closed (30 September 2022)

Message from the Guest Editor

Dear Colleagues,

The 10th anniversary of *Electronics* is coming in 2021. Since its first paper published in 2011, *Electronics* has received important support and excellent contributions from women scientists. They have served as our Editorial Board Members, Guest Editors, Topic Editors, authors, and reviewers.

To celebrate and highlight the achievements of women in the research area of electronics, this Special Issue, entitled “Women in Electronics”, will present electronics-related work from leading women scientists. We also hope that this Special Issue will further encourage and promote the scientific contributions of women researchers in this field.

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
