Research, Tijuana Institute of
Technology, Tijuana 22414,
Mexico

Deadline for manuscript
submissions:

closed (31 August 2021)

Message from the Guest Editor

The main aim of this Special Issue is to organize a forum to provide innovative approaches to handle various fuzzy controllers, adaptive control strategies, time-delay nonlinear systems, cooperative control, and hybrid intelligent control. We want to offer an opportunity for researchers and practitioners to identify new promising research directions in this area.

Keywords

- Type-1 fuzzy control
- Type-2 fuzzy control
- fuzzy neural networks in control
- metaheuristics in fuzzy control
- evolutionary fuzzy control
- genetic fuzzy control
- fuzzy PID control
- robot control
