Deadline for manuscript
submissions:

closed (30 April 2024)

Message from the Guest Editors

Dear Colleagues,

As the guest editors of the upcoming Special Issue of *Agronomy* entitled “Novel Insights Into Abiotic Stress Tolerance of Crops”, we would like to invite you to participate by contributing the latest findings connected with novel biotechnological approaches and green technologies that have been implemented in abiotic stress studies and which could be beneficial in the remodeling and improvement of crop tolerance. Potential authors are encouraged to contribute to this Issue with discussions of environmentally friendly protocols and equipment in the form of original research, opinion articles, or reviews. This Issue will also cover all types of plant stress responses on cellular, biochemical, physiological, molecular, and metabolic levels.

Dr. Tihana Marček

Dr. Marija Viljevac Vuletić

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (*Agronomy*) / CiteScore - Q1 (*Agronomy and Crop Science*)
