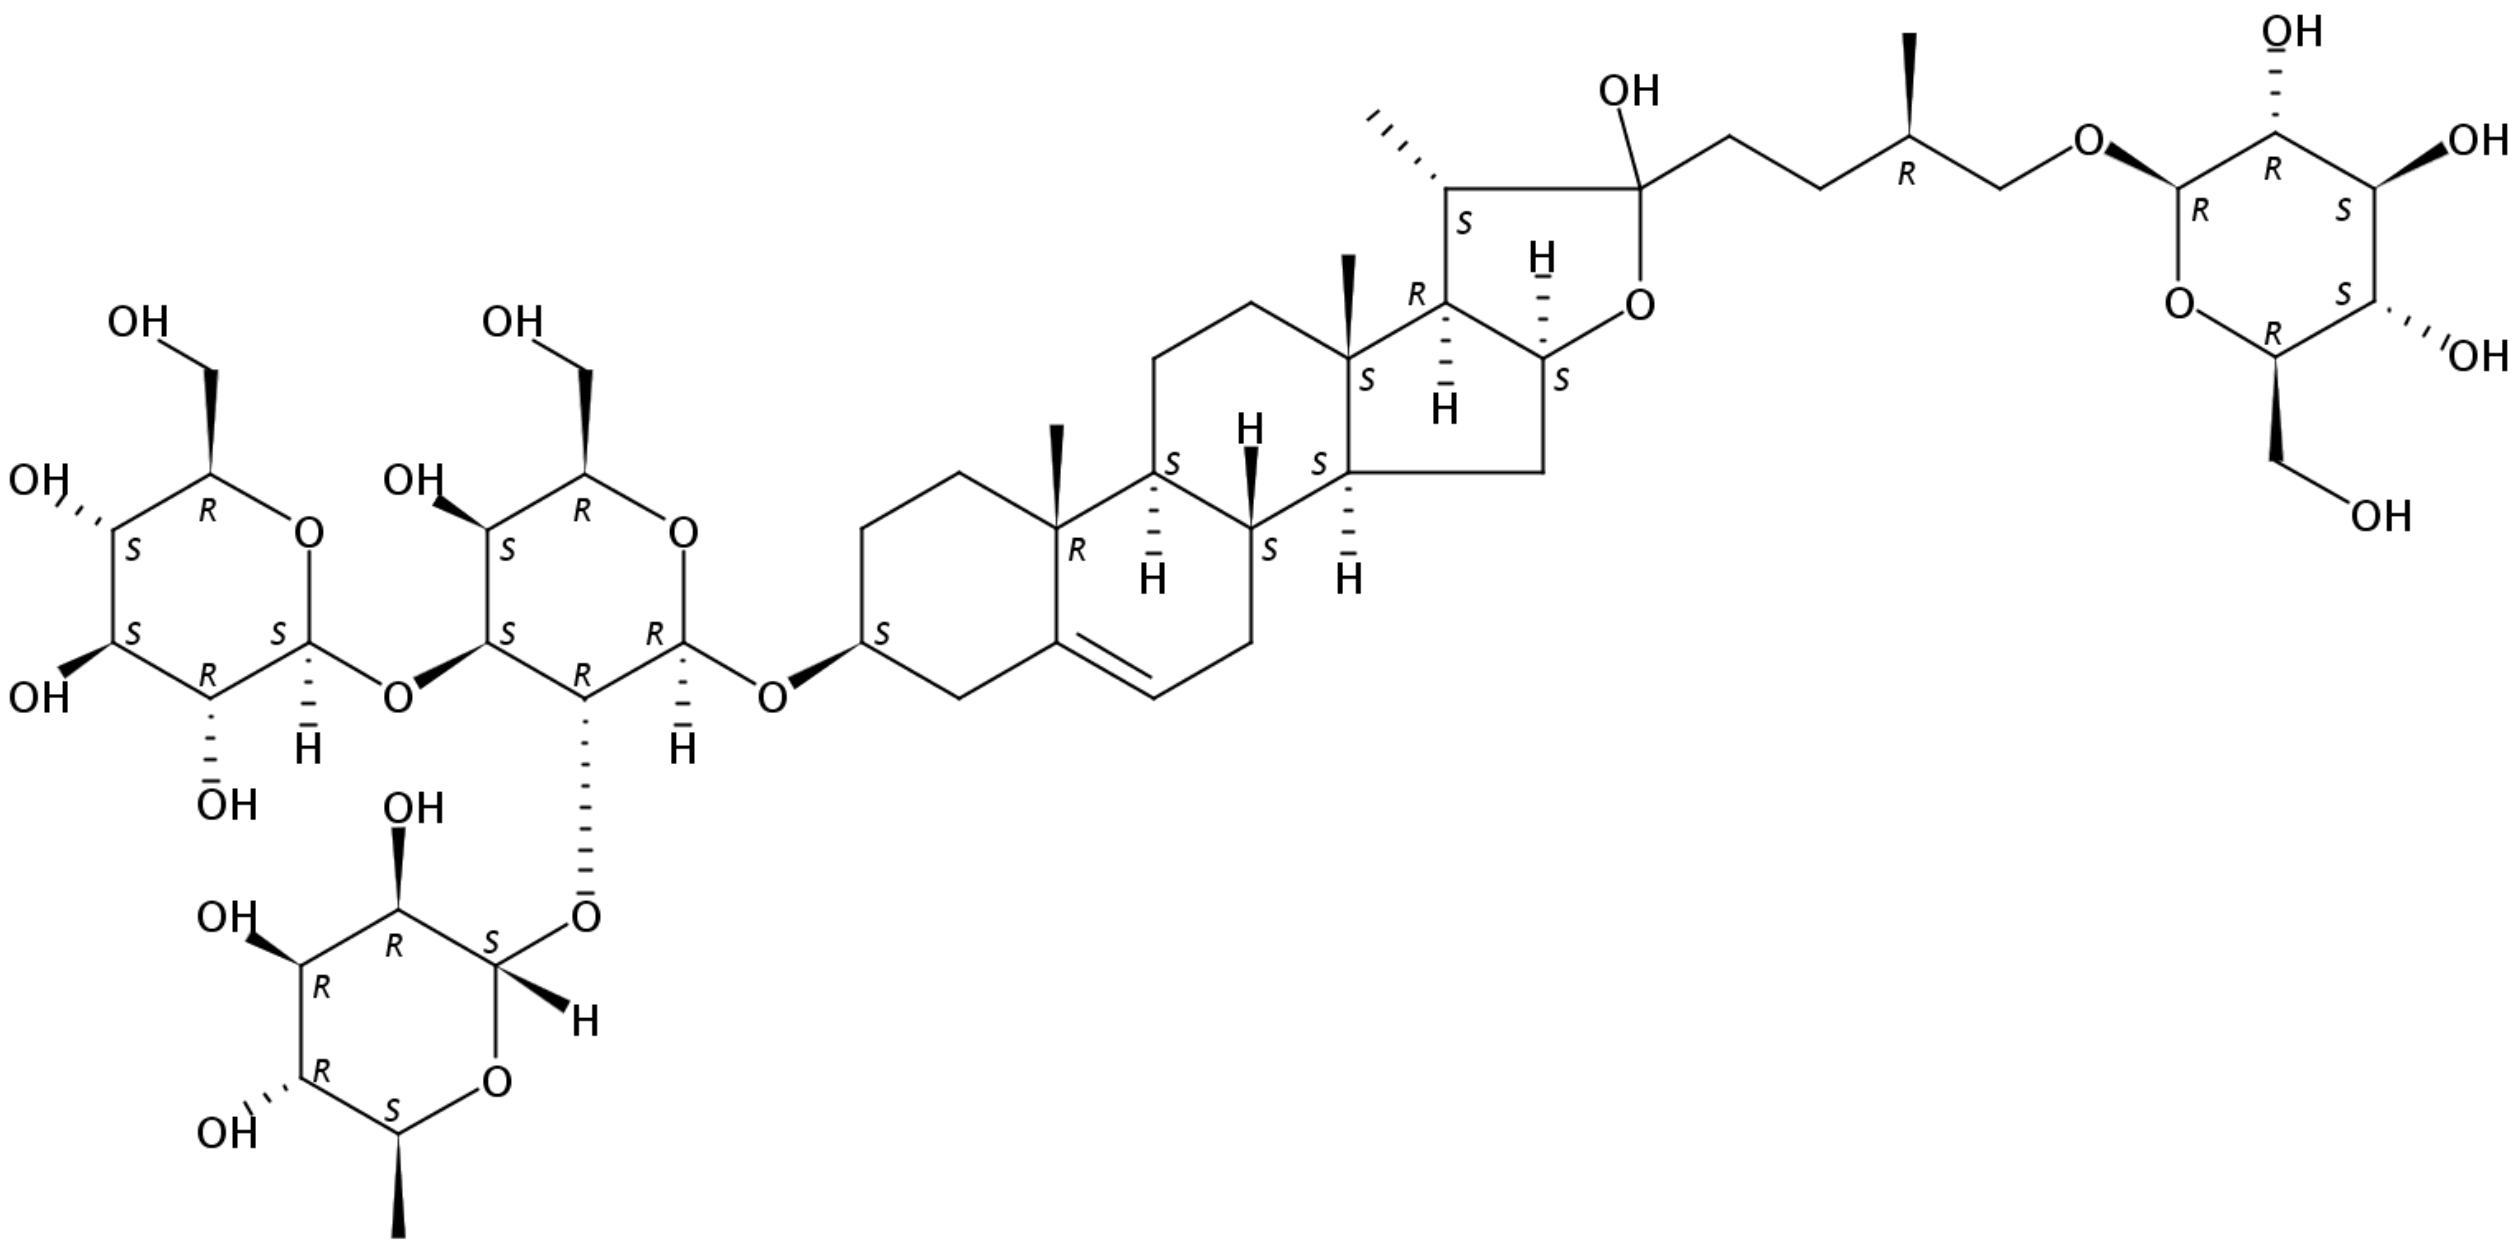

Solamargine (**6**, **17**)

