Institute of Biotechnology and
Molecular Medicine, Kampinoska
25, 80-180 Gdańsk, Poland

Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Dear Colleagues,

The primary objective of this Special Issue is to gather cutting-edge research on the design, fabrication, and characterization of novel graphene-based biosensors. Contributions are sought that elucidate the underlying principles, methodologies, and applications of these biosensors in various biomedical domains, including, but not limited to, medical diagnostics, therapeutics, drug discovery, and point-of-care testing.

Dr. Sabina Żołędowska

Message from the Editor-in-Chief

Biosensors is a leading journal, devoted to fast publication of the latest achievements, technological developments and scientific research in the exciting multidisciplinary area of biosensors. Both experimental and theoretical papers are published, including all aspects of biosensor design, technology, proof of concept and application. Special issues are devoted to specific technologies and applications, and a selection of the most outstanding papers each year is recognized. Pushing the boundaries of the discipline, we invite original papers, as well as timely reviews on cutting edge fields within the subject area.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (*Chemistry, Analytical*) / CiteScore - Q1 (*Engineering (miscellaneous)*)
