Message from the Guest Editor

This Special Issue with the theme *Inclusive Education: International Policy and Practice* seeks to illuminate different aspects of the tension between international inclusive educational policy and different national and/or local educational practices. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following themes:

- The relation between international and/or national inclusive education policy and practice(s) (e.g., how international policy impacts/counteracts national practice).
- Studies examining gaps between international inclusive policy and national/local practices.
- Examples of national/local inclusive contexts: moving from international policy to national practice.
- Contradictions between international inclusive policy and national/local practice.
- Analysis of historical international policy trends in relation to inclusive education.

Keywords

- inclusion
