

Usability, Security and Machine Learning

Guest Editors:

Dr. Abrar Ullah

Dr. Ryad Soobhany

Dr. Sajid Anwar

Dr. Imran Razzak

Message from the Guest Editors

Machine learning is a broad subfield of computational intelligence that is concerned with the development of techniques that allow computers to “learn”. With the increased and effective use of machine learning techniques across different areas in computer science, there is an increased use of this approach to identify and mitigate security threats.

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
