Liquid Biopsy: Latest Insights into the Biological Significance of Circulating Tumor Cells

Guest Editor:

Dr. Valentina Magri

Department of Radiological,
Oncological and Pathological
Sciences, Sapienza-University of
Rome, 00161 Rome, Italy

Deadline for manuscript
submissions:

15 August 2024

Message from the Guest Editor

Dear Colleagues,

We are pleased to invite you to contribute to this Special Issue with original research articles and reviews, focused on new biological insights into the nature of circulating tumor cells in different tumor types. Topics of interest may include (but are not limited to) the following:

- New biological features of circulating tumor cells;
- Structural characteristics of circulating tumor cells;
- Structural/phenotypical-based classifications of circulating tumor cells;
- The impact of these newly identified CTC characteristics on the clinical decision-making process.

We look forward to receiving your manuscripts.

Message from the Editor-in-Chief

Biomedicines (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Medicine (miscellaneous)*)