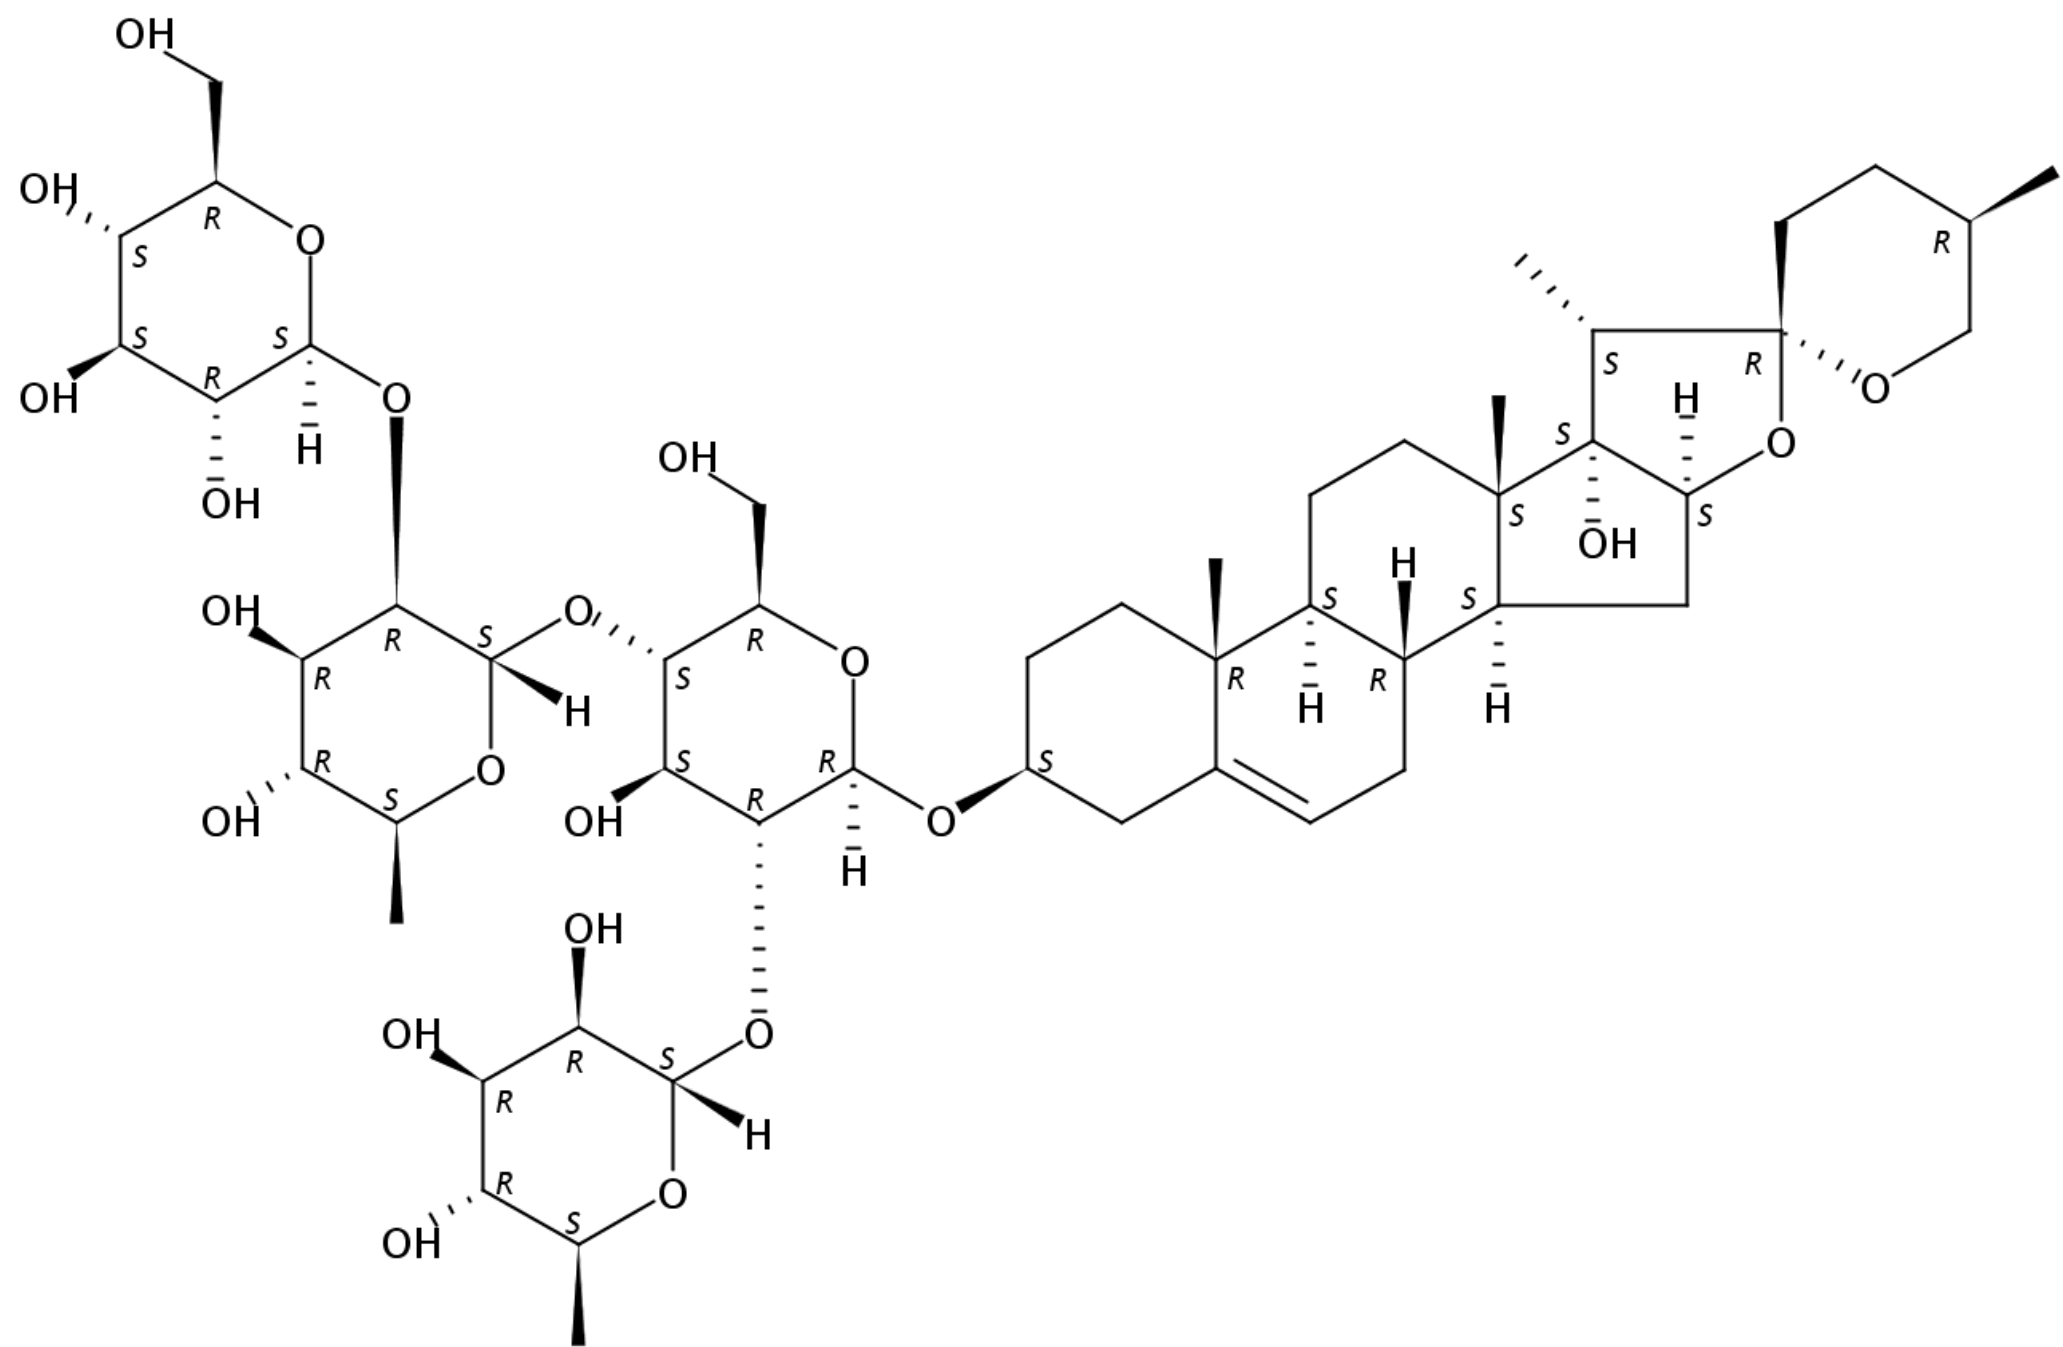

Solaviaside B (7)

