### Message from the Collection Editor

As the Editor-in-Chief of *Disabilities*, I am pleased to announce this Special Issue titled “Exclusive Papers Collection of Editorial Board Members of *Disabilities*”. This Special Issue will be a collection of high-quality papers from only the Editorial Board Members of *Disabilities*. Both original research articles and comprehensive review papers are welcome. The papers will be published free of charge and with full open access after peer review.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

Disability is a multidimensional construct and is the product of complex and situational interactions between an individual's attributes and their environments. This broadens the perspective of disability and allows for the examination of individual, social, and environmental influences on functioning, disability, and ability occurring in historical and cultural settings. Consequently, *Disabilities* is inclusive of all types of disability, across all ages and contexts. We particularly welcome articles from low- and middle- income countries and articles that are authored/co-authored by people with the lived experience of disabilities.

## Author Benefits

**Open Access:** free for readers, with **article processing charges (APC)** paid by authors or their institutions.

**High Visibility:** indexed within **Scopus**, **EBSCO**, and **other databases**.

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 27 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the second half of 2023).
