

foods

Dear Colleagues,

We are pleased to announce the winners of the 2018 *Foods* Best Paper Award. One review article and one research article were selected for this award. All papers published in 2018 in *Foods* were considered for the award. The originality and significance of the papers as well as the citations and downloads in 2019 were considered when choosing the winners.

2018 BEST PAPER AWARD WINNERS

1. Dairy Fats and Cardiovascular Disease: Do We Really Need to Be Concerned?
Authors: Ronan Lordan, Alexandros Tsoupras, Bhaskar Mitra and Ioannis Zabetakis

Available online: <https://www.mdpi.com/2304-8158/7/3/29>

Award: The award consists of 800 Swiss Francs and one free publication.

2. Protein Determination—Method Matters

Authors: Hanne K. Mæhre, Lars Dalheim, Guro K. Edvinsen, Edel O. Elvevoll and Ida-Johanne Jensen

Available online: <https://www.mdpi.com/2304-8158/7/1/5>

Award: The award consists of 800 Swiss Francs and one free publication.

We believe the above papers represent valuable contribution to *Foods* and scientific literature. This award is also to celebrate the release of the first Impact Factor, 3.011 (2018) and to strengthen friendly authorship. We warmly congratulate the winners.