## Solaviaside B (**9**)

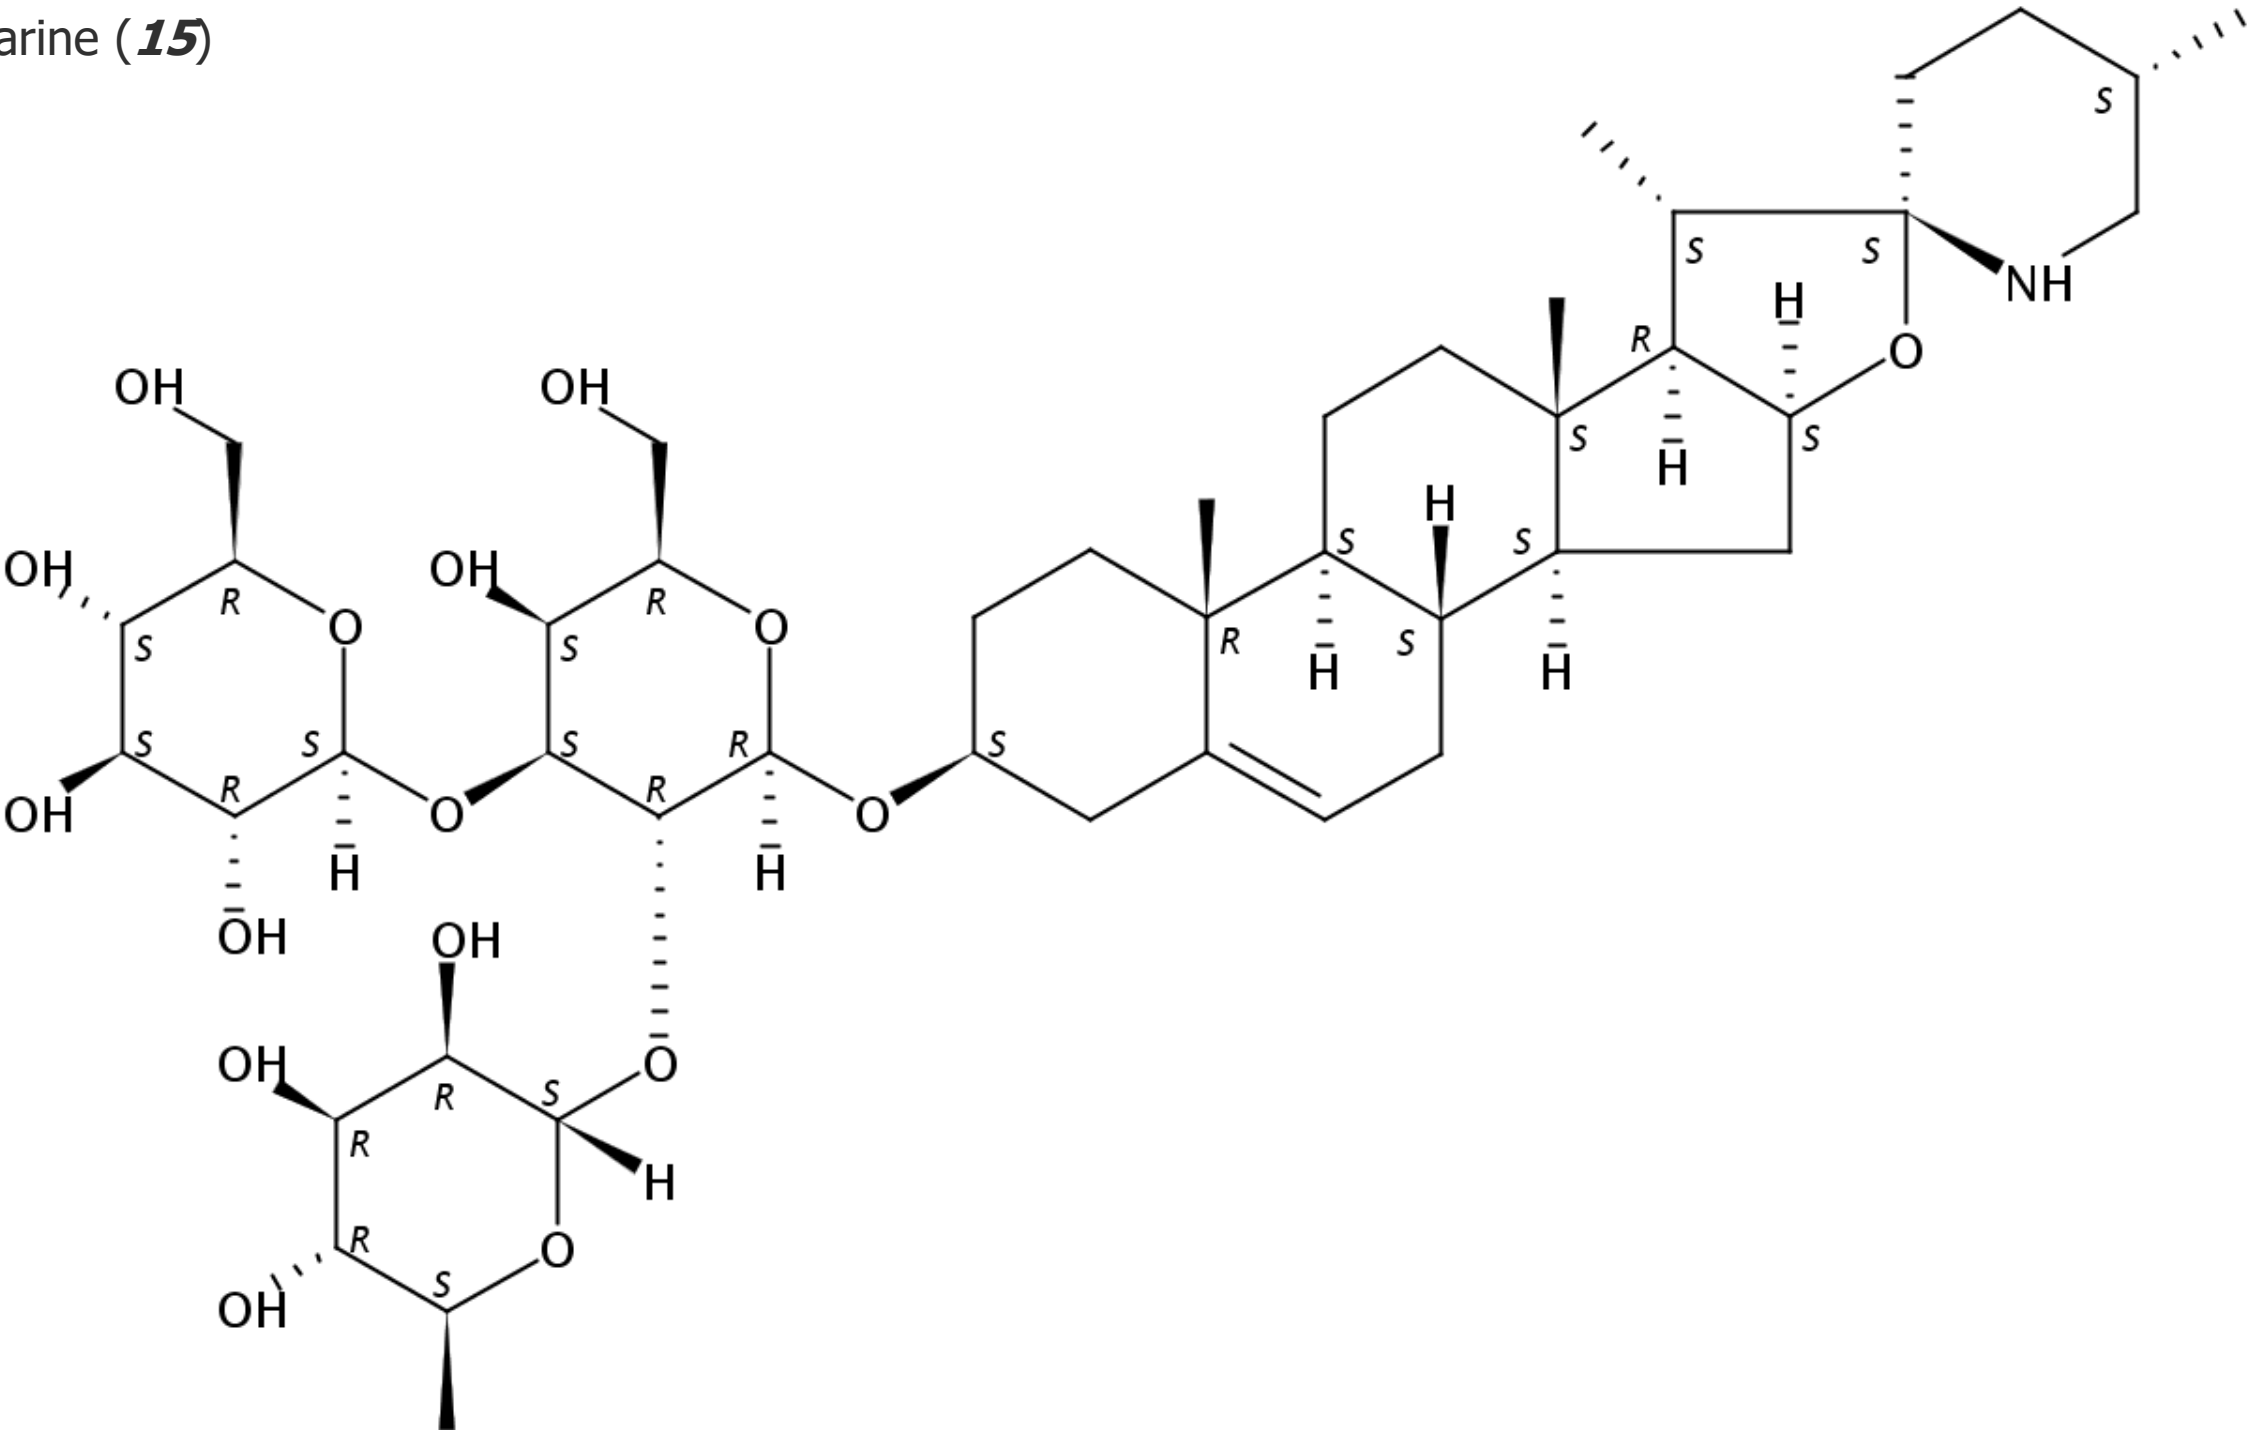

Solanigroside H (**12**, **13**)

