## **Catalysts by Metal Organic Frameworks**

Guest Editors:

## Prof. Dr. Hossein Kazemian

Northern Analyt Lab Serv, Univ Northern British Columbia, Prince George, BC V2N 4Z9, Canada

## Dr. Rana Sabouni

Dept Chem Engn, Amer Univ Sharjah, Sharjah POB 26666, U Arab Emirates

Deadline for manuscript submissions: **closed (10 November 2021)** 

## **Message from the Guest Editors**

This Special Issue aims to report the new green and ecofriendly trends in synthesis of metal organic frameworks and the recent advances in their environmental applications in the areas of photocatalysis and catalysis.
