

Table S1: Domains and questions included in the validated questionnaire (English translated)

<b>Item</b>	<b><u>Domain 1: Organisation of personal and professional life: time management</u></b>	<b>TD</b>	<b>ED</b>	<b>NA</b>	<b>DA</b>	<b>TA</b>
1	Research requires a lot of time and effort outside working hours.	1	2	3	4	5
2	My personal life will be negatively affected if I do research work.	1	2	3	4	5
3	Personal obligations outside working hours are an obstacle to carrying out research work.	1	2	3	4	5
4	I do not have time during working hours to devote to a research project.	1	2	3	4	5
5	Carrying out research work during working hours would hinder the performance of my duties.	1	2	3	4	5
6	The distribution of the working day into shifts makes it difficult to devote time to research.	1	2	3	4	5
7	In my job, the burden of care is one reason why it is difficult to devote time to research.	1	2	3	4	5
8	Part of the working time should be spent on research projects.	1	2	3	4	5
<b>Item</b>	<b><u>Domain 2: Knowledge and preparedness</u></b>	<b>TD</b>	<b>ED</b>	<b>NA</b>	<b>DA</b>	<b>TA</b>
9	I have sufficient knowledge to carry out a research project.	1	2	3	4	5
10	The nursing professional should read scientific journals regularly, at least once a month.	1	2	3	4	5
11	There is not enough training for nursing research.	1	2	3	4	5
12	The nursing professional must take postgraduate training courses on research.	1	2	3	4	5

13	Nursing curricula should include research training.	1	2	3	4	5
14	Knowledge of new technologies (internet, databases, etc.) facilitates research.	1	2	3	4	5
15	Knowledge of other languages facilitates research.	1	2	3	4	5
16	Nursing is equally qualified as other health professionals to carry out research studies.	1	2	3	4	5
<b>Item</b>	<b><u>Domain 3: Available resources and support</u></b>	<b>TD</b>	<b>ED</b>	<b>NA</b>	<b>DA</b>	<b>TA</b>
17	I receive support and motivation from the nursing management to do research.	1	2	3	4	5
18	Nursing research receives the same external support (grants, prizes, subsidies, publications, etc.) as that received by other health professionals.	1	2	3	4	5
19	At my workplace, I have access to sources of information for research.	1	2	3	4	5
20	Research requires financial resources that are difficult to obtain.	1	2	3	4	5
21	At my workplace, the rest of the multidisciplinary team would collaborate in a research project in nursing.	1	2	3	4	5
22	At my workplace, I have access to material resources (paper, computer, software, etc.) to carry out research.	1	2	3	4	5
23	At my workplace, I have access to scientific nursing literature.	1	2	3	4	5
24	Nurses have the same economic support as other professionals for research.	1	2	3	4	5
<b>Item</b>	<b><u>Domain 4: Professional development</u></b>	<b>TD</b>	<b>ED</b>	<b>NA</b>	<b>DA</b>	<b>TA</b>

25	Research is a function of my professional activity.	1	2	3	4	5
26	As a nurse, I have the authority to make decisions about patient care.	1	2	3	4	5
27	Nursing functions are primarily practical and do not need to include research.	1	2	3	4	5
28	I would be willing to collaborate with other professionals in their research work.	1	2	3	4	5
29	Research brings benefits to professional nursing practice.	1	2	3	4	5
30	I do not need research to improve my work.	1	2	3	4	5
31	Research is a function delegated to me by other professionals.	1	2	3	4	5
32	In nursing, it is difficult to find interesting fields in which to do research.	1	2	3	4	5
33	Research improves the recognition of the nursing profession.	1	2	3	4	5
34	Nursing is not a research-oriented profession.	1	2	3	4	5
<b>Item</b>	<b><u>Domain 5: Motivations</u></b>	<b>TD</b>	<b>ED</b>	<b>NA</b>	<b>DA</b>	<b>TA</b>
35	I would like to participate in a research project.	1	2	3	4	5
36	Being motivated in my work encourages me to do research.	1	2	3	4	5
37	I feel capable of leading a research project.	1	2	3	4	5
38	Achieving a higher degree in my professional career is an incentive to research.	1	2	3	4	5
39	A financial reward would increase research interest.	1	2	3	4	5
40	Publishing a research paper is not professionally recognized.	1	2	3	4	5

41	It is not worth researching to increase the score on my CV.	1	2	3	4	5
42	I am interested in the research work carried out at my workplace.	1	2	3	4	5

*TD: strongly disagree; ED: disagree; NA: disagree not at all; DA: agree; TA: strongly agree.*