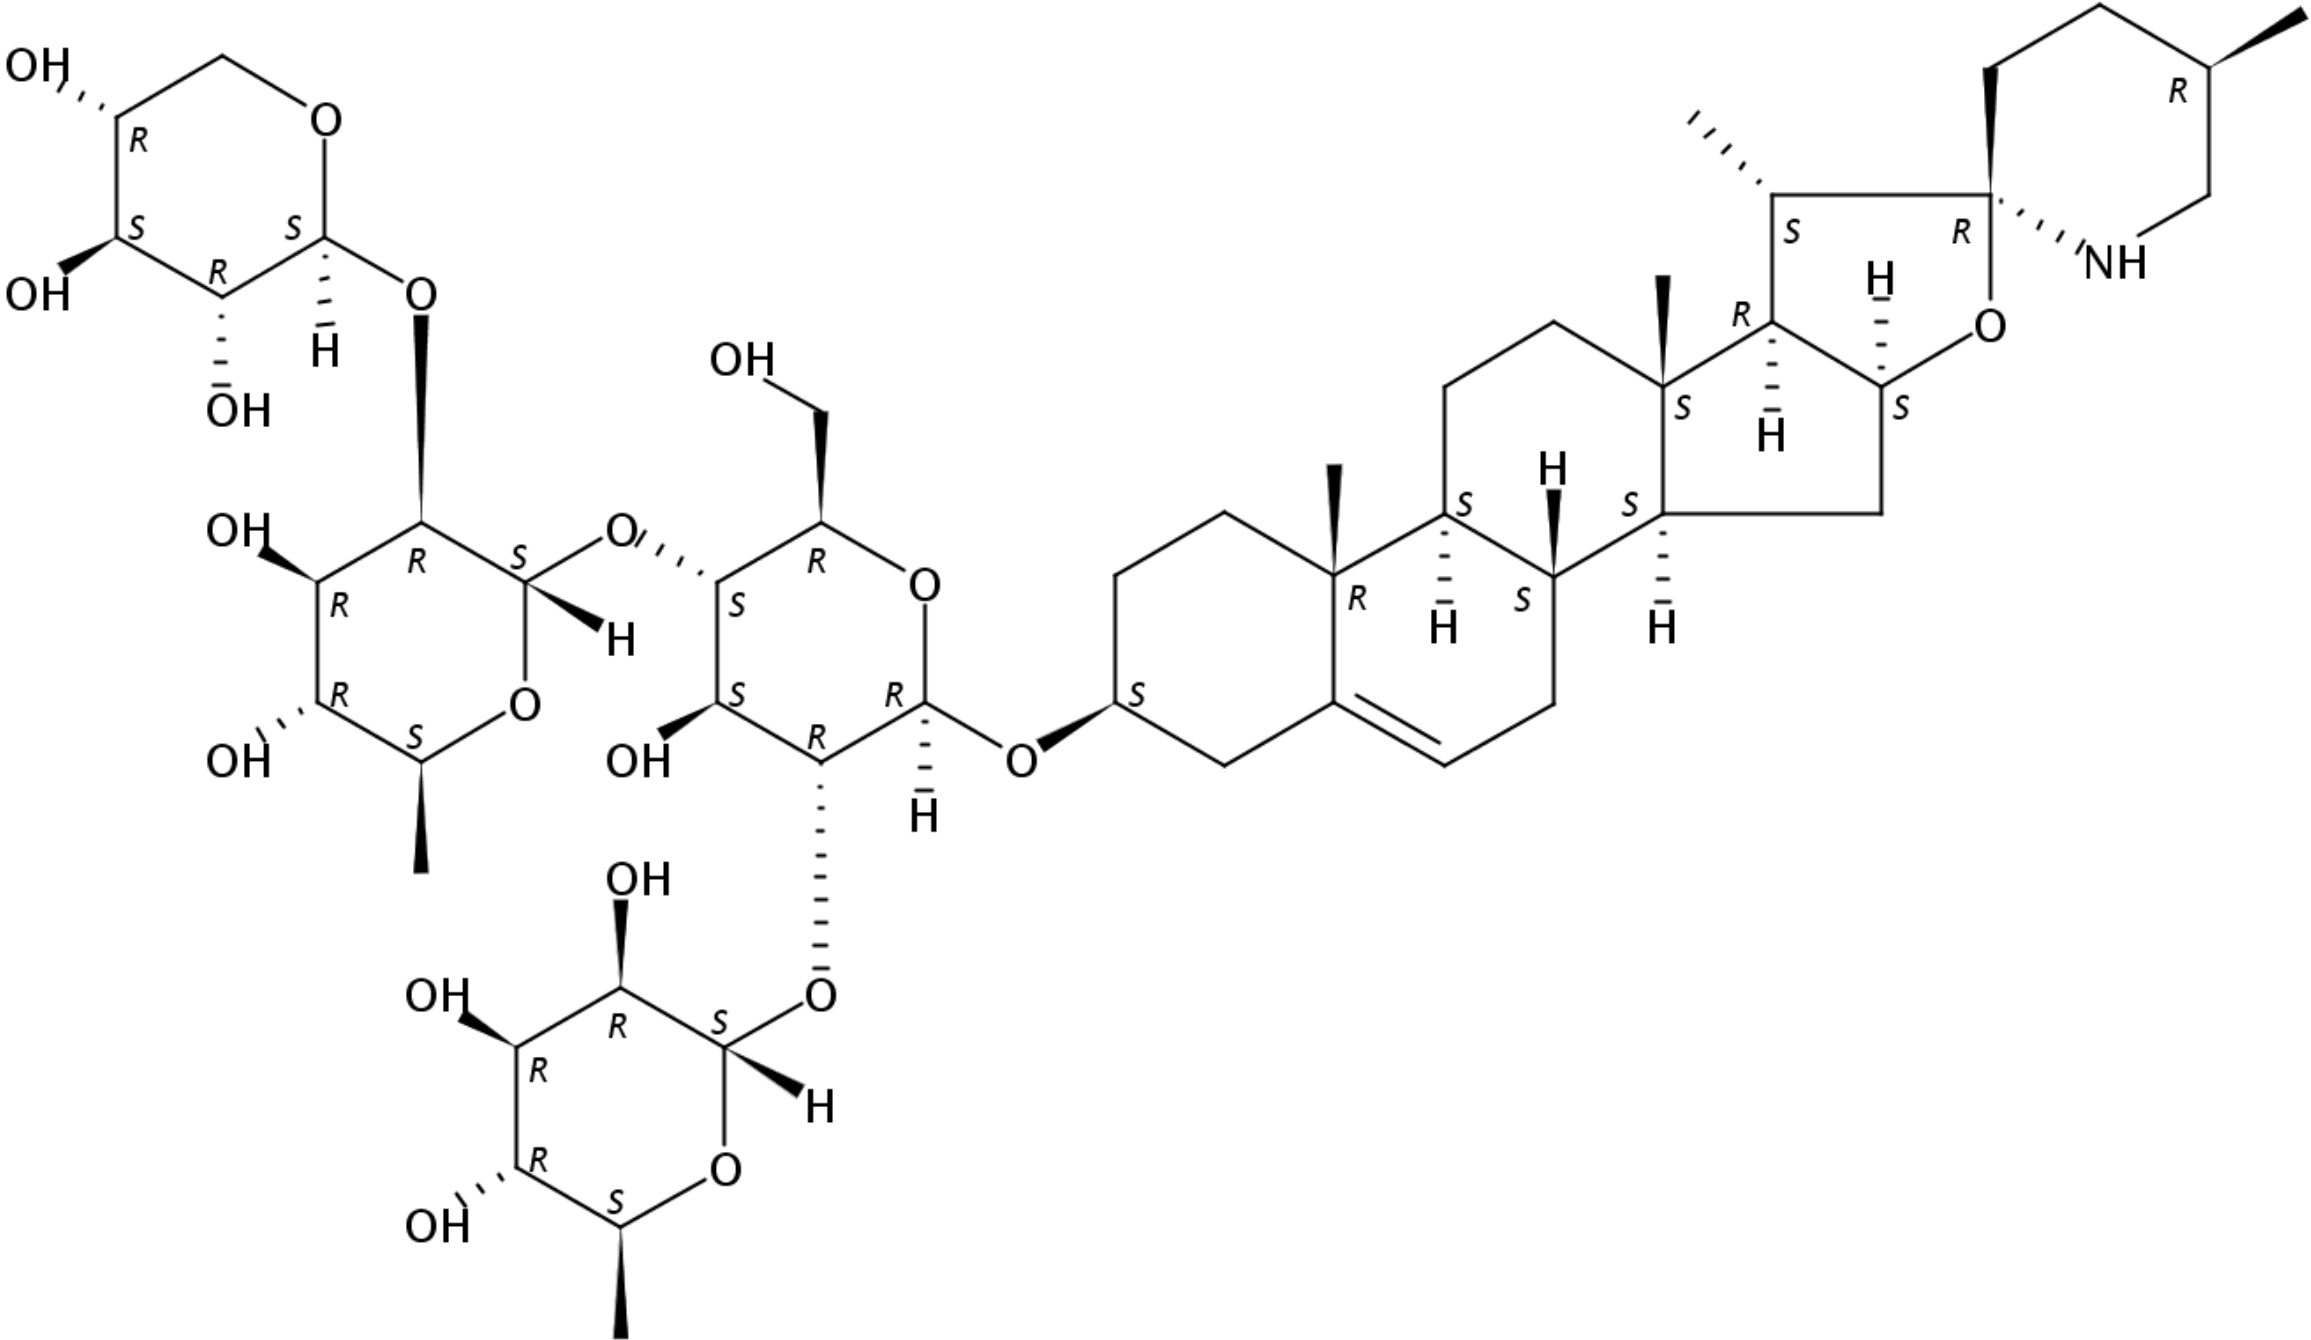

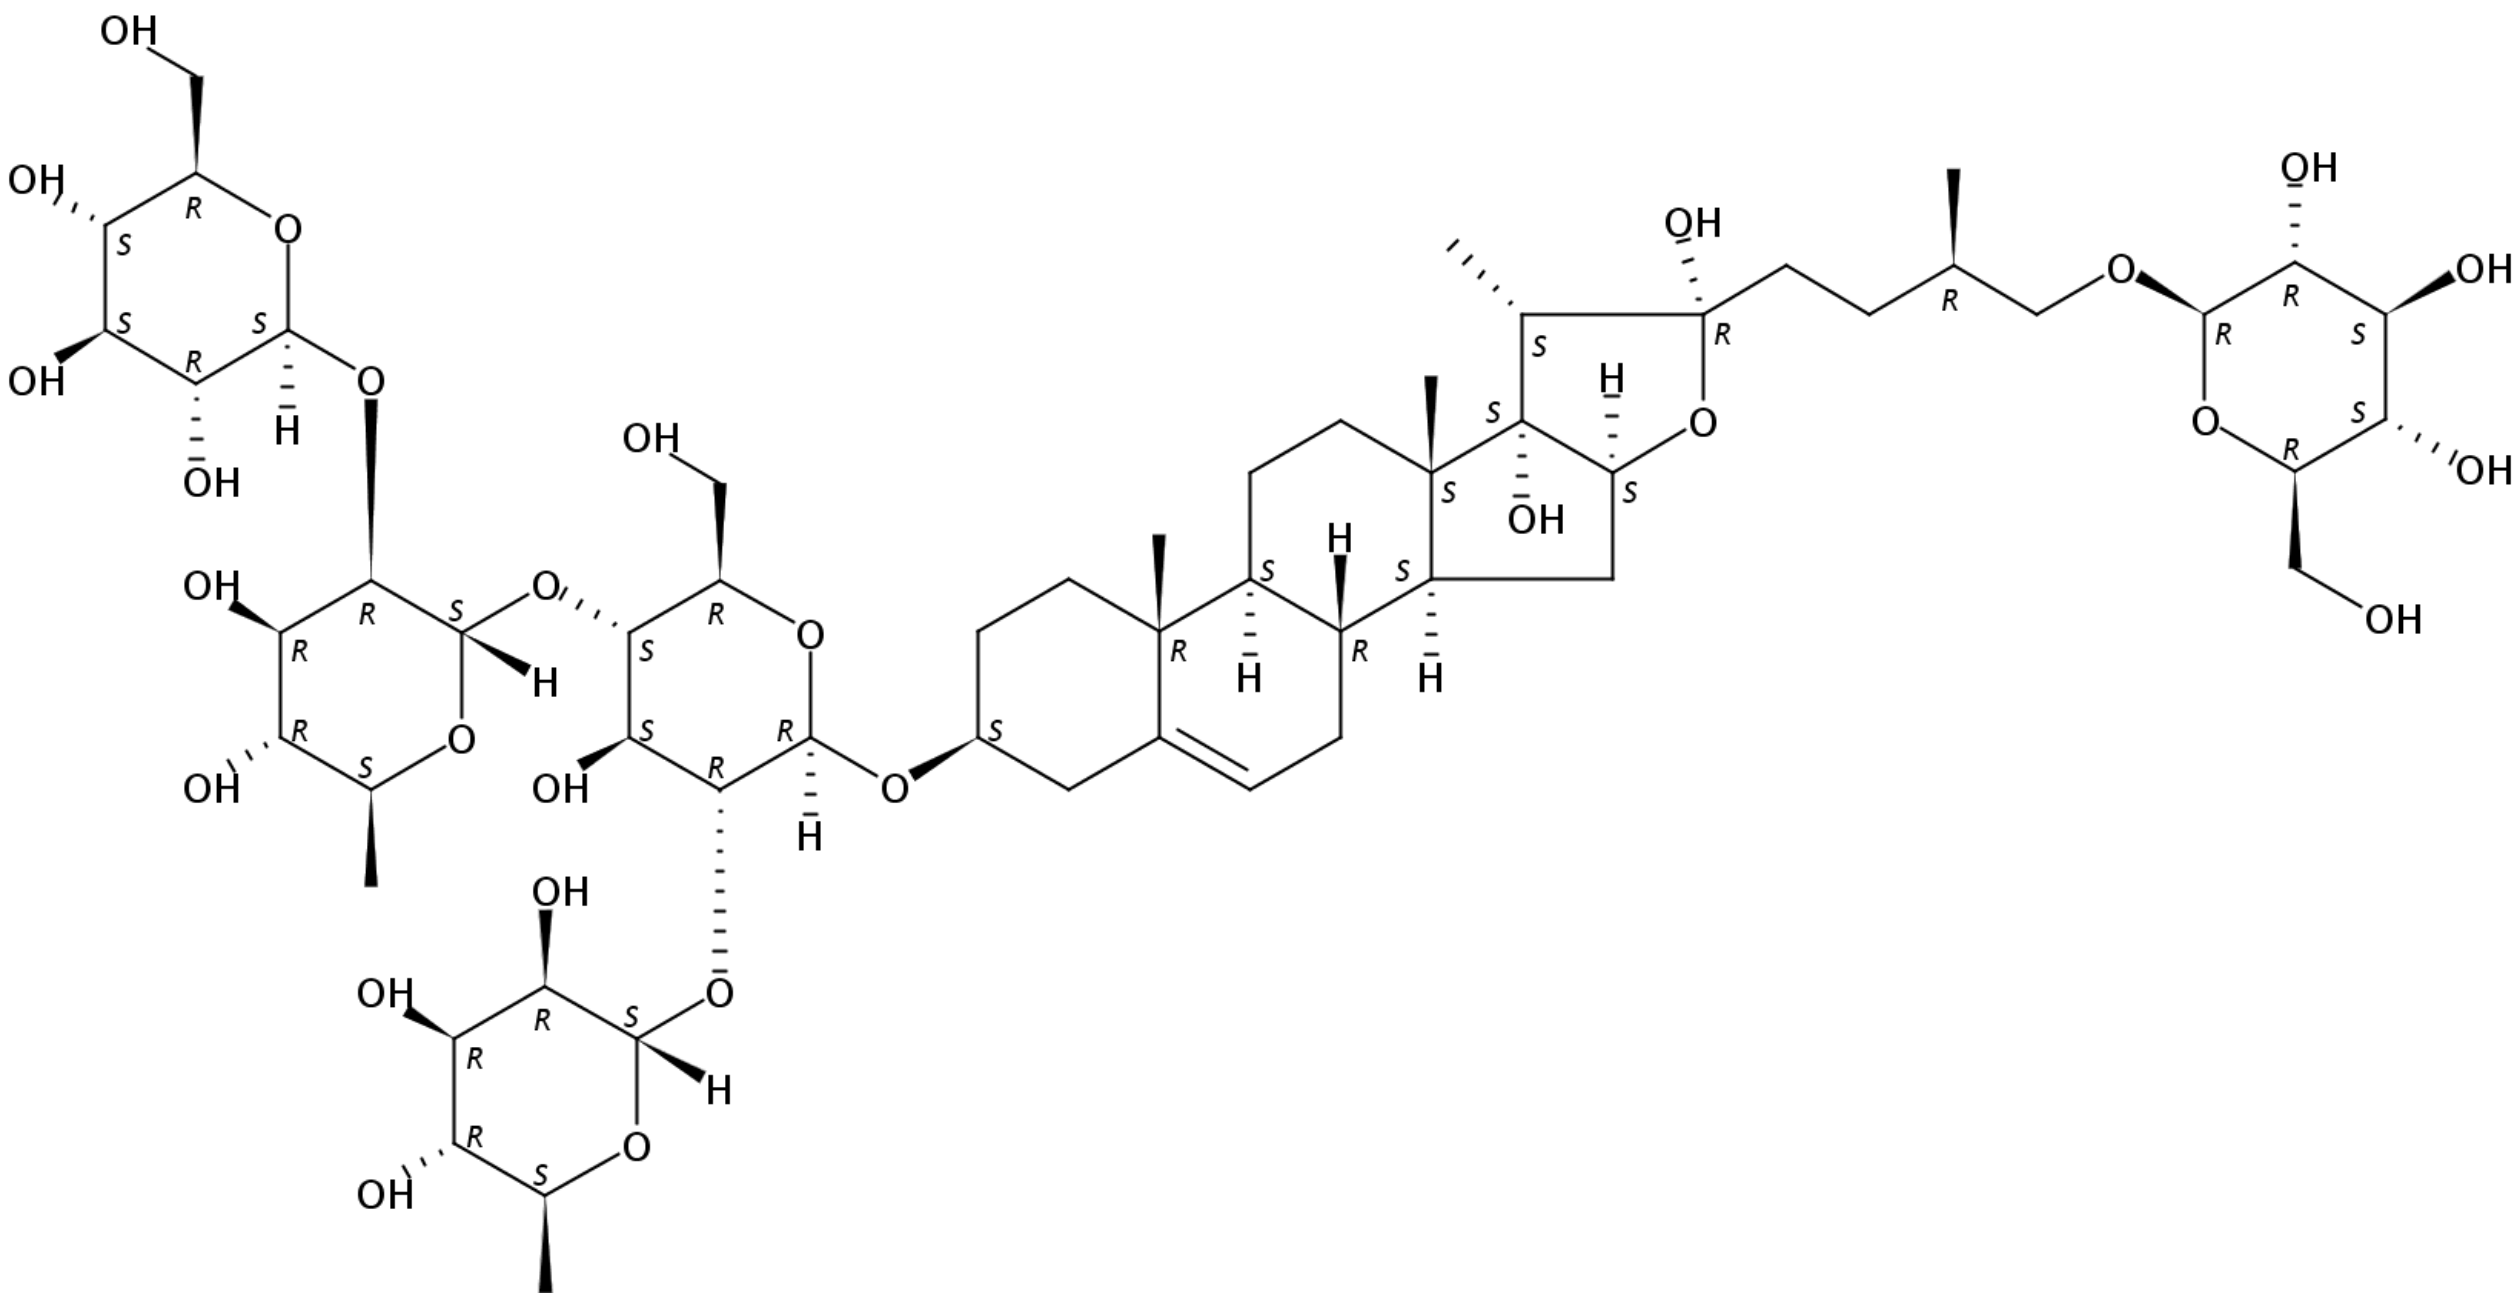

Solamarine (**15**)

