Higher Institute of Agronomy,  
Edifício Ferreira Lapa, University  
of Lisbon, 1349-017 Lisboa,  
Portugal

### Message from the Guest Editors

In this Special Issue of *Agronomy*, we focus on the potential of orphan crops to contribute to food security, discussing new genetic, ecological, and breeding programs for the uptake of these species in the future as new crops.

Deadline for manuscript  
submissions:

**closed (30 June 2022)**

## **Message from the Editor-in-Chief**

*Agronomy* draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

## **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

**Journal Rank:** JCR - Q1 (*Agronomy*) / CiteScore - Q1 (*Agronomy and Crop Science*)
