Mitochondrial Channels and Transporters

Guest Editor:

Dr. Harpreet Singh

Physiology & Cell Biology, The Ohio State University, Columbus, OH, USA

Deadline for manuscript submissions: closed (10 August 2023)

Message from the Guest Editor

Dear Colleagues,

Mitochondrial ion channels and transporters have gained a significant interest by biologists, biomedical and physicians scientists. They play a significant role in physiology of all living organisms. In collaboration with Cells, I would like to invite you to contribute your research articles or reviews focused on mitochondrial ion channels and transporters. With growing interest in mitochondrial ion channels and transporters, I sincerely believe this topic should be highlighted in a volume.

The special issue will be focused on the molecular identity, physiology and pharmacology of mitochondrial ion channels and transporters.

Dr. Harpreet Singh Guest Editor

Prof. Dr. Cord Brakebusch

Biotech Research & Innovation Centre, The University of Copenhagen, Copenhagen, Denmark

Message from the Editorial Board

Cells has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Cell Biology*) / CiteScore - Q1 (*General Biochemistry, Genetics* and *Molecular Biology*)
