Message from the Guest Editors

Dear Colleagues,

This Special Issue welcomes the submission of technical, experimental, and methodological papers related to human-machine interaction. Moreover, special attention will be given to innovative approaches, strategies and applications developed to improve current industrial processes.

Potential topics include but are not limited to the following:

- Human-machine interfaces
- Human-robot collaboration
- Augmented reality applications
- Virtual reality applications
- Development of human-robot devices
- Haptic feedback applications
- Human-robot control design
- Human-computer interaction
- Human-machine communication
- Smart industry

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
