Message from the Guest Editor

Dear Colleagues,

We are pleased to announce the Special Issue entitled “Feature Papers in *Applied Biosciences* 2023” in *Applied Biosciences* (ISSN 2813-0464) and welcome the submission of manuscripts from Editorial Board Members and from outstanding scholars invited by the Editorial Board Members and the Editorial Office. The following are suggested (as examples of options) for submission topics:

- Advances in drug discovery;
- Microscopy and molecular imaging technology developments;
- Advances in antibody engineering and enzyme engineering;
- Novel bioassay technologies;
- New bioinformatics tools;
- Recent applications of genome engineering in plants or animals;
- Applications of nanobiotechnology;
- Advances in the production and use of biopolymers;
- Novel vaccine technologies/mRNA vaccines;
- Algal products and production systems;
- Advances in long-read DNA sequencing;
- Biomass processing technologies;
- Advances in rapid diagnostics;
- Production of biomaterials and biofuels;
- Advanced biomanufacturing.
