Message from the Guest Editors

Dear Colleagues,

Horses, due to their multiple status of companion, leisure, sport and livestock animals, have to face major modifications of their environment and life conditions from their youngest age. These constraints may include, but are not restricted to, social, spatial, nutritional and physical restrictions, as well as the omnipresence of humans, which can impact the welfare state. There is evidence that horses' welfare and perception of humans are closely linked, as the first can impair the second and vice versa.

We invite original research or review papers that address the improvement of all the potential components of horse welfare, including breeding and weaning conditions, management, working conditions, welfare evaluation, and the management of geriatric horses. Additional topics may include horse education, transportation and the effect of training on the improvement and evaluation of horse welfare. As the definition of welfare depends on constant states, cases of acute pain or sickness states will not be treated in this Special Issue.

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 3.0 (2022, ranks 12 /62 (Q1) in ‘Agriculture, Dairy & Animal Science’; 13/143 (Q1) in ‘Veterinary Sciences’), 5-Year Impact Factor: 3.2.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank: JCR - Q1 (*Veterinary Sciences*) / CiteScore - Q1 (*General Veterinary*)
