Message from the Guest Editors

Dear Colleagues,

A research article or review on any subject related to retinal pigment epithelium (RPE) metabolism, mitochondrial homeostasis, inflammation, or the crosstalk with cellular organelles is welcome to the Special Issue. Studies on antioxidants and related factors in in vitro and in vivo models of age-related macular degeneration (AMD) are also among the interesting topics.

Keywords:

- RPE
- AMD
- oxidative stress
- antioxidants
- mitochondrial dysfunction
- autophagy
- inflammation
- neovascularization
- targeted therapy

Deadline for manuscript
submissions:

Message from the Editor-in-Chief

It has been recognized in medical sciences that in order to prevent adverse effects of "oxidative stress" a balance exists between prooxidants and antioxidants in living systems. Imbalances are found in a variety of diseases and chronic health situations. Our journal *Antioxidants* serves as an authoritative source of information on current topics of research in the area of oxidative stress and antioxidant defense systems. The future is bright for antioxidant research and since 2012, *Antioxidants* has become a key forum for researchers to bring their findings to the forefront.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [PubAg](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Food Science*)