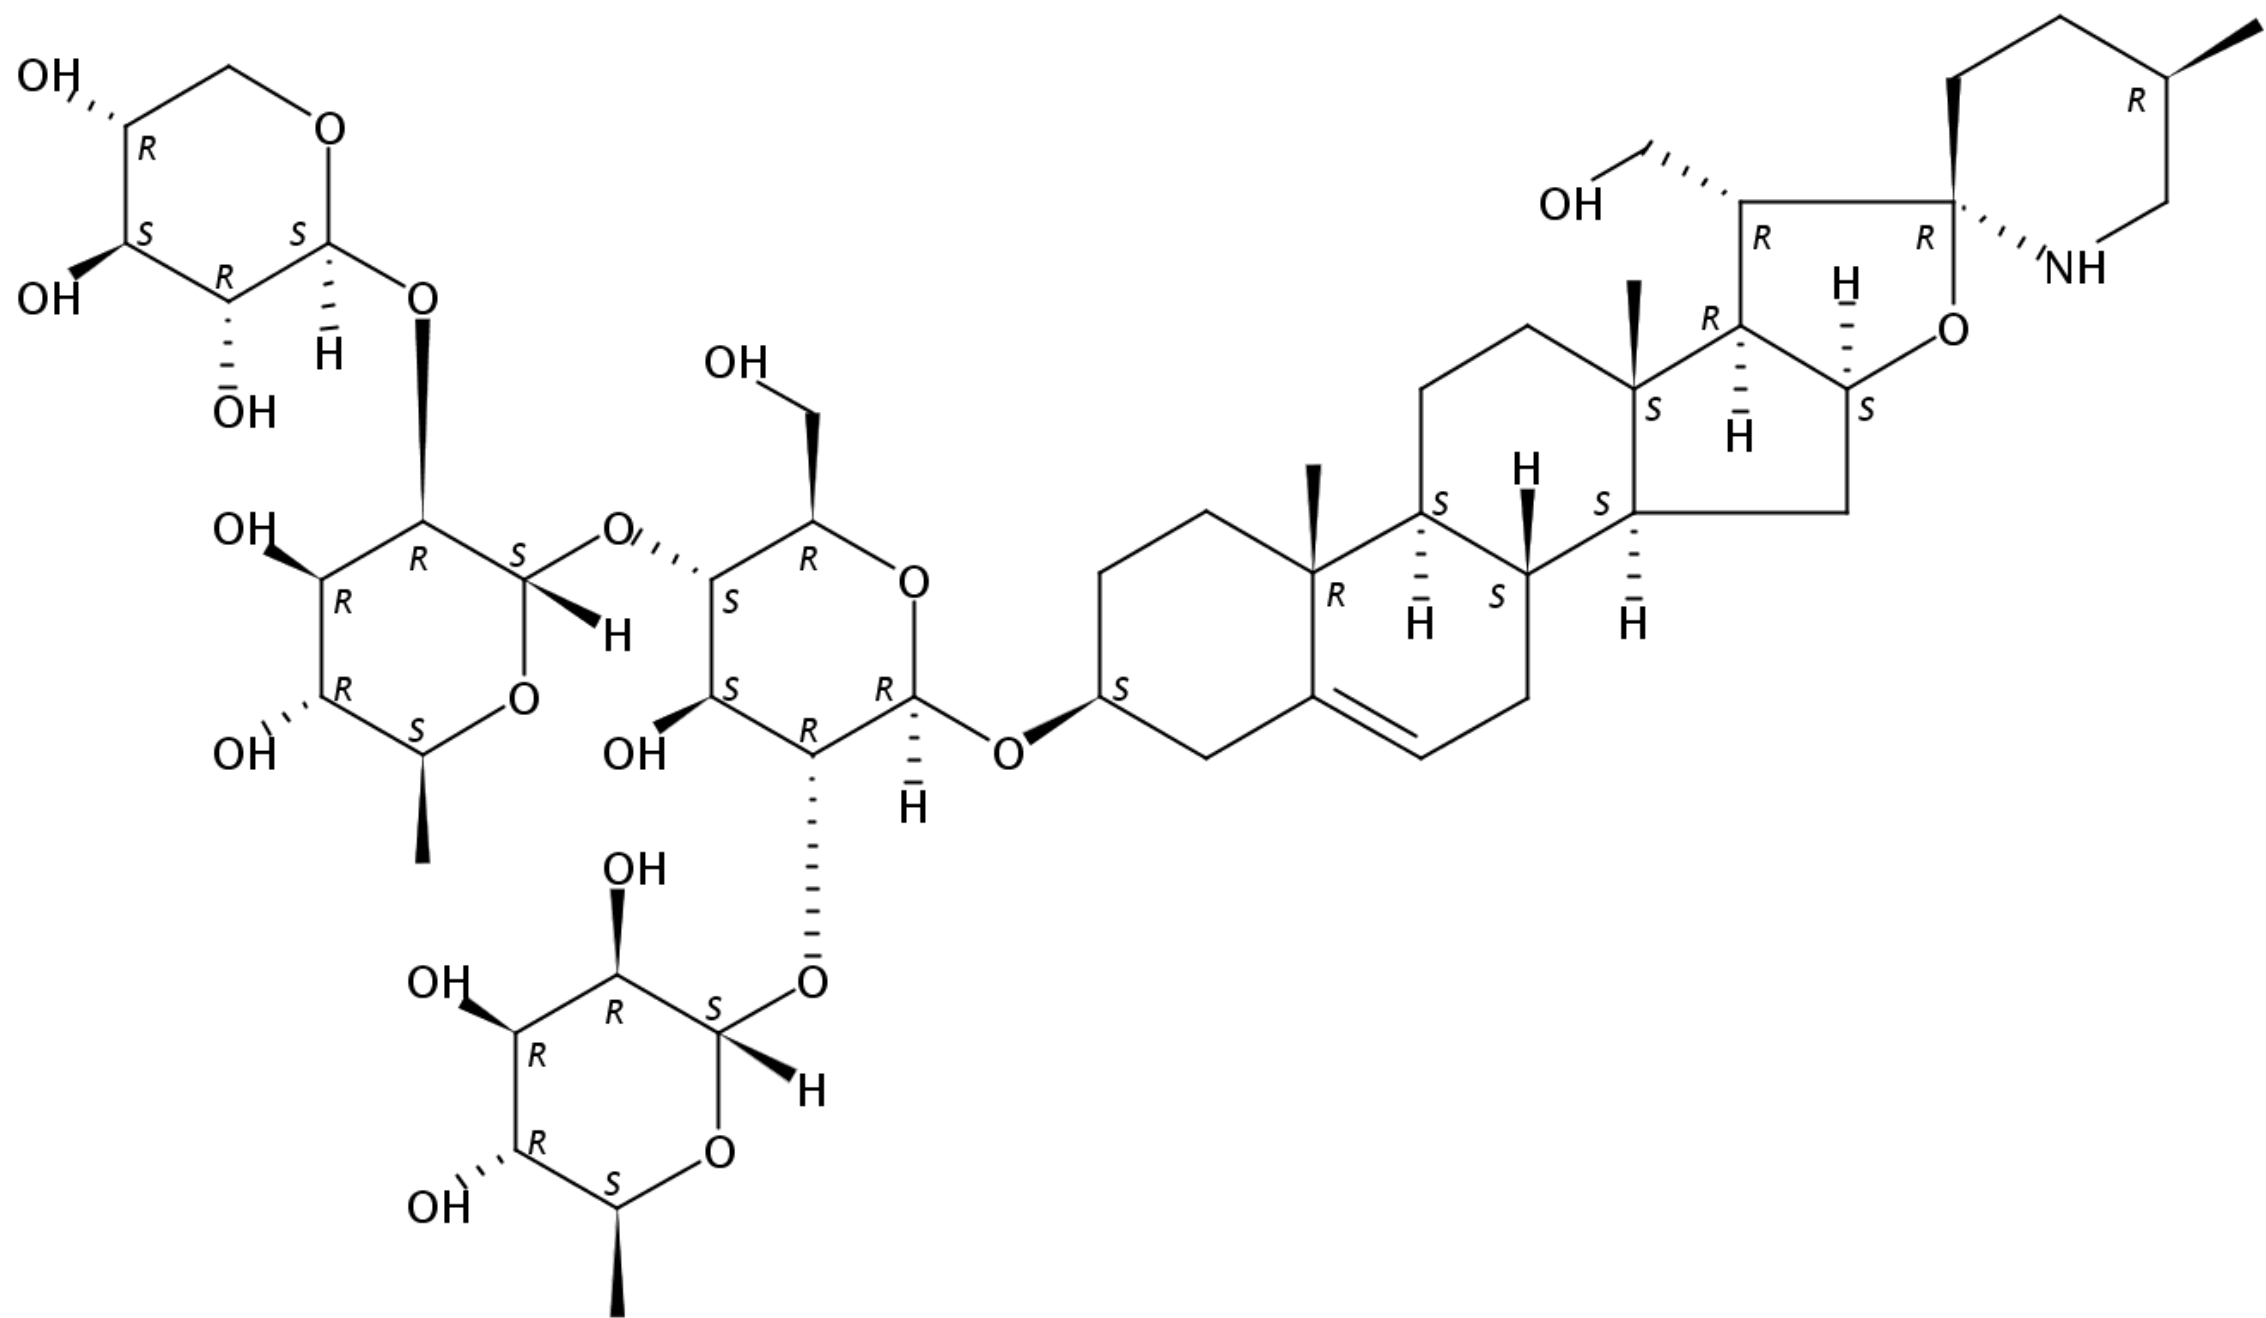

Sycophantine (**16**)

