Message from the Guest Editors

Dear Colleagues,

The 9th national conference on applied geochemistry in China will be held in Chengdu, Sichuan province, on 28-31 October and hosted by the committee of applied geochemistry, Chinese Society for Mineralogy, Petrology and Geochemistry (CSMPG). This dedicated Special Issue is being organized to facilitate academic exchange on applied geochemistry through the presentation of new advances and case illustrations in this field.

This Special Issue will publish high-quality original research papers covering the following topics:

- Geochemical exploration and resource geochemistry;
- Geochemical survey and environmental geochemistry;
- Agricultural and ecological geochemistry;
- Geochemistry of geological disaster response;
- Applied geochemistry in other social services.
- Big data in applied geochemistry.

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
