Message from the Guest Editor

This Special Issue "Biomedical Applications of Collagen" aims to promote a set of comprehensive reviews on the latest advances in collagen research from a biomaterials perspective. This special issue brings together contributions from worldwide experts on drug delivery, wound healing and skin regeneration, tissue scaffolds, bone grafts, artificial blood vessels and valves etc.

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Bioengineering* (ISSN 2306-5354). *Bioengineering* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. *Bioengineering* provides an advanced forum for the science and technology of bioengineering. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Biomedical*)