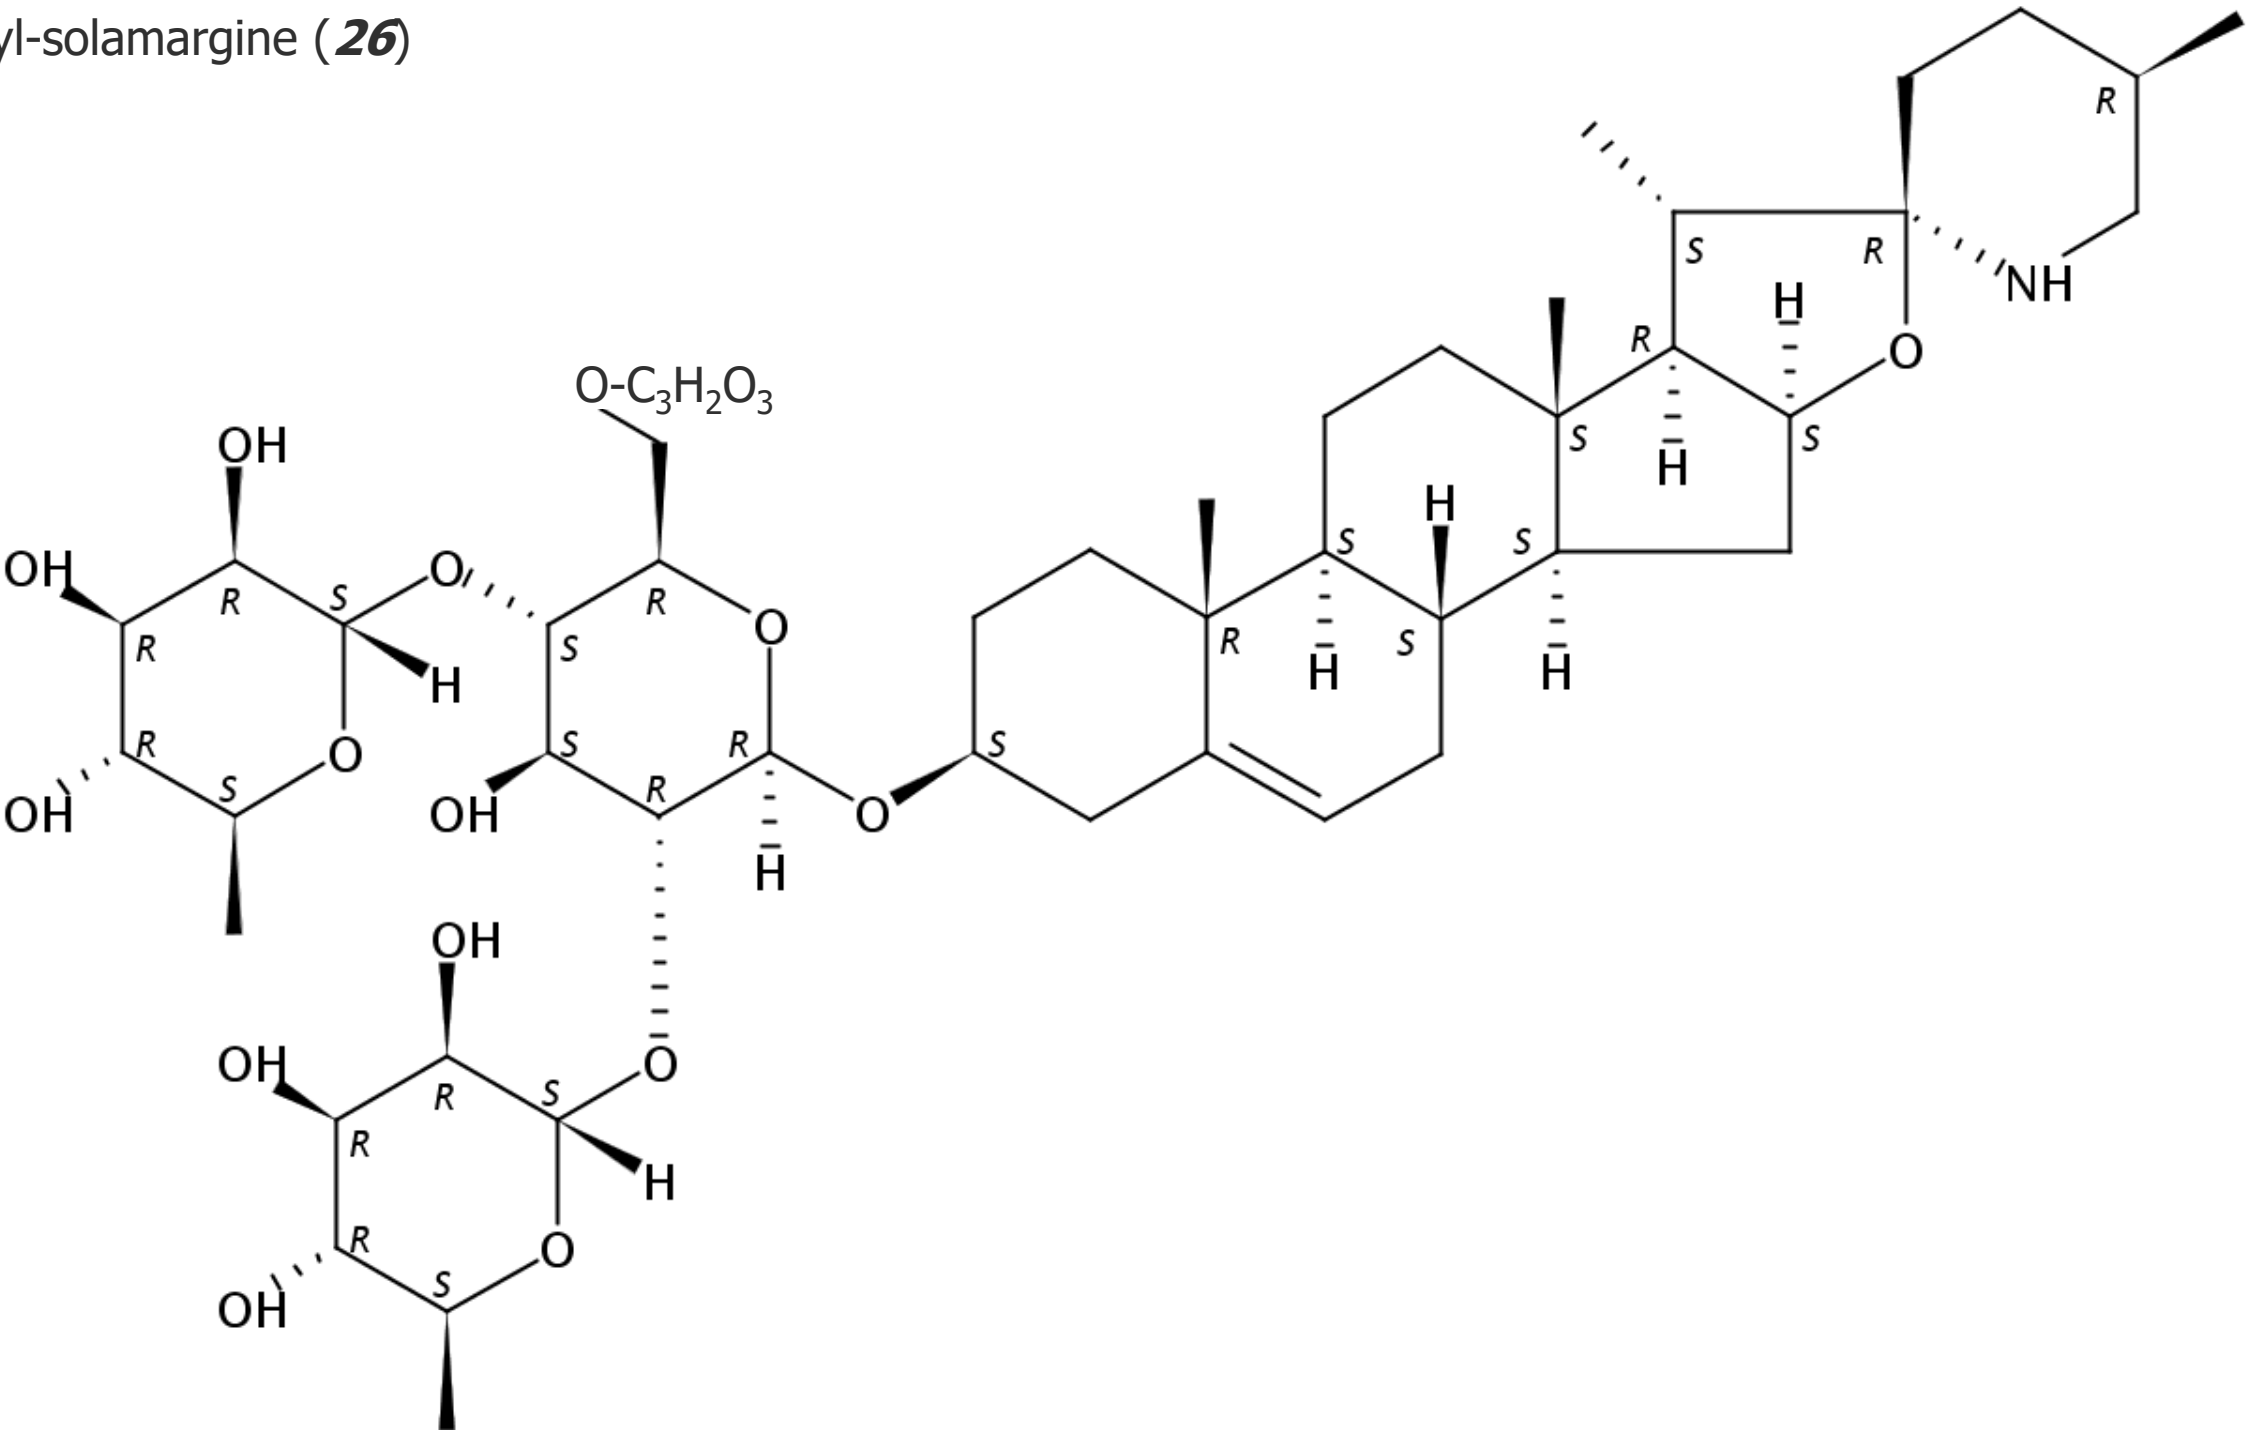

Solanigroside Y5 (**20**)

