Message from the Guest Editors

We would like to invite you to send your work to the Special Issue titled “State-of-the-Art Catalytic Materials in Europe”. A special invitation is addressed to researchers from Europe. We are waiting for work on the preparation and testing of catalysts, the use of catalysts in synthesis or the use of catalysts in water and air purification. This Special Issue welcomes both review and original research articles. Topics include but are not limited to the following:

- Catalysts preparation;
- Catalysts characterization;
- Water/wastewater treatment and disinfection;
- Air treatment;
- New materials for photochemistry and photocatalysis.
