an Open Access Journal by MDPI

Latest Advances in Nuclear Energy Systems

Guest Editor:

Prof. Dr. Hany Abdel-Khalik

School of Nuclear Engineering,
Purdue University, 205 Gates Rd,
Flex Bldg - 1041B, West Lafayette,
IN 47907, USA

Deadline for manuscript
submissions:

closed (16 May 2022)

Message from the Guest Editor

Dear Colleagues,

We are pleased to offer you the opportunity to publish your original research paper in the journal *Energies*, Special Issue: “Latest Advances in Nuclear Energy Systems”. This Special Issue aims to identify recent advances in nuclear technology that are necessary to realize the full potential of nuclear energy. Some of the key topics of interest to this Special Issue include advances in multiphysics simulation and associated numerical methods, digital twinning applications for condition monitoring, autonomous control, intrusion detection, methods to support validation of first-of-a-kind reactor systems with limited experimental data, advanced methods for machine learning, artificial intelligence, and statistical inference, strategies and algorithms to improve the economy of existing reactors and optimize design of new reactors, application of nuclear technology for both electricity and heat process applications, etc.

Prof. Dr. Hany Abdel-Khalik

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