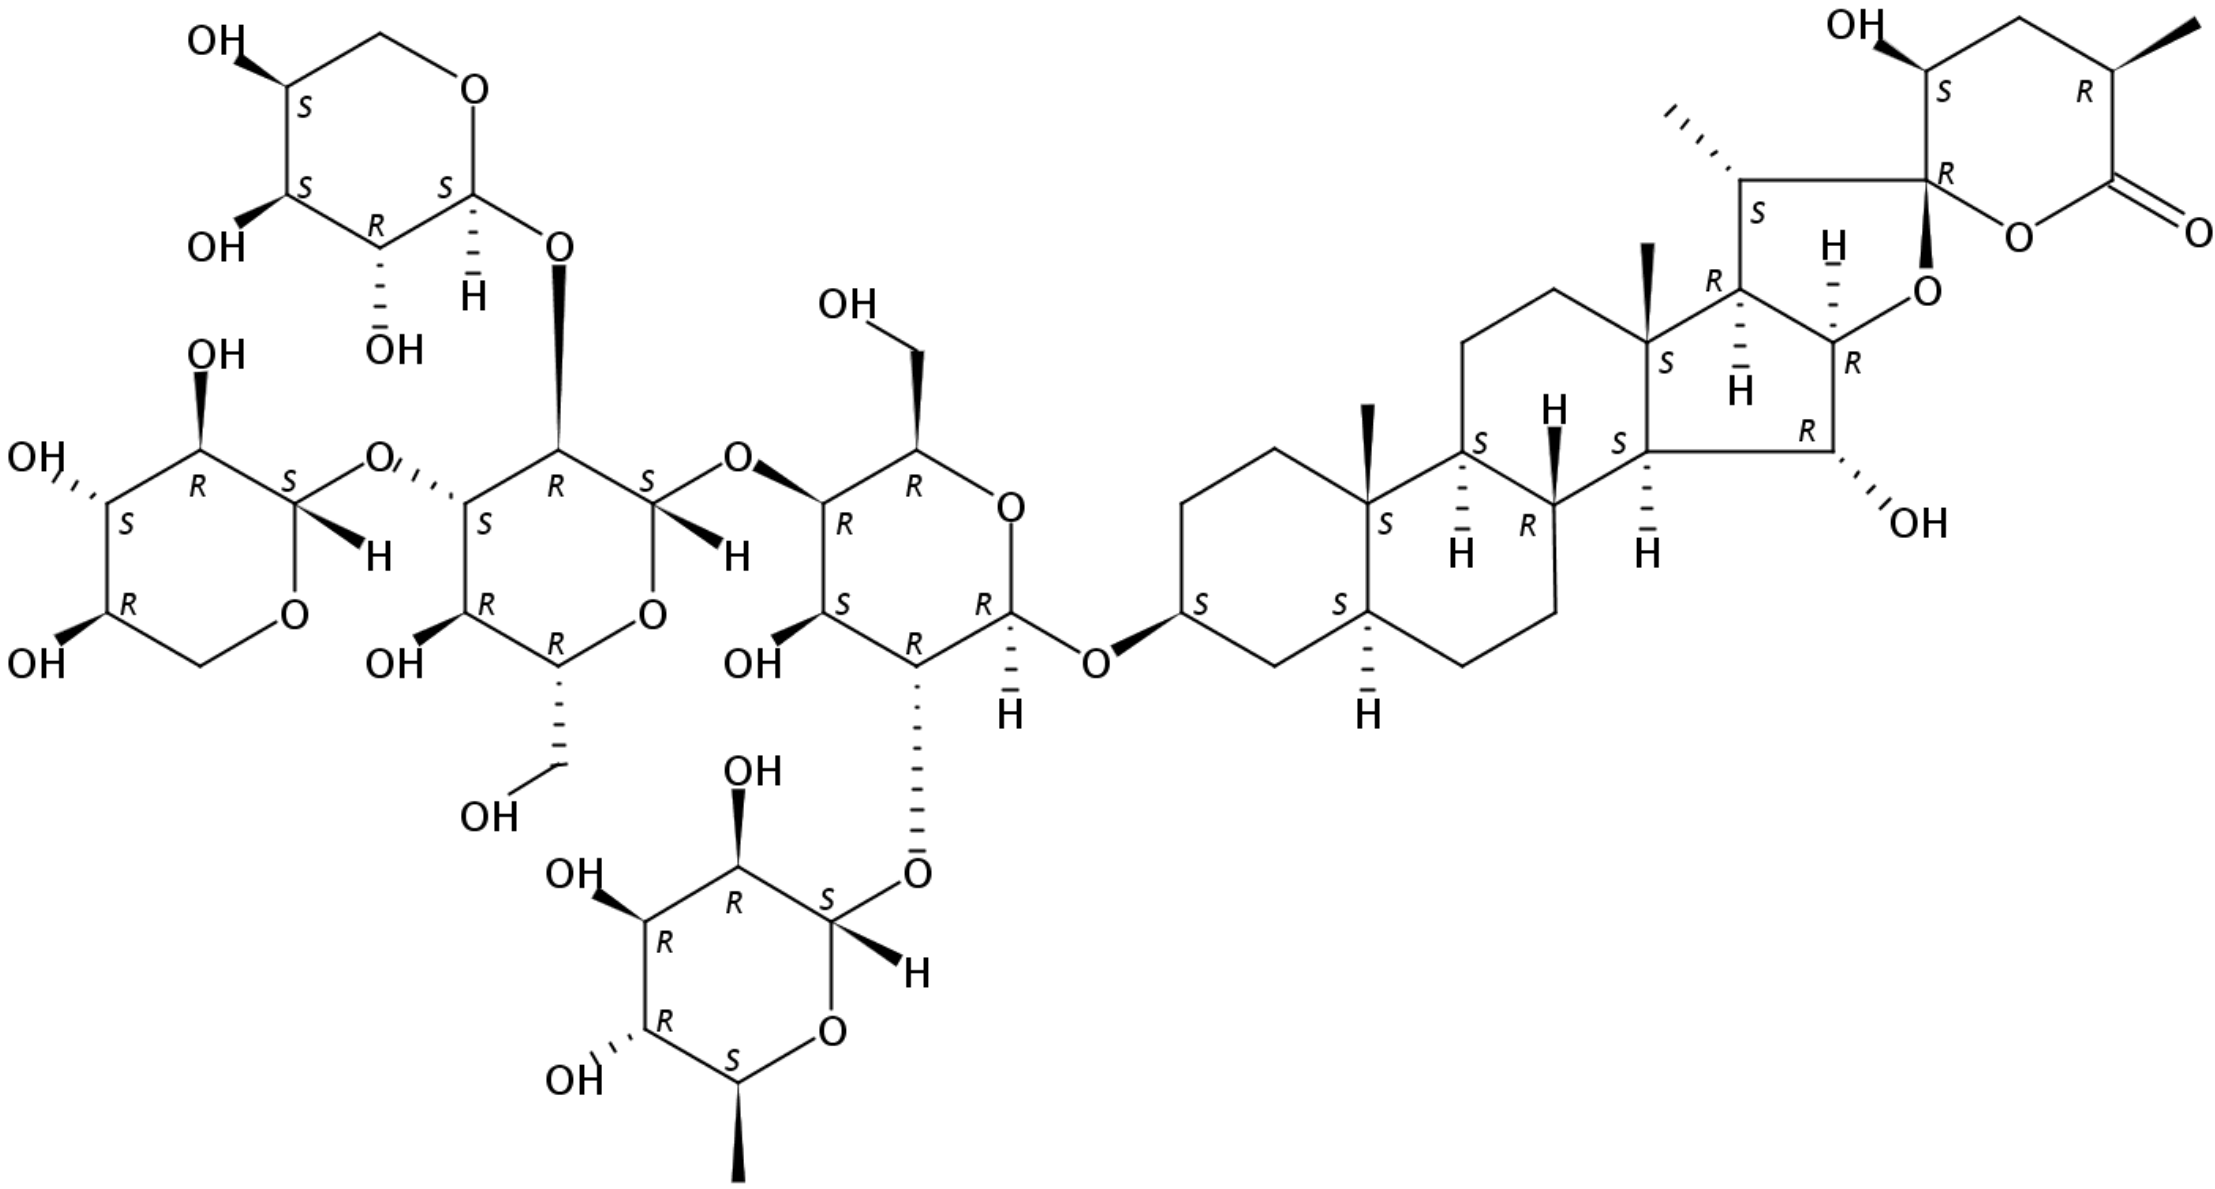

Hydroxysycophantine (**21**)

