Synchronization in Time-Evolving Complex Networks

Guest Editor:

Prof. Dr. César Cruz-Hernández

Department of Electronics and Telecommunications, Division of Applied Physics, CICESE, Ensenada 22860, Mexico

Deadline for manuscript submissions:

15 November 2023

Message from the Guest Editor

The aim of this Special Issue is to present original and recent developments on synchronization in time-evolving complex networks. This is currently a hot research topic due to its potential in a variety of emerging applications.

The subjects may include, but are not limited to, the following areas: synchronization in evolving ecological, neural, mobile agents, communication, adaptive, and switching networks; synchronization in evolving engineering networks and their applications; synchronization based on pinning control strategies; and preserving synchronization performance when parts of the individual systems or links are destroyed.

Editor-in-Chief

Prof. Dr. Kevin H. Knuth

Department of Physics, University
at Albany, 1400 Washington
Avenue, Albany, NY 12222, USA

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [MathSciNet](#), [Inspec](#), [PubMed](#), [PMC](#), [Astrophysics Data System](#), and other databases.

Journal Rank: [JCR - Q2 \(Physics, Multidisciplinary\)](#) / [CiteScore - Q1 \(Mathematical Physics\)](#)
