Deadline for manuscript  
submissions:

**closed (15 March 2022)**

### Message from the Guest Editor

Dear Colleagues,

This is the second volume of the Special Issue "Crosstalk between Depression, Anxiety, and Dementia: Comorbidity in Behavioral Neurology and Neuropsychiatry".

This Special Issue highlights the most recent research on molecular and cellular mechanisms of depression, anxiety, dementia, and chronic pain, with attention to the comorbidity in a range of diseases. We cordially invite authors to contribute original research articles focusing on, but not limited to, the following:

- Etiology, pathogenesis, and progression mechanism;
- Early diagnosis including biomarkers, bio-imaging, biosensors;
- Prophylactic, disease-modifying, and therapeutic strategies, novel targets;
- Novel drug discovery and development, naturally driven biomedicines, natural bioactive molecules, vaccines;
- Antidepressants, anxiolytics, cognitive enhancers, analgesics;
- Nanobiotechnology, nanosimilars, nanobiosimilars;
- Preclinical in vitro models, animal models;
- Bench-to-bedside translational research;
- Bedside-to-bench translational research.

Comprehensive review articles are also welcome.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPUS / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Medicine (miscellaneous)*)