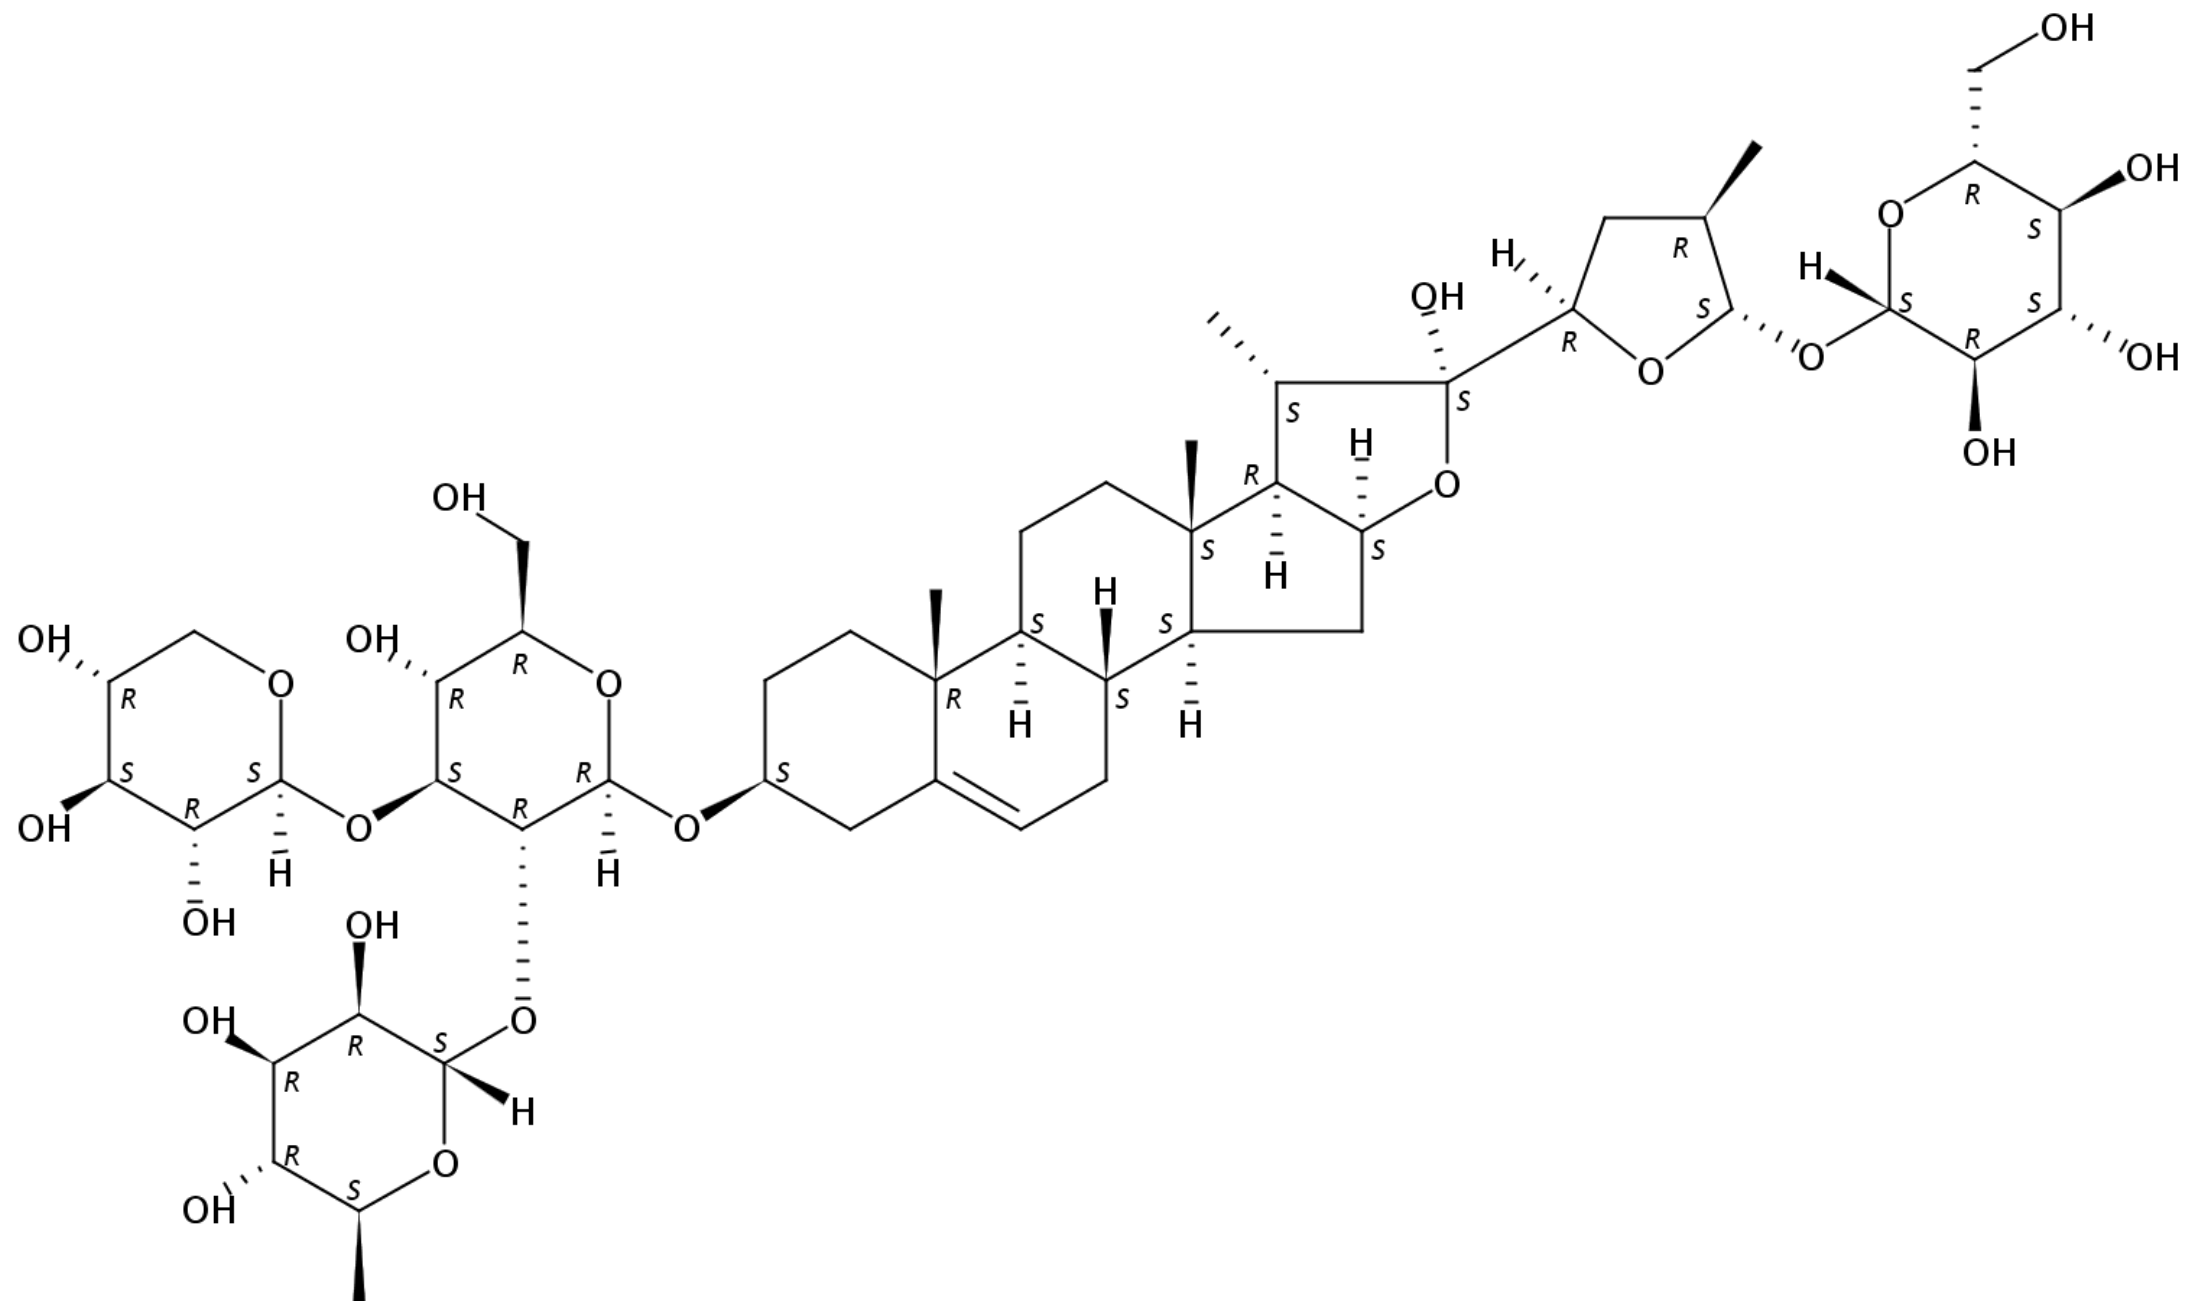

Malonyl-solamargine (**26**)

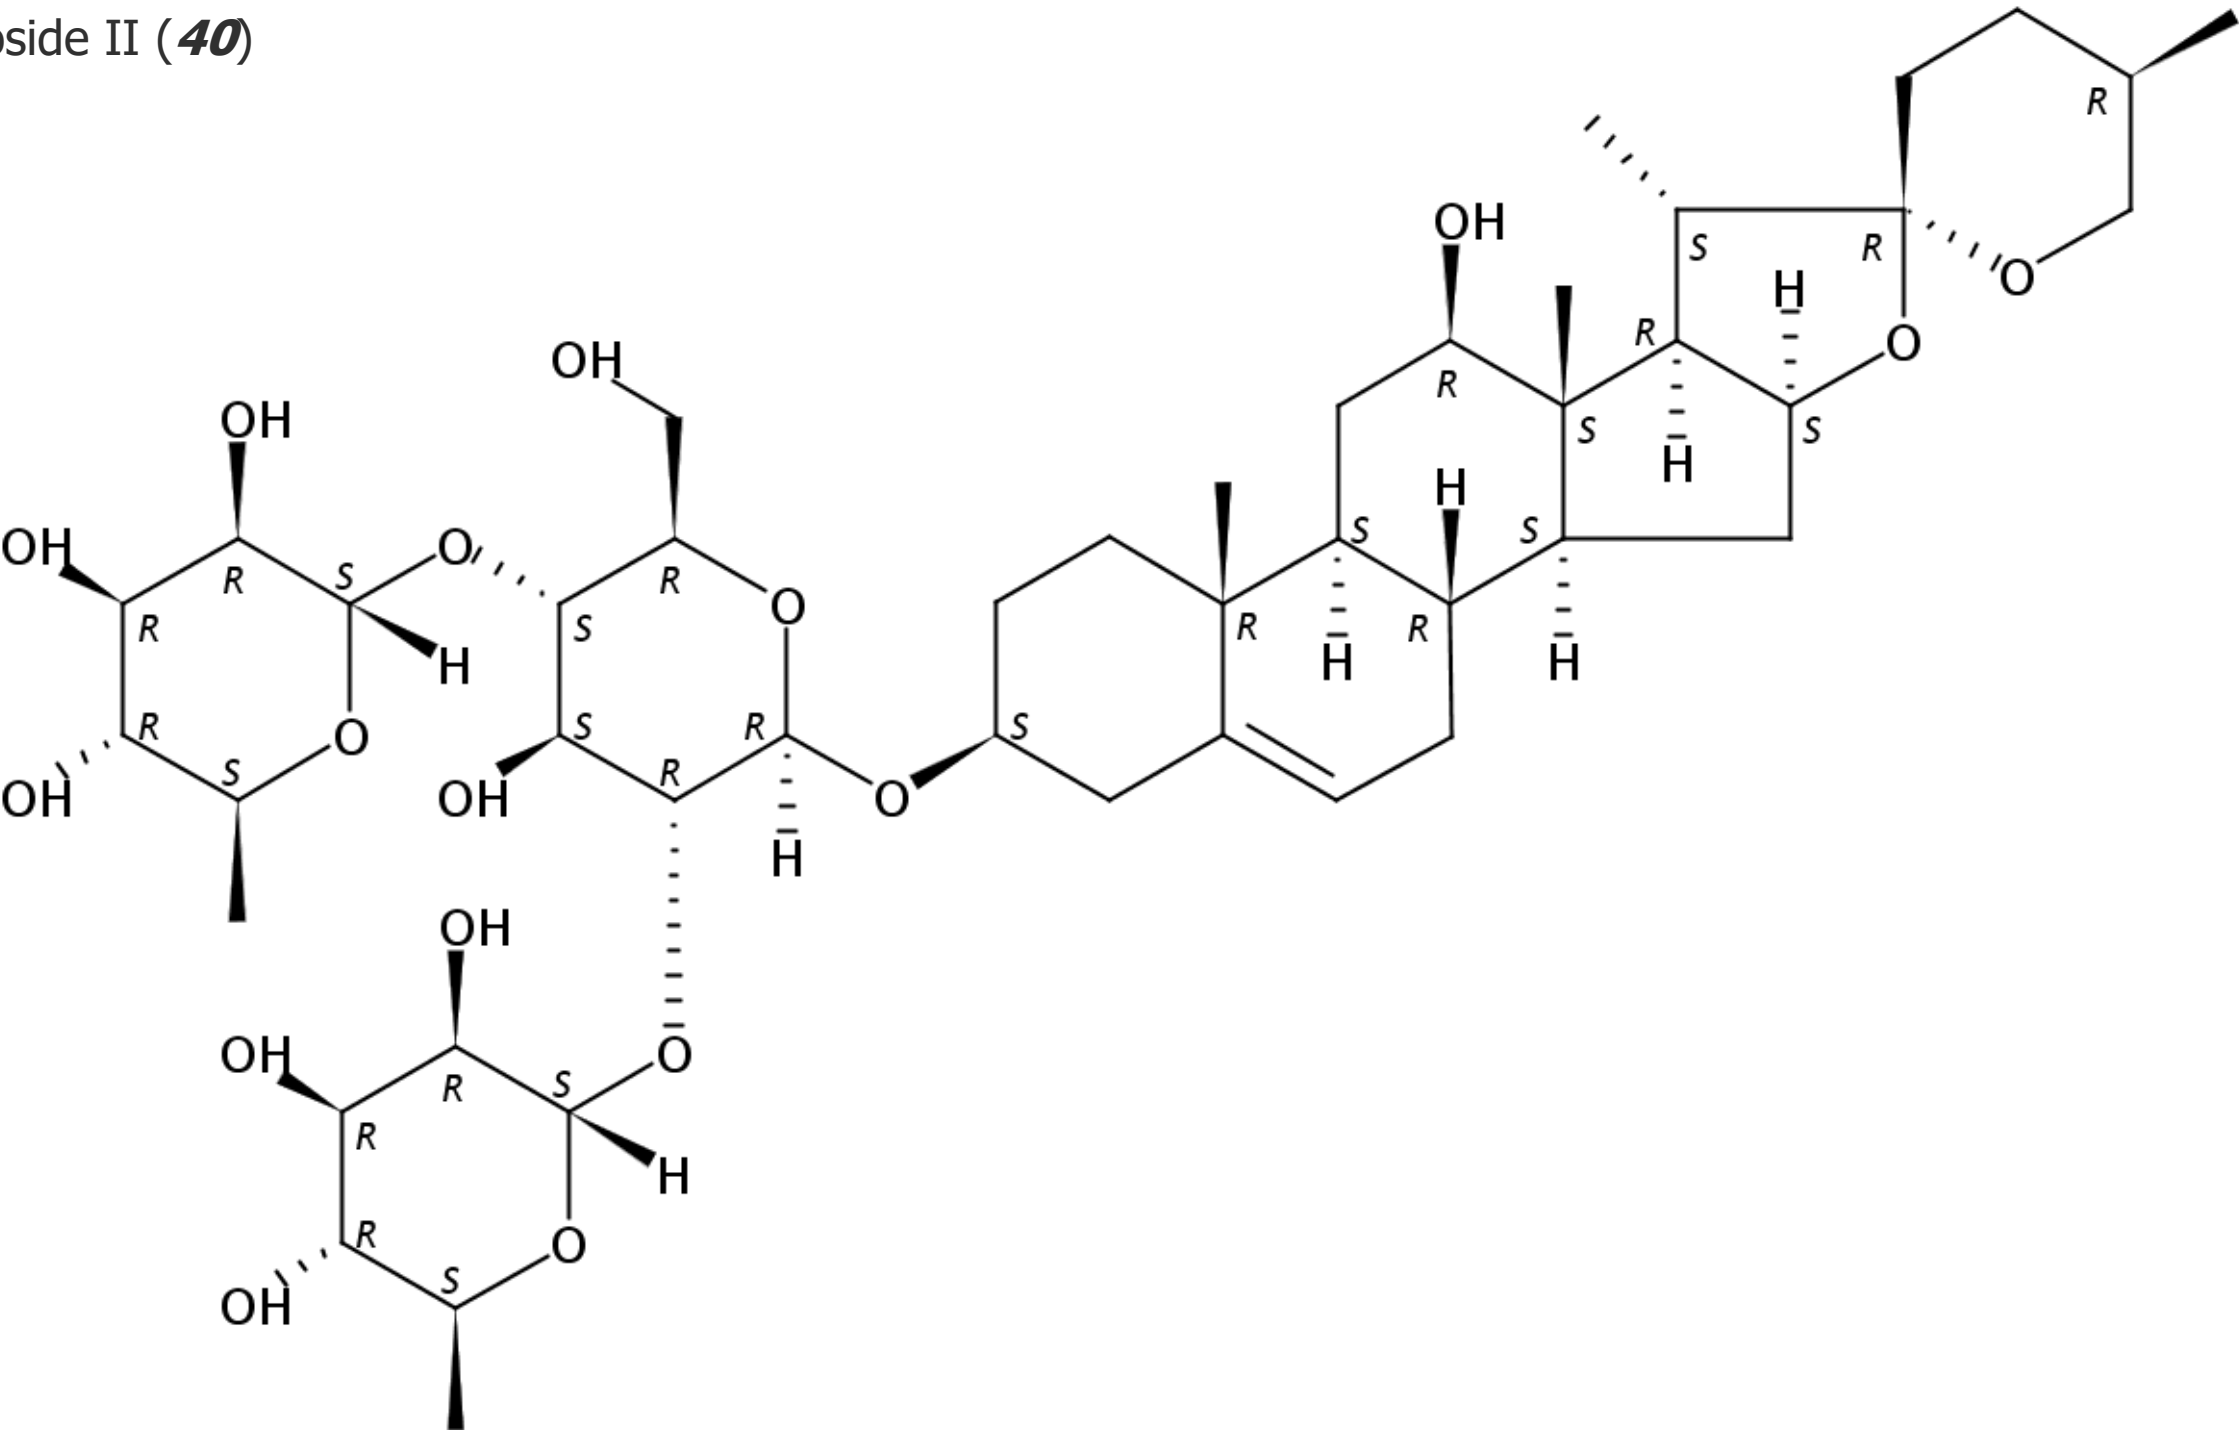

Solanigroside E (**28**)

## Anguivioside XI (**35**)

Lyconoside II (**40**)

Solanigroside D (**43**)
