axioms

Dear Colleagues,

We are pleased to announce the winner of the *Axioms* 2022 Best Paper Award for 10th Anniversary Special Issues. All papers published in the Special Issues "10th Anniversary of *Axioms*: Mathematical Physics", "10th Anniversary of *Axioms*: Algebra and Number Theory", "10th Anniversary of *Axioms*: Mathematical Analysis", "10th Anniversary of *Axioms*: Logic", and "10th Anniversary of *Axioms*: Geometry and Topology" were considered for the award. After a thorough evaluation of the originality and significance of the papers, citations, and downloads, one winner was selected.

2022 BEST PAPER
WINNER
FOR ANNIVERSARY SPECIAL ISSUES

Nonhomogeneous Dirichlet Problems with Unbounded Coefficient in the Principal Part.
By Dumitru Motreanu
Axioms **2022**, *11*(12), 739; doi.org/10.3390/axioms11120739

The winner will receive CHF 500 and a chance to publish a paper in *Axioms* in 2023 after peer review.

Please join us in congratulating the winner of *Axioms* 2022 Best Paper Award for 10th Anniversary Special Issues. We would also like to take this opportunity to thank all our authors for your continued support of *Axioms*.
