University of Reggio Calabria,
89124 Reggio Calabria, Italy

Message from the Guest Editors

We invite scholars to submit manuscripts (e.g., research articles, reviews, meta-analyses) that address the various aspects of C and N cycling in agriculture—from molecular to agro-ecosystem/regional/global scales. Contributions may include, but are not limited to, the following topics:

- C and N turnover in agricultural soils;
- Assessing and mitigating GHG emissions from agriculture;
- Improving C sequestration in agricultural soils;
- Improving N-use efficiency in crops;
- Managing C and N cycling to enhance ecosystem services from agriculture;
- Modeling C and N dynamics in the soil-plant-atmosphere system.

Deadline for manuscript
submissions:

closed (15 April 2023)

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, crossdisciplinary and scholarly open access journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. *Agriculture* is published in an open access format – research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases.

Journal Rank: JCR - Q1 (*Agronomy*) / CiteScore - Q2 (*Plant Science*)
