an Open Access Journal by MDPI

Geometry in Thermodynamics III

Guest Editors:

Dr. Michael Parker

School of Computer Science and Electronic Engineering, University of Essex, Colchester CO4 3SQ, UK

Prof. Dr. Christopher Jaynes

Academic and research departments, Ion Beam Centre, University of Surrey, Guildford GU2 7XH, UK

Dr. Luisberis Velazquez

Physics Department, Universidad Católica del Norte, Antofagasta P.C. 124000, Chile

Message from the Guest Editors

It is hoped that this Special Issue will provide a forum for the latest developments to be presented in this very wide and rapidly developing subject, as well as a platform to educate, inform and potentially surprise the scientific community with the explanatory power afforded by the science of geometrical thermodynamics. In particular, a new appreciation of geometry in thermodynamics is also expected to generate important insights into the epistemological interpretation of quantum mechanics and a new perspective for alternative descriptions of scientific reality.

Deadline for manuscript submissions:

15 December 2023

Department of Physics, University
at Albany, 1400 Washington
Avenue, Albany, NY 12222, USA

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [MathSciNet](#), [Inspec](#), [PubMed](#), [PMC](#), [Astrophysics Data System](#), and [other databases](#).

Journal Rank: [JCR - Q2 \(Physics, Multidisciplinary\)](#) / [CiteScore - Q1 \(Mathematical Physics\)](#)
