

Integration of Distributed Intelligent Energy Grid

Guest Editor:

Dr. David (Bong Jun) Choi

School of Computer Science and
Engineering & School of
Electronic Engineering, Soongsil
University, Seoul, Korea

Deadline for manuscript
submissions:

closed (15 May 2020)

Message from the Guest Editor

The main aim of this Special Issue is to solicit high-quality research articles proposing novel and practical state-of-the-art solutions that integrate various components and consider the interests of different actors of the system to build more intelligent, responsive, and secure energy grid. Topics of interest include but are not limited to the following:

- Data science techniques
- Distributed artificial intelligence techniques
- Multiagent optimization techniques
- Game theory and competition strategies
- Integration with IoT
- Integration with edge computing
- Integration with distributed energy storages/sources
- Integration with distributed data centers
- Integration with electric vehicles

Welcome to contribute!

an Open Access Journal by MDPI

Editor-in-Chief

Department of Electronics and
Telecommunications,
Politecnico di Torino, 10129
Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
