## Error in Figures

In the original publication [1], there were mistakes in Figures 6 and 7. We do apologize that Figures 6 and 7 were mistakes of duplicate images. We have corrected Figures 6 and 7 . The corrected Figures 6 and 7 appear below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

Figure 6. (a) HUVECs transwell assay of EL, ELI, and ELID (the scale bar $=400 \mu \mathrm{~m})$; (b) HUVECs migration number of fields for EL, ELI, and ELID (PBS as blank and $n=4$, * indicates $p \leq 0.05$ ).

Figure 7. (a) The tube formation assay of EL, ELI, and ELID (the scale bar $=400 \mu \mathrm{~m}$ ); (b) the total tube length of EL, ELI, and ELID (PBS as blank and $n=4,{ }^{*}$ means $p \leq 0.05$ ).
