2022 OUTSTANDING REVIEWER AWARD  
WINNERS

Dear Colleagues,

We are pleased to announce the winners of the *Catalysts* 2022 Outstanding Reviewer Award. The *Catalysts* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Catalysts*. It is due to their efforts that the high quality and quick turnaround of the journal are maintained.

Dr. Aleksandr S. Kazachenko

Institute of Chemistry and Chemical Technology Siberian Branch of Russian Academy of Science, Akademgorodok, Russia

Research interests: biomass valorisation; plant polymers; polymers modifications; sulfation; lignin depolymerization; biorefinery; biomolecules; biomass catalysis; density functional theory

Dr. Ionut Banu

Department of Chemical and Biochemical Engineering, University Politehnica of Bucharest, Bucharest, Romania

Research interests: chemical reaction engineering and kinetics; process engineering; heterogeneous catalysis; chemical engineering process optimization; modeling and simulation of chemical processes

Dr. Rahat Javaid

Renewable Energy Research Center, Fukushima Renewable Energy Institute, Fukushima, Japan

Research interests: catalysis; environmental catalysis; hydrogen; energy

Dr. Shahid Zaman

Department of Mechanical and Energy Engineering, Southern University of Science and Technology, Shenzhen, China

Research interests: catalysis; Pt alloy; fuel cells; metal-organic frameworks; ORR; OER; water splitting; graphene; carbon nanotubes

#### **The Prizes for Each Winner:**

- CHF 500 (Swiss francs);
- An opportunity to publish a paper free of charge in *Catalysts* in 2023;
- A certificate.
