

HIV-Associated Immune Activation and Inflammation: Current Understanding and Future Perspectives

Guest Editor:

Dr. Susan Pereira Ribeiro

Emory Vaccine Center, Pathology
Advanced Translational Research
Unit (PATRU), Department of
Pathology, Winship Cancer
Institute, Emory University,
School of Medicine, Atlanta, GA
30322, USA

Deadline for manuscript
submissions:

30 June 2024

Message from the Guest Editor

Authors are invited to submit their original research, communications, and review articles to *Biomedicines*. Potential topics include, but are not limited to:

- Strategies for the modulation of inflammation in PLWH;
- In vivo and in vitro models of immune modulation during HIV;
- HAND: HIV-associated neurocognitive disorder;
- Drivers of systemic inflammation in PLWH;
- Drivers of neuro-inflammation in PLWH;
- Strategies to modulate the HIV reservoir (activation, inactivation);
- Cellular therapies for HIV cure;
- The role of cytokines in HIV persistence and impaired immunity;
- Dissecting the mechanism of inflammation;
- Dissecting the mechanisms of viral persistence.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPUS / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Medicine (miscellaneous)*)
