### Message from the Guest Editors

Dear Colleagues,

The journal *Axioms* is an international, open access journal which provides an advanced forum for studies related to mathematics, mathematical logic and mathematical physics. This Special Issue focuses on Applied Mathematics and Artificial Intelligence, since they have a wide range of applications in real life, such as engineering, physics, medicine, and economics. The aim of this Special Issue is to seek advancements in the discourse on all aspects of Applied Mathematics and Artificial Intelligence. This Special Issue invites papers on innovative proposals of the theory and application of Applied Mathematics and Artificial Intelligence.
