Message from the Guest Editors

Aerospace is cooperating with the 13th EASN International Conference on "Innovation in Aviation & Space for Opening New Horizons" to publish this Special Issue. Authors of outstanding papers related to the following topics are invited to submit extended versions of their conference work to this Special Issue for publication:

Deadline for manuscript
submissions:

closed (31 January 2024)

- aerostructures: materials, structures, manufacturing
- maintenance, repair and overhaul (MRO)
- flight physics
- UAS and scaled flight testing
- propulsion
- hybrid electric flight
- hydrogen powered aircraft
- fuels and energy storage
- small air transport (SAT) technologies
- avionics, systems and equipment
- air traffic management and airports
- human factors
- innovative concepts and scenarios
- from Industry 4.0 to Industry 5.0
- ecoDESIGN and engineering for sustainability
- space technologies
- space applications and operations
- safety, regulation and standards
- synergies and technology transfer with the automotive industry
- European policy actions in the field of aviation and space

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within *Scopus*, *SCIE (Web of Science)*, *Inspec*, and other databases.

Journal Rank: JCR - Q1 (*Engineering, Aerospace*) / CiteScore - Q2 (*Aerospace Engineering*)
