Message from the Guest Editor

Dear Colleagues,

Food insecurity affects all communities worldwide as many find it difficult to consistently access nutritious, affordable food. This problem is exacerbated by conflict, political insecurity, climate change, and global shocks such as the COVID-19 pandemic.

This Special Issue seeks to develop a collection of innovative, contemporary research that considers the causes, consequences and remedies for food insecurity at an individual, household, community, regional, or even global scale. Multiple socio-economic factors influence food insecurity, particularly nutrition insecurity; these will be explored within the research papers, alongside the contemporary politico-environmental factors that also play a part.

This Special Issue welcomes contributions from researchers across the world who are considering how to address food insecurity and what mechanisms are of the greatest benefit in reaching the sustainable development goals, especially SDG1: no poverty; SDG 2: zero hunger; SDG 3: good health and wellbeing, and SDG 10: reducing inequalities.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
