

biomolecules

Dear Colleagues,

We are pleased to announce that the winner of the *Biomolecules* 2022 Young Investigator Award is Dr. Fuwen Yuan.

Dr. Fuwen Yuan is a Young Investigator who graduated from Peking University and is currently working in the Academy of Integrative Medicine at Shanghai University of Traditional Chinese Medicine. Dr. Fuwen Yuan's research interests are in the molecular mechanism of AR antagonists on prostate cancer treatments as well as the development of a gene editing system based on CRISPR-Cas13/Cas9. Dr. Fuwen Yuan received his PhD in 2018 and has an excellent publication record, comprising 21 publications in peer-reviewed international journals. He is clearly a rising star in the cancer field of using novel approaches to bridge cancer and physiological processes and develop novel cancer treatment drugs.

2022 YOUNG INVESTIGATOR AWARD

WINNER

As the awardee, Dr. Fuwen Yuan will receive an honorarium of CHF 2000, an offer to publish a paper free of charge before 31 December 2023 in *Biomolecules* after peer-review, and an electronic certificate.

We would like to thank all the nominators from various fields of study for their participation and all the Award Committee Members for their evaluation of the many excellent nominations.

Editor-in-Chief, Prof. Dr. Vladimir N. Uversky, on behalf of the *Biomolecules* 2022 Young Investigator Evaluation Committee
